Disapproving Decision of the City Planning Commission by Its Resolution No. 3873, Dated December 7, 1950, Denying Application to Rezone Property Located on the Southwest Corner of Nineteenth Avenue and Rivera Street from Second Residential District to Commercial District.

File No. 6859, Resolution No. . . . (Series of 1939).

Discussion.

Mr. Leonard Davis, attorney for the appellant, explained that a good portion of Nineteenth Avenue was zoned commercial and by denying the appeal the Board would be working a hardship on the appellant.

Mr. Oppermann, Director of Planning, remarked that the property is now zoned Second Residential and that one of the main points against the proposed rezoning is that Rivera Street is a residential street from Nineteenth Avenue to the ocean. City Planning Commission is opposed to permitting commercial establishments to be located on a State highway, and Nineteenth Avenue is in the State Highway System.

Provide for the Creation of 6 Positions of Group Supervisor; an
Emergency Measure.**

File No. 6776, Ordinance No. 6428 (Series of 1939).

Explanations of Votes.

Supervisor Mead stated that he would vote in favor of the foregoing appropriation because he had been given definite assurance that certain steps would be taken at the Juvenile Hall to avoid a repetition of the unfortunate occurrences of some weeks ago, and if such incidents again occur, Supervisor Mead made it clear that the head of such department would again hear from him.

Supervisor McMurray again repeated his oft-mentioned opinion to the effect that the \$4,500,000 spent for the construction of the Juvenile Hall was a waste of money; that more effective steps to curb

juvenile delinquency could be achieved by putting the policeman back on the beat.

The roll was thereupon called and the foregoing measure was finally passed by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

File No. 6675, Resolution No. 10695 (Series of 1939).

Statement by Supervisor Lewis.

Supervisor Lewis: I have always maintained that certain traffic matters are not within the jurisdiction of the Board of Supervisors but should be before the Police Commission where they belong. I am likewise opposed to being a rubber stamp by passing legislation over which we have no control. (Here Supervisor Lewis quoted, in part, City Attorney's Opinion No. 138 dealing with the authority of the Board of Supervisors with respect to the installation of stop and go signals.) Section 35 of the Charter states that the Police Commission shall have power to regulate traffic, which means all of the traffic in San Francisco. As I do not want to vote on something over which we have no control, I insist that this matter go back to the Police Commission where it belongs.

Thereupon the roll was called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—7.

No: Supervisors Fazackerley, Lewis, Mancuso, McMurray—4.

Willow Street, from Van Ness Avenue to Buchanan Street;
Larch Street, from Van Ness Avenue to Franklin Street;
Elm Street, from Van Ness Avenue to Gough Street;
Redwood Street, from Van Ness Avenue to Franklin Street.

One-way eastbound:

Ivy Street, from Van Ness Avenue to Polk Street;
Redwood Street, from Van Ness Avenue to Larkin Street;
Elm Street, from Van Ness Avenue to Polk Street;
Willow Street, from Van Ness Avenue to Larkin Street;
Olive Street, from Van Ness Avenue to Larkin Street;
Myrtle Street, from Van Ness Avenue to Larkin Street;
Cedar Street, from Van Ness Avenue to Larkin Street;
Hemlock Street, from Van Ness Avenue to Larkin Street;
Fern Street, from Van Ness Avenue to Larkin Street;
Austin Street, from Van Ness Avenue to Polk Street.)

Privilege of the Floor.

The privilege of the floor was accorded to Captain Jack A. Eker, Director of Traffic, who stated that the Police Department is willing to accept the responsibility which Supervisor Lewis claims is rightfully theirs; however, he pointed out that with respect to designation of one-way streets, the City Attorney's office had rendered an opinion advising that such legislation properly comes under the jurisdiction of the Board.

Motion for Continuance.

Supervisor Lewis moved, seconded by Supervisor Fazackerley, that consideration of the foregoing measure be continued until such time

as a written opinion is obtained from the City Attorney's office, ruling on the jurisdiction of the Board over such traffic matters.

Supervisor McMurray expressed similar views.

Supervisor MacPhee stated that his views also coincided with those of Supervisor Lewis but with respect to the pending calendar matters, the Board should use its best judgment today and decide them one way or the other.

Request of Supervisor MacPhee.

Supervisor MacPhee requested that the Judiciary Committee give study to amending Section 35 of the Charter for the purpose of arriving at a definite determination with respect to departmental jurisdiction over traffic matters.

The President referred the request to the Judiciary Committee.

Motion to Defer Consideration Lost.

Thereupon the roll was called and Supervisor Lewis' motion *lost* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Lewis, Mancuso, McMurray—5.

Noes: Supervisors Gallagher, Halley, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—6.

The roll was thereupon called and the foregoing measure was *adopted* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Fazackerley, Lewis, Mancuso—3.

Resumption of Consideration of File No. 6727, Zoning Appeal, North Line of Market Street, West of the Westerly Line of Castro Street.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Franklin O'Brien, attorney for the appellants, who informed the Board that his client was merely attempting to rezone a portion of a building now utilized as a garage to permit store expansion by constructing a display window. (Mr. O'Brien exhibited photographs of the subject area.)

Supervisor McMurray stated that he had visited the premises and that he saw no objection to rezoning the area to permit the construction of a show window.

Opponent.

Mr. Paul Oppermann, Director of Planning, advised that the Commission denied the application for rezoning on the following grounds:

(1) That the reclassification of a fraction of a lot cannot be reconciled with the police power to regulate property use by districts.

(2) The proposed change is for the sole benefit of the owner and as such, cannot be a proper basis for a change in a city ordinance.

(3) The location is unsuited for business use because of the topography and traffic conditions.

Rebuttal.

Mr. O'Brien, attorney for the appellants, offered in rebuttal the remarks that the proposed rezoning was not an extension of commercial use since 75 feet away there existed a large candy factory.

Mr. Oppermann replied that it was his belief that the candy factory had a non-conforming use status.

Supervisor Fazackerley stated that he had visited the site but could not, in conscience, override the City Planning Commission.

The Clerk then read the following to the Board:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3858 Denying Application to Rezone Property Located on the North Line of Market Street, West of the Westerly Line of Castro Street, from Second Residential District to Commercial District.

File No. 6727, Resolution No. . . . (Series of 1939).

January 2, 1951—Consideration continued to January 8, 1951.

Explanation by President.

President Pro Tem, Supervisor Mead, explained the voting as follows: A vote "Aye" overrules the City Planning Commission and grants the appeal; a vote "No" sustains the City Planning Commission and denies the appeal.

The roll was thereupon called and the City Planning Commission was *sustained* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—7.

Noes: Supervisors Fazackerley, Halley, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Gallagher, Halley, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—6.

Thereupon the roll was called and the motion to refer the measure to the Director of Traffic *carried* by the following vote:

5. A proposed constitutional amendment to Section 14, Article I, by including therein provision which would clearly give the City and County and to the San Francisco Unified School District, the right to take possession of any way or land required for public use.)

Statement by Supervisor Lewis.

Supervisor Lewis stated that he has not received sufficient information to justify his voting "Aye" on the foregoing measure, having to do with amending Section 203(a) of the Civil Code relating to parents' liability for torts of minor children, contending that he was in favor of making such parents liable except under certain circumstances, citing a specific instance where the parents shouldn't be held liable for torts of a child around five years of age.

The American Medical Association is a non-profit corporation organized for the purpose of promoting the interests of the medical profession and the public. It was founded in 1847 and has since that time been the leading organization of the medical profession in the United States.

The Association's primary purpose is to advance the science and art of medicine, to improve the medical education of the people, and to protect the public against quackery and other unscientific practices. It does this by publishing the *Journal of the American Medical Association*, by holding annual conventions, and by maintaining a permanent office in Washington, D. C.

The Association is composed of more than 50,000 members, who are organized into local, state, and national societies. These societies are the primary means by which the Association carries out its work. They hold regular meetings, publish local journals, and engage in various other activities designed to improve the medical profession and the public health.

THE ASSOCIATION'S WORK

The Association's work is carried out in many different ways. One of the most important is the publication of the *Journal of the American Medical Association*. This journal is one of the most widely read and respected medical journals in the world. It contains the latest news and information about medicine, and it is a valuable source of information for all medical practitioners.

Another important part of the Association's work is the holding of annual conventions. These conventions are held in different parts of the country each year, and they provide an opportunity for medical practitioners to meet and discuss the latest developments in their field. They also provide a chance for the public to learn more about medicine and the medical profession.

The Association also maintains a permanent office in Washington, D. C., where it carries out its administrative and editorial work. This office is staffed by a large number of highly qualified and experienced professionals, who are dedicated to the service of the medical profession and the public.

In addition to these activities, the Association also engages in a wide variety of other work. This includes the publication of books and pamphlets, the holding of lectures and seminars, and the maintenance of a large library of medical books and journals. All of these activities are designed to improve the medical profession and the public health.

The Association's work is supported by the contributions of its members and by the generosity of the public. It is a truly remarkable organization, and it is proud to be the leading organization of the medical profession in the United States.

Statement by the Mayor.

Mayor Robinson: This matter came up on October 11 before the Disaster Council and was approved by the Council. The Director of Civilian Defense then communicated with the Civil Service Commission and asked for the setting up of the position. This matter came before the Civil Service Commission and the Finance Committee of the Board of Supervisors, and this defense position is one of the most vital and most important in the Civilian Defense setup. It has nothing to do with our transportation, but it has to do with air and bus lines, Greyhound, steamship lines and the like. Other cities have had this position created for quite some time. It has to do with ingress and egress from the city. It has to do with streets leading into our city. It has to do with our two bay bridges. I understand the Board voted for the Communication Technician and turned down the Transportation Expert. Mr. Turner stated that he could not spare any qualified employee to do that particular job. If we believed that that department has an excess of manpower, we should have eliminated that excess during the last budget. Very shortly there will be a 1951-52 budget and you will again have the opportunity of studying the personnel of the department. In the meantime, civilian defense must not lag. I therefore urge upon you the importance of proceeding to get a man to do this job. If it were in my power, I would appoint him, as I said in the beginning and say now, to permit a study of all of these matters by you and by me, I intend to use my emergency powers only when time does not permit otherwise. I therefore urge you to approve this position of Chief of Transportation and permit him to proceed to do his work.

Discussion.

Supervisor Fazackerley expressed the opinion that to create the new position in the public utilities structure, when such structure is already heavy with brass, is not an economy move and that a qualified person in the municipal railway service should be assigned to the position.

Supervisor Mead stated that the most important thing in city government at the present time is civilian defense. The Supervisor mentioned that he had attended a general meeting on civilian defense

at Sacramento last week, along with other members of the Board, at which meeting the subject was thoroughly aired by General Robertson and the importance of being fully prepared for any emergency was stressed.

Supervisor Lewis appeared confused with respect to a clear understanding of the duties of the Chief of Transportation, professing complete ignorance as to what powers the new man would have over air, bus and steamship lines, and stated that if full information could be made available, he would then be in a position to vote intelligently on the matter.

Supervisor Mancuso expressed the belief that in event of a bombing, the military would take over command of the city.

The Mayor stated that he believed the overall picture would show a reduction of the city's manpower rather than an increase, and with respect to Supervisor Lewis' remarks, if the Supervisor would come to his office, such information as he desired could be made available to him. The Mayor elaborated on the duties of the new position by saying that they involved the matter of accumulating all pertinent data with respect to evacuating the people from San Francisco and bringing hospital supplies into San Francisco; it is a question of analyzing the various transit facilities so that what must be done can be done. It is estimated some 50 to 60 thousand would be killed or injured in a bombing attack.

Supervisor Halley expressed approval of the measure.

The Mayor stated that he will instruct Admiral Cook, Director of Civilian Defense, to notify all members of the Board when civilian defense meetings are held in the city.

Supervisor Lewis expressed the opinion that when civilian defense matters appear on the Board calendar, either Admiral Cook or a representative should be present to answer questions which may be asked or to supply necessary information; further, he was a very busy man and did not have the time to be running over to the Mayor's office for information he would like to have.

Supervisor Lewis: Is this man going to have jurisdiction over private carriers?

Admiral Cook: In time of emergency, he will have.

The Admiral advised that a survey would be made of the city's transit facilities so that in event of emergency the greatest need would be known and taken care of.

Supervisor Lewis: How long do you think this survey will take?

Admiral Cook: A completely integrated plan will take from 6 to 8 months. After 6 or 8 months, someone must be on hand to keep the plan up to date. Schedules for private lines, bus, air or steamship are constantly changing and must be constantly kept up to date.

Mayor Robinson (addressing himself to Supervisor Lewis): If anybody wants information of any type or character, he can procure it through my office. To have Admiral Cook come here to the Board Monday after Monday to explain will preclude him from doing his work.

Supervisor Lewis: To allow Admiral Cook to give 10 or 15 minutes of his time to civilian defense matters appearing on the calendar will avoid a lot of misunderstanding and a lot of confusion.

Supervisor Lewis: Is something being done about bomb shelters in basements?

Admiral Cook: I have a list showing about 250 buildings to be checked and the Board of Underwriters is to provide me with a list of those buildings best suited for the purpose.

To a query by Supervisor Lewis with respect to possibility of establishing blackout regulations, Admiral Cook stated that the general feeling existed that there will be no need for such regulations.

Supervisor MacPhee asked if it were not possible to hire a man to get the desired information instead of specifically creating a position for the purpose and stated that doubt existed in his mind whether there actually was a need for the creation of the position of Chief of Transportation. Supervisor MacPhee, however, let it be known this was not intended as criticism of Admiral Cook.

Supervisor Mead: We should set this money up and make a fair and reasonable attempt to procure someone in the city government to fill the position. For a safety measure, put up the funds in any event. If such a man cannot be found within the Public Utilities, then get someone from outside.

Supervisor Lewis explained his vote by saying that while he had received some information, he was not completely satisfied; however, he was going along with the measure and hoped that those who spoke against it will go along with it also. He was changing his stand on the matter because he did not want to have on his conscience the stigma of having impeded the civilian defense effort.

Measure Defeated—Motion to Reconsider.

The roll was thereupon called on the measure as follows:

Ayes: Supervisors Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Before the result of the foregoing roll call was announced, Supervisor Mead changed his vote from "Aye" to "No" and served notice of reconsideration.

Notice of Reconsideration Ruled Out of Order.

The President of the Board ruled Supervisor Mead's notice of reconsideration out of order because the Supervisor did not vote on the prevailing side.

Absent: Supervisors Lewis, MacPhee—2.

Ruling on Interpretation of Rule 25 of the Rules of Order of the Board of Supervisors.

Supervisor Mead requested the President of the Board to explain why his attempt to serve notice of reconsideration for the purpose of changing his vote from "Aye" to "No" in connection with the proposed ordinance establishing position of Chief of Transportation—Civilian Defense and designated as File No. 6867-1, had been ruled out of order.

Supervisor Mead: According to Rule 25, I was on the prevailing side, because there were six Supervisors voting for the proposal. (Here Supervisor Mead read Rule 25, Rules of Order, Board of Super-

visors.) I contend I was on the prevailing side. The procedure which I have attempted to follow has been followed by the Board of Supervisors for a great many years, and incidentally, passed on several occasions during which you (President Christopher), were a member of the Board.

The President of the Board stated that his ruling was based on the fact that his interpretation of Rule 25 with respect to "voting with the prevailing side" is intended to mean voting with the side that wins; further the matter had already been previously considered by the Board.

Supervisor Mead stated that he was of the opinion that there existed a difference between serving notice of reconsideration and the rescission of previous action.

No further action taken.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors February 13, 1951.

Consideration temporarily postponed.

**Consideration of Legislation Out of Order.
Suspension of Rules.**

Supervisor Mancuso moved, seconded by Supervisor McMurray, that the rules be suspended for the purpose of considering the following measures out of order.

No objection and motion *carried*.

From Finance Committee without recommendation:

Present: Supervisors MacPhee, Fazackerley.

Appropriating \$3,705, Public Utilities, General Office, from the Emergency Reserve Fund, for New Position of Chief of Transportation-Civilian Defense, and to Provide Necessary Pension and Retirement Allowances; an Emergency Measure.

File No. 6867-1, Ordinance No. . . . (Series of 1939).

Motion "Do Pass."

Supervisor MacPhee moved, seconded by Supervisor Gallagher, that the foregoing measure "do pass."

Discussion.

Supervisor Mancuso expressed the opinion that the Mayor, under emergency powers granted by the Charter, could fill the position without the necessity of obtaining the acquiescence of the Board.

Supervisor Fazackerley: I believe the Public Utilities Commission should do the job. I believe the Director of Public Service should be able to take this matter under his wing. There has been a lot of discussion about economy around here in recent months. I want to pose one question: Gentlemen, when do we start?

Supervisor Mancuso again reiterated his view that the Mayor could invoke his emergency powers under Section 25 of the Charter for the purpose of filling the position, and accordingly, he would vote against the foregoing measure.

Supervisor Mead stated that all the Mayor was doing was asking for the cooperation of the Board of Supervisors and in the event he does not get it, he will, in all probability, invoke his emergency powers.

Supervisor McMurray suggested that the Board should stop playing politics and vote for the measure.

Motion on Reconsideration.

Thereupon the roll was called on the foregoing as follows:

Ayes: Supervisors Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, John J. Sullivan—7.

Noes: Supervisors Christopher, Fazackerley, Mancuso, J. Joseph Sullivan—4.

Before the vote of the result of the foregoing roll call was announced, Supervisor Mead changed his vote from "Aye" to "No" and served notice of reconsideration. The vote then stood:

Ayes: Supervisors Gallagher, Halley, Lewis, MacPhee, McMurray, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, Mancuso, Mead, J. Joseph Sullivan—5.

Measure defeated.

Motion for Immediate Reconsideration.

Supervisor Mead moved the suspension of the rules for the purpose of immediate reconsideration. Motion seconded by Supervisor John J. Sullivan, and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Supervisor Mead moved that the measure be reconsidered. Motion seconded by Supervisor Gallagher.

No objection and motion *carried*.

Supervisor Mead explained, in some detail, the duties of the Chief of Transportation and the importance of having the position filled at the earliest possible moment. He mentioned the meeting at Sacramento where the Governor stressed the fact that no one could tell if and when a bombing would occur, except Joe Stalin, and Joe wasn't saying. Supervisor Mead concluded his remarks by asking that politics be not injected into this issue and expressed the sincere hope that the measure would be given a favorable vote.

Explanations of Vote.

Supervisor Mancuso stated that he felt that in case of a disaster, the employee assigned to fill the position of Chief of Transportation won't have a thing to say about transportation because the military would then be in charge.

Supervisor Halley mentioned the fact that the Governor had stated that in event of an emergency, every man, woman and child would be called into civilian defense work, and that the military will handle affairs solely of a military nature.

Supervisor MacPhee stated he was convinced of the need for the position and that while he felt the Mayor had made a mistake in not filling the job himself through use of his emergency powers, there was no sense in committing two wrongs.

Thereupon the roll was called and the foregoing measure was again *defeated* by the following vote:

Ayes: Supervisors Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, John J. Sullivan—7.

Noes: Supervisors Christopher, Fazackerley, Mancuso, J. Joseph Sullivan—4.

**Resumption of Consideration of File No. 6806, Hearing of Appeal from
the Decision of the City Planning Commission by Its Resolution No.
3872, Disapproving Application to Rezone Property Located on the
Southeast Corner of Nineteenth Avenue and Noriega Street from
Stipulated Commercial District to Commercial District.**

Privilege of the Floor.

The privilege of the floor was accorded to Dr. Harry L. Ryberg, D.C., who explained that he knew of no opposition to the proposed rezoning; that during the four and one-half years he had occupied the subject premises, he did not notice that such occupancy created any undue traffic problem; further, that the other three corners at Nineteenth Avenue and Noriega Street are zoned commercial, two being occupied by gasoline stations and one by Safeway Stores, Inc.

Statement of Mr. Paul Oppermann.

Mr. Paul Oppermann, Director of Planning, stated that the subject parcel had been discussed five times before the Planning Commission over a period of 20 years, and that the 1944 decision was overruled by the Board of Supervisors, but that a stipulation was attached limiting the use of the property for chiropody and x-ray uses only. That on February 10, 1949, the City Planning Commission agreed to a further stipulation, which is now in effect to provide that the premises shall be only for "general medical use, with limitations on signs."

Mr. Oppermann went on to say that Nineteenth Avenue is a major traffic thoroughfare and an important link in the State highway system, and that during the present national crisis, it is more important than ever to maintain the thoroughfare free from all possible traffic obstructions.

Expression of Opinion.

Supervisor Mead stated that he certainly saw no objection to rezoning the area as requested by Dr. Ryberg, in view of the fact that the other three corners are already zoned commercial.

Statement from Representative from State Division of Highways.

Mr. Summers, representing the Division of Highways, State Department of Public Works, stated that it was most vital to maintain Nineteenth Avenue free from as much parking traffic as possible. A check showed that about 25,000 vehicles a day use Nineteenth Avenue north of Golden Gate Park and about 35,000 south of the Park. Since the maintenance of Nineteenth Avenue is paid for out of gas tax monies, it is a personal matter with the Division of Highways to see that Nineteenth Avenue is guaranteed an unimpeded flow of traffic at all times.

Opposition.

Opposition to the rezoning was expressed by the following: Mrs. G. B. Nestor, 1112 Noriega Street; Miss Finnetta Philips, 118 Nineteenth Avenue; Mrs. Claire F. Harrington, 1778 Eighteenth Avenue; Mrs. A. T. Walsh, 1767 Eighteenth Avenue, and Mrs. G. Maring, 1775 Eighteenth Avenue.

General Discussion.

Mr. Oppermann informed the Board that if Dr. Ryberg desires to ask the City Planning Commission for an amendment to the pending stipulation to permit the premises to be used by a doctor or by a lawyer, the Commission, in all probability, would give it sympathetic consideration.

To a query by Supervisor MacPhee as to whether the Board of Supervisors had the authority to accept stipulations which Dr. Ryberg may be willing to submit, Deputy City Attorney Walker Peddicord replied in the negative.

Supervisor Gallagher stated that while he was opposed to voting to permit the rezoning the subject area to a straight commercial, he would be willing to go along to rezone the property on a stipulated basis, say, use the property as a real estate office or some such other use.

Supervisor Lewis inquired of Mr. Peddicord if he knew of an opinion that had been rendered by the City Attorney's office with respect to the power of the Board to approve stipulations, to which Mr. Peddicord replied that an opinion had been rendered and that the Board only had the power to approve or disapprove the decision of the City Planning Commission.

Supervisor Gallagher suggested that stipulations be considered by the Board which would be agreeable to Dr. Ryberg.

Objection—Out of Order.

Supervisor Mancuso raised a point of order, stating that the suggestion of Supervisor Gallagher was out of order due to the opinion from the City Attorney on the matter of stipulations.

The President ruled the point of order not well taken due to the fact that no evidence had been presented to the effect that an opinion from the City Attorney had been rendered.

Presentation of Amendment to Resolution.

Supervisor Gallagher moved, seconded by Supervisor Mead, that the measure disapproving the decision of the City Planning Commission be amended to provide the following:

"Further Resolved, That the premises shall not be used for any purposes other than those incidental to the conduct of a chiropractor's business and/or as a real estate brokerage business, and that if and when said premises are used for any other purpose, the zoning classification shall revert to and become that of Second Residential District."

At this point, Supervisor Mancuso quoted in part an opinion from the City Attorney in which the Board of Supervisors had no authority to approve stipulations in rezoning matters, said opinion being dated November 4, 1950.

Expression of Opinion.

Supervisor Gallagher expressed the opinion that in the event the Board of Supervisors asked the City Planning Commission to stipulate and the request was refused, then the Board has the power to stipulate on its own motion.

Point of Order—Well Taken.

Supervisor Mancuso rose to a point of order, contending that Supervisor Gallagher's attempt to submit a stipulation is out of order due to the opinion from the City Attorney just read.

Stipulation Ordered Made Part of the Record.

Supervisor Gallagher submitted the following stipulation and requested that it be made part of the record:

"January 22, 1951.

Stipulation

"In the matter of Resolution 3872 of the City Planning Commission regarding the property known as 1800 Nineteenth Avenue, it is hereby stipulated that the property will be used for the purpose of housing semi-professional offices in addition to the present stipulations now affecting said property. It is the intent of the owners to express that the use shall not be limited only to a real estate office but that of similar nature as well, viz: Insurance, accountancy or persons otherwise licensed by the State Department of Business and Professions Code.

/s/ Bebe Ryberg

/s/ Harry L. Ryberg."

Supervisor Mancuso contended that to incorporate such a statement in the records would be legislatively improper.

Supervisor Gallagher rose to a point of order, contending that Supervisor Mancuso's statement was certainly not proper and that any member of the Board had the right to insert in the records any document he so desired.

The President of the Board ruled the point of order well taken and instructed that the stipulation introduced by Supervisor Gallagher be made part of the record.

Supervisor Gallagher's Proposed Amendment Ruled Out of Order.

At this point, Supervisor Gallagher inquired into the status of his proposed amendment, whereupon the President of the Board inquired of the Deputy City Attorney whether the proposed amendment was properly before the Board, to which Mr. Peddicord replied to the effect that in his opinion, the only thing before the Board was the question of approval or disapproval of the decision of the City Planning Commission.

The President thereupon ruled Supervisor Gallagher's amendment out of order.

Statements by Supervisors.

Supervisor Lewis stated that in his opinion the property of Dr. Ryberg has a clear commercial status and that if the matter were adjudicated, he felt confident the courts would sustain his position and that it was unfortunate that Dr. Ryberg had been misinformed in the matter.

Supervisor Gallagher: Past practice before this Board of Supervisors should speak for itself, and irrespective of the City Attorney's opinion, I think we should continue insofar as past practice is concerned. I believe the City Attorney's opinion in connection with stipulations affecting the rezoning of a portion of Mission Street which the Board considered some time ago, is incorrect.

City Planning Commission Sustained.

The Clerk then read the following proposed resolution:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3872 Denying Application to Rezone Property Located on the Southeast Corner of Nineteenth Avenue and Noriega Street from Stipulated Commercial District to Commercial District.

File No. 6806, Resolution No. . . . (Series of 1939).

Explanation of Vote.

The President of the Board explained the voting as follows: A vote "Aye" overrules the City Planning Commission and grants the appeal; a vote "No" sustains the City Planning Commission and denies the appeal.

The roll was thereupon called and the City Planning Commission was *sustained* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Fazackerley, Halley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 3873, Dated December 7, 1950, Disapproving Application to Rezone Property Located on the Southwest Corner of Nineteenth Avenue and Rivera Street from Second Residential District to Commercial District.

File No. 6859

Disapproving Decision of the City Planning Commission by Its Resolution No. 3873, Dated December 7, 1950, Denying Application to Rezone Property Located on the Southwest Corner of Nineteenth Avenue and Rivera Street from Second Residential District to Commercial District.

File No. 6859, Resolution No. . . . (Series of 1939).

Discussion.

Mr. Leonard Davis, attorney for the appellant, explained that a good portion of Nineteenth Avenue was zoned commercial and by denying the appeal the Board would be working a hardship on the appellant.

Mr. Oppermann, Director of Planning, remarked that the property is now zoned Second Residential and that one of the main points against the proposed rezoning is that Rivera Street is a residential street from Nineteenth Avenue to the ocean. City Planning Commission is opposed to permitting commercial establishments to be located on a State highway, and Nineteenth Avenue is in the State Highway System.

Mr. Robert J. Smith, attorney for property owners within 300-foot radius of property affected, stated that a majority of the property owners in the surrounding area are opposed to the proposed rezoning. Rivera Street is a residential street and should be kept as such.

The following property owners within the 300-foot radius of the property sought to be rezoned expressed their opposition to the proposed rezoning: Mr. Fuller Robinson, President, Seabright Improvement Club; Mr. Albert J. Walsh, Mr. James Higgins.

Mr. R. Summers, representing the State Department of Highways, explained that the state was opposed to permitting commercial establishment on Nineteenth Avenue because it would interfere with the orderly flow of traffic.

Refused Adoption.

Refused adoption by the following vote:

Aye: Supervisor Mead—1.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—10.

File No. 6998, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Halley expressed the opinion that the administration of the proposed agreement should be retained in the Board of Supervisors inasmuch as the Chief Administrative Officer has plenty to do without taking on this additional task.

Supervisor MacPhee stated that the provisions of Section 72 of the Charter specifically designates the Chief Administrative Officer as the one entrusted with the administration of funds not appropriated to a specific department.

Supervisor Halley asked Walker Peddicord, Deputy City Attorney, whether the jurisdiction of the subject matter should be handled by the Board of Supervisors or by the Chief Administrative Officer, to which Mr. Peddicord replied by quoting a portion of the provisions of Section 72 of the Charter to the effect that in those cases where funds are appropriated to a specific department, that department has jurisdiction over such matter, and in the event that certain funds are not specifically allocated to a particular department, then the appropriation is handled by the Chief Administrative Officer.

Thereupon the roll was called and the foregoing measure was *passed for second reading* by the following vote:

File No. 7040, Resolution No. 10804 (Series of 1939).

Question.

Supervisor Mancuso inquired as to the effect of the adoption of the foregoing measure. He was informed by the President of the Board that its passage would nullify the intent of Resolution No. 10773 (Series of 1939).

Deputy City Attorney Walker Peddicord stated that the adoption of the foregoing measure would mean the end of that particular piece of business proposed to be taken by Resolution No. 10773 (Series of 1939).

Substitute Motion—Withdrawn.

Supervisor Mancuso moved, as a substitute motion, that the foregoing measure be referred to Finance Committee.

There being no objection, substitute motion was *withdrawn*.

Statement by President.

The President of the Board, when asked as to the number of votes required to adopt the foregoing measure, stated that in his opinion only eight votes were necessary, but later qualified his statement by saying either eight votes or unanimous approval.

Supervisor MacPhee stated that the matter of providing a central telephone system had been with the Finance Committee for a long time and after much consideration and study it was the opinion of the Finance Committee that considerable saving would be effected, and that he did not propose to go along with the rescission of action as recommended by Supervisor Gallagher.

The roll was thereupon called and the measure proposed by Supervisor Gallagher received the following votes:

Ayes: Supervisors Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Christopher, Fazackerley, MacPhee—3.

The President ruled the measure *adopted*.

Consideration of Legislation Out of Order.

Supervisor Lewis moved, seconded by Supervisor John J. Sullivan, that the rules be suspended for the immediate consideration of the following recommendation of the Police Committee, out of order.

No objection and motion *carried*.

Present: Supervisors Mead, Gallagher, Lewis.

(Supervisor Lewis dissenting.)

An Ordinance Prohibiting the Entrapping or Killing of Birds in or on Any Public Street, Public Park or Square; Designating the Provisions of Said Ordinance as Section 485, Article 7, Chapter VIII, Part II of the San Francisco Municipal Code; and Repealing Ordinance No. 5129 (Series of 1939).

File No. 6981, Ordinance No. . . . (Series of 1939).

(Ordinance No. 5129 provides that where pigeons or other birds become a health hazard, they may be trapped by the Society for the Prevention of Cruelty to Animals and placed under the jurisdiction of the Recreation and Park Commission for future care and feeding.)

Discussion.

Supervisor Lewis narrated on the history of the pigeon situation, from the time in 1948 when legislation was first enacted prohibiting their feeding in public places.

Supervisor Fazackerley stated that he did not believe the Board should pass upon legislation promiscuously and just as promiscuously vote to repeal it.

The Chief Administrative Officer, Mr. Thomas A. Brooks, was called upon to explain his stand and he expressed alarm over the outside condition of the public buildings in the civic center area. He reminded the Board that it appropriated some \$35,000 recently for the cleaning of the City Hall and already evidence of uncleanness caused by pigeons was beginning to assert itself.

Supervisor Mead ventured the opinion that a good scrubbing of the ledges by janitors at regular intervals would do much to keep the building clean, reminding the members of the Board that the City Hall building had not been cleaned since its construction back in 1915, and that its uncleanness was certainly not all due to the mess created by the pigeons.

Request of Supervisor Halley.

Supervisor Halley moved, seconded by Supervisor Mancuso, that consideration of the measure be continued for a period of four weeks, and that information be elicited from the Director of Public Health of the State of New Mexico as to what steps had been taken to arrest the recent outbreak of bubonic plague in that state.

Privilege of the Floor.

The privilege of the floor was extended to his Honor the Mayor, who informed the Board that it was a question of appropriating thousands of dollars every three years to clean the public buildings for the purpose of permitting a few citizens to feed the pigeons or whether the Board considered it more economical and advisable to get rid of the pigeons once and for all.

Consideration Continued.

Thereupon the roll was called and the motion to continue consideration of the foregoing measure for a period of four weeks carried by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—7.

Noes: Supervisors Christopher, Lewis, Mead—3.

Absent: Supervisor MacPhee—1.

Consideration continued for four weeks.

Supervisor MacPhee Excused.

There being no objection, Supervisor MacPhee was granted permission to excuse himself from further Board attendance at the hour of 3:15 p. m.

Consideration Continued.

Repealing Ordinance No. 5147 (Series of 1939) Entitled: "An Ordinance Amending Article 7, Chapter VIII (Police), Part II of the San Francisco Municipal Code, Prohibiting the Feeding of Birds in Public Places."

File No. 6983, Ordinance No. . . . (Series of 1939).

Motion to Continue Consideration.

Supervisor Halley moved, seconded by Supervisor Mancuso, that consideration of the foregoing be continued for a period of four weeks.

No objection and motion *carried*.

Consideration continued for four weeks.

File No. 7010, Ordinance No. 6545 (Series of 1939).

Discussion.

Supervisor Mead expressed the opinion that the power to authorize curb painting should remain in the hands of the Board of Supervisors, to which remark Supervisor Lewis replied that the Board already has such power as outlined in a recent opinion by the City Attorney; that if any legislation is to be enacted, it would be for the purpose of delegating that authority to the Police Commission.

Request of Supervisor Mead.

Supervisor Mead requested that the Clerk ask the City Attorney to prepare legislation which will place the authority over the painting of curbs under the jurisdiction of the Police Commission. Supervisor Mead emphatically stated that he would vote for the subject measure with the understanding that his request as hereinabove outlined would be carried to fruition.

No objection and so *ordered*.

Statement by Supervisor Mead.

Discussion.

Supervisor MacPhee explained that the increase was necessary due to added costs to be met by the Society for the Prevention of Cruelty to Animals.

Explanation of Vote.

Supervisor Mead explained that while there was no question in his mind that thousands of persons could afford to pay even \$5.00 to \$10.00 for dog licenses, the fact remained there are many who are unable to pay the proposed added cost, and for that reason he was compelled to vote against the proposed increase.

Supervisor Lewis expressed resentment over actions of certain selfish interests in downtown Oakland who are continually striving to oppose unification of rapid transit for the entire bay area, and

stated that the people of Alameda County want to be connected with San Francisco but are prevented from doing so by the provincialism being displayed by these Oakland interests, and that this matter should be thoroughly aired in committee, and ways and means found to overcome such opposition.

Referred to County, State and National Affairs Committee.

Discussion.

Supervisor John J. Sullivan asked why efforts had not been made toward locating the Municipal Government Survey Advisory Committee in the Youth Guidance Center and thus obviate the necessity of spending the taxpayers' money for the purpose of leasing space in privately-owned buildings.

Mr. Eugene Riordan, Director of Property, advised Supervisor John

J. Sullivan that the Youth Guidance Center did not have offices and that it was under the control of the Superior Court. Further, the members of the Survey Committee do not receive compensation for their services and desire to have the Survey Committee's offices near their particular places of business in order that they may lose as little time as possible in traveling back and forth.

Thereupon the roll was called and the foregoing measure was adopted by the following vote:

Consideration Continued.

Amending Section 38 of the Traffic Code by Delegating Jurisdiction Over Curb Painting to the Police Commission.

File No. 7066, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Lewis expressed the opinion that an ordinance should be prepared granting to the various establishments which are now enjoying the privilege of red, white, yellow and green zones, a period of six months within which to show cause why they should be permitted to continue to enjoy such privileges.

Motion to Defer Consideration.

Supervisor Lewis moved that consideration of the foregoing measure be continued for a period of two weeks, and that the Police Commission be requested to appear before the Board for the purpose of discussing the pending measure. Motion seconded by Supervisor McMurray.

Supervisor Mancuso asked Deputy City Attorney Walker Peddicord if the right to delegate authority can be effected only by means of a Charter amendment. Mr. Peddicord replied that his office had rendered a written opinion to the effect that while the language in Section 38 of the Traffic Code was not clear with respect to delegating such power to the Police Commission, such power over curb painting

reposes in the hands of the Board of Supervisors pursuant to Charter provisions relating to the exercise of the police power.

Supervisor Mancuso expressed the opinion that if people want their curbs painted, they should be charged for such painting.

Withdrawal of Original Motion.

There being no objection, Supervisor Lewis withdrew his original motion to defer consideration of the subject matter for a period of two weeks and asked that consideration of same be deferred for one week only. Motion seconded by Supervisor McMurray and *carried* by the following vote:

File No. 7130, Resolution No. (Series of 1939).

Discussion.

Supervisor Mancuso inquired into the possibility of paving over the tracks instead of incurring the additional expense of taking them up, to which Thomas A. Brooks, Chief Administrative Officer, replied to the effect that such procedure would not be feasible for the simple reason that generally such work would not hold up under the constant and heavy vehicular traffic.

The Chief Administrative Officer offered to submit a report on the merits of each project.

Motion to Defer Consideration.

Supervisor Mancuso moved, seconded by Supervisor Lewis, that consideration of the foregoing measure be continued for a period of two weeks.

No objection and motion *carried*.

Statement by Supervisor Lewis Concerning Painting of Curbs.

In connection with the matter of delegating the painting of curbs to the Police Commission, consideration of which has heretofore been postponed by the Board for one week, Supervisor Lewis stated that he was accused by Supervisor Gallagher of being critical of the Police Department. He denied being critical but merely said that the work of checking every curb painted to determine whether or not it is needed, is too much for them, and he feels that the burden should be put on the people who occupy the buildings in front of which those zones are being used, and that is the only purpose for bringing the matter up.

Supervisor Halley moved, seconded by Supervisor J. Joseph Sullivan, that the Board recess until the hour of 2:00 p. m. on Wednesday, March 7, 1951, for the purpose of considering the subject of Salary Standardization.

Supervisor MacPhee stated that he was leaving town on the morrow and therefore would be unable to attend the proposed recessed meeting.

Supervisor Halley stated that the additional time to Wednesday was necessary so that he could have an opportunity of studying the wage question details.

Supervisor Fazackerley suggested that the Board either continue its deliberations now or tonight and conclude the matter.

There being no objection, Supervisor Halley withdrew his motion.

Objection to Immediate Consideration of Two Additional Recommendations of the Finance Committee.

It was brought to the attention of Supervisor Mancuso that there were two additional recommendations made by the Finance Committee, i.e., increases for B-91, Director, Bureau of Delinquent Revenue, and G-206, Director of Property, and Supervisor Mancuso forthwith objected to the immediate consideration of these two particular classifications until such time as the recommendations of the Civil Service Commission had been dealt with.

Supervisor McMurray noted present at 9:10 p. m.

Consideration of Salary Standardization.

The President informed the Board that the motion made during the afternoon meeting of the Board by Supervisor MacPhee, seconded by Supervisor Fazackerley, to-wit: That the Civil Service recommendations contained in its salary and wage survey of February 7, 1951, and subsequent recommendations of the Finance Committee as a result of deliberations with the Civil Service Commission, and its latest recommendations covering classifications B-91, Director of the Bureau of Delinquent Revenue, Tax Collector's Office and G-206, Director of Property, be approved, is now before the Board for its consideration.

Statement by Supervisor MacPhee.

Supervisor MacPhee stated that the recommendations of the Finance Committee were the result of conferences held with the Civil Service Commission during the past week, and should the Board desire to revise them, it is their business.

Introduction of Salary Standardization Ordinance, Effective July 1, 1951.

Supervisor MacPhee introduced and there was referred to the Finance Committee, File No. 5861, "An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and Section 151.1 of the Charter; Providing That the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1951."

Motion to Reject Proposed Amendment on Classification B-91, Director of Bureau of Delinquent Revenue.

Motion lost for want of a second.

Privilege of the Floor—Objection.

Supervisor Gallagher moved the privilege of the floor for Mrs. Molly Minudri, labor representative, to which Supervisor Mancuso objected.

Supervisor Gallagher, however, was granted permission to question her and did so, and in reply to Supervisor Gallagher's query, the Board was informed that the union scale for position of Rodent

Controlman is \$290 per month and that the city should certainly pay that particular classification more than the proposed ten-dollar increase.

Consideration of I-116, Orderly.

Supervisor Halley moved as an amendment to any salary or range heretofore proposed, in connection with salary standardization schedules under Charter Sections 151 and 151.1, effective July 1, 1951, that the salary or range for I-116, Orderly, be established at \$200-240 per month. Motion seconded by Supervisor McMurray.

Supervisor Mancuso stated that he did not have sufficient data available to support the increase and therefore could not vote for the increase.

Supervisor Halley stated that it was not a matter of data but a matter of economics.

Supervisor Mead stated that the present proposed range of \$230 per month, less deductions, constitutes starvation wages.

Substitute Motion.

Supervisor Gallagher moved as a substitute, that action be deferred on this and all pending motions until such time as the Board has completed consideration of all classifications, starting with the "A" classification. Motion seconded by Supervisor Mancuso and carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, J. Joseph Sullivan—7.

Noes: Supervisors Halley, McMurray, Mead, John J. Sullivan—4.

Motion Withdrawn.

There being no objection, Supervisor Halley withdrew his motion.

Motion to Recess.

Supervisor J. Joseph Sullivan moved, seconded by Supervisor Lewis, that the Board recess, to meet again on Wednesday at 4:30 p. m.

Statement by Supervisor MacPhee.

Supervisor MacPhee expressed the opinion that the policy being adopted by the Board with respect to increasing certain classifications beyond the recommendations of the Civil Service Commission is certain to result in referendum action and ultimate disapproval of any proposed wage increase, by the people, thus depriving many employees who are rightfully entitled to receive pay increases from

obtaining them. Supervisor MacPhee stated that he was sorry that he could not be in attendance when the salary standardization measure is passed for second reading and wanted the record to show that were he in attendance he would vote against the proposed increases.

The President of the Board also expressed similar views, contending that he could not share the complacency of certain members of the Board with respect to possible action against pay increases by referendum and that it was unfortunate that Supervisor MacPhee could not attend further salary hearings.

RECESS.

The Board, at the hour of 12:17 a. m., recessed, to meet again on Wednesday, March 7, 1951, at 4:30 p. m.

JOHN R. McGRATH, Clerk.

WEDNESDAY, MARCH 7, 1951—5.00 P. M.

In the Board of Supervisors, San Francisco, Wednesday, March 7, 1951, 5:00 p. m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor MacPhee—1.

Quorum present.

President Christopher presiding.

Continuation of Consideration of Salary Standardization.

The President announced that the Board would begin deliberations by taking up Classification "D" contained in the Salary and Wage Survey Report of the Civil Service Commission dated February 7, 1951.

At this point, Supervisor Gallagher inquired of Mr. William L. Henderson, Personnel Director and Secretary of the Civil Service Commission, as to the method used by the Commission in arriving at its recommended rates, particularly those rates in the upper brackets where no data existed to justify the proposed increases.

Mr. Henderson replied to the effect that private firms and other governmental jurisdictions were contacted, about 195 firms in all, and each of such firms employed at least one hundred people. The data collected includes salaries, bonuses, special allowances for meals, etc. The Civil Service Commission rendered the most liberal interpretation based upon the data collected.

Consideration of Salary Classifications.

"D" Classification:

Class	Title	Proposed Range
D-2	Bailiff	\$320-360

Supervisor Lewis moved, seconded by Supervisor Mead.

Supervisor Mancuso expressed the opinion that efforts should be made to take care of the low-bracket employees and insofar as he was concerned, unless he can be shown beyond a shadow of a doubt that those earn-

ing more than \$300 are entitled to additional compensation, he would vote against such proposed increases over \$300 per month.

Supervisor Mead stated that due to the present high cost of living, he considers those receiving less than \$500 per month to be in the low-income group, and that he intended to give that particular group every possible consideration, and that those earning over \$500 per month need a raise like they need a hole in their head.

Communication.

The Clerk read a communication from the Municipal Conference Committee urging that Board take such action as would adhere closely to the recommendations of the Civil Service Commission.

Statement by Deputy City Attorney.

Deputy City Attorney Walker Peddicord stated that Supervisor MacPhee had explained when making his original motion for adoption of the revised salary standardization schedules, that the Board had before it for consideration the following: (1) the recommendations of the Civil Service Commission contained in its Salary and Wage Survey Report of February 7, 1951; (2) the recommendations of the Finance Committee of March 2nd, plus two additional recommendations for increased compensations for B-91, Director, Bureau of Delinquent Revenue, Tax Collector's Office and G-206, Director of Property, plus such recommendations as the Board itself desired to make.

Supervisor Mancuso expressed the opinion that the recommendations of the Civil Service Commission, as amended by the Finance Committee and further amended by the Board, should now be adopted.

President Christopher: It is my understanding that we should now vote on the motion made by Supervisor MacPhee, seconded by Supervisor Fazackerley, and further amended by the Civil Service Commission and further amended by this Board of Supervisors. Is that correct?

Mr. Peddicord: The motion made by Supervisor MacPhee was not further amended by the Civil Service Commission. It has been amended since by the Board of Supervisors.

President Christopher: Are we now voting on the original motion and subsequent amendments?

Mr. Peddicord: That is correct.

Supervisor Halley suggested that the proper course to pursue would be to approve the amendments of the Civil Service Commission and as further amended by the Board of Supervisors.

Mr. Peddicord stated that the Board should adopt the recommendations of the Civil Service Commission as contained in its Salary and Wage Survey of February 7, 1951, supplemented by the recommendations of the Finance Committee, plus such additional amendments as have been approved by the Board of Supervisors.

✕ Explanations of Votes.

Supervisor Fazackerley explained that he felt the Civil Service Commission had done a good job in recommending increases and that the Finance Committee felt justified in making the additional recommendations it did. On the other hand, very little supporting data was presented which would permit of further increases. While he could not agree with the majority of the increases approved by the Board, he could not vote against the salary standardization document as a whole, because many of the recommendations were in proper form and that of the 7,500 employees who received increases, justification existed for increases in a majority of those cases.

Supervisor Mancuso stated that he probably voted for more raises this year than in any other past year, and he did so because he felt that many of the low-bracket groups deserved substantial pay in-

creases; that the raises approved by the Board will amount to little more than two cents in the tax rate and he expressed the hope that the downtown interests would not fight the added increases.

Supervisor Christopher: It has been said that Supervisor Halley was a bad boy last year. In a similar degree, your Chairman was not too much of a good boy. I feel I have done the right thing in opposing many raises this year. I want to tell the labor representatives that I feel very keenly about spending public funds. Only the other day, I tore up a contract with a labor union and gave a voluntary increase because I realized that when this particular union entered into a two-year contract, they made a mistake. So I do not want people to feel that I am too niggardly to take care of city employees. We have a two-fold task, to take care of city employees and the taxpayers and we must weigh this very, very carefully. So I have no apologies to make for having voted against most of the increases, but I feel that with respect to salary standardization, this Board has a very strong responsibility, and I do not want anyone to think that anyone is less cognizant of the interests of labor than the next fellow. I think everyone present realizes the needs of the working man.

Supervisor Lewis: Although I have voted against many salaries, I do not propose to apologize for my actions. However, I would like to say that I hope this is the last time that I ever have to sit as a member of this Board of Supervisors and fix salaries under the present Charter provisions.

Statement and Motion by Supervisor Mancuso.

In addition to the amendments to File No. 5861, "Civil Service Commission Salary and Wage Survey," dated February 7, 1951, already adopted by this Board, I now move:

1. Adoption of those amendments to File No. 5861, "Civil Service Commission Salary and Wage Survey," dated February 7, 1951, recommended by the Finance Committee as follows:

2:00 p. m.

The Board of Supervisors met in regular session.

Consideration continued for two weeks.

From Supervisor Marvin E. Lewis, expressing disappointment that, due to business commitment, he is unable to attend Board meeting of March 12, 1951.

Mayor's Veto Sustained.

The Clerk read a communication from the Mayor in which he advised that he had vetoed and disapproved File No. 7142, which proposed to temporarily close Maiden Lane between Stockton and Kearny Streets to vehicular traffic during the period March 15, 16 and 17, 1951, to permit conduct of "Spring Comes to Maiden Lane Festival," on the ground that the above mentioned dates were erroneous.

Question Put.

The President of the Board stated that the pending question before the Board is: "Shall File No. 7142 become effective notwithstanding the Mayor's veto? A vote 'Aye' overrules the Mayor and approves the measure; a vote 'No' sustains the Mayor's veto and disapproves the measure."

File No. 7079

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponent: Attorney Bertrand A. Bley.

Mr. Bley informed the Board that he had taken up with the neighbors, on behalf of his client, Mecu I. Gherman, the aesthetic question of the proposed building to be constructed at the location under discussion; that general approval had been given to the plans and specifications of the structure which was to have a false front on Nineteenth Avenue; further, stipulations were offered to the City Planning Commission but same were refused.

Mr. Bley also produced a sheaf of letters signed by various property owners, wherein approval was expressed of the proposed building sought to be constructed.

Mrs. F. Kenealey and Mr. Fred G. Diehl spoke in favor of the proposed rezoning.

Opponents: Mr. Paul Oppermann, Director of Planning, explained the Commission's reasons for its decision, as follows:

Reasons for the Commission's Decision

1. This parcel is on a heavily traveled state highway which is the only direct north and south route west of Twin Peaks connecting Marin and San Mateo counties. The State Highway Division is on record as opposed to any additional commercial uses along this route.

Applications to the Planning Commission on two previous cases within the past year, to reclassify additional commercial frontage elsewhere on Nineteenth Avenue, were disapproved and its decision was sustained in both cases on appeal before the Board of Supervisors.

2. The introduction of the small existing commercial zone known as Lakeside Village in this new residential area has a long history, characterized by strong opposition to any extension at this Nineteenth Avenue end. The written commitment of the original owner (Spring Valley Water Co.) to bind itself and its successors not to seek commercial zoning, is on file. While never given legal status, it nevertheless typifies a moral obligation of many years' standing to maintain the residential classification of the 100-foot strip. It is important to avoid any variation in the original limits of this neighborhood business zone, because it owed its existence at the outset to the assurances that no expansion would be allowed. This protection has been relied upon by home owners in the surrounding R-1 zone since 1929, and their Improvement Associations are actively opposing the change now.

3. The proposed exception of a 10-foot strip makes on real difference in this proposal. A 100-foot strip was the original intention. In nearby Stonestown all commercial buildings are to be 100 feet west of Nineteenth Avenue.

4. The parcel is adapted to residence use. Its use for shops and offices would intensify an already extremely serious parking shortage. There was no demonstration of the need for additional commercial space, particularly in view of developments now under way in two large projects which are intended to serve the district. (Stonestown and Lakeshore Plaza.)

5. The false-front architecture, which the applicant proposed, an imitation of residential facades on one side of a commercial building, was considered by the Commission and felt, also, to be undesirable and likely to be injurious to property values in the vicinity in the long run.

Mr. H. A. Summers, representing the State Highway Division, likewise expressed opposition, contending that the state is unalterably opposed to any further commercialization of Nineteenth Avenue.

The following residents spoke against the proposed rezoning: D. K. Lener, Wm. J. Thude, W. E. White and L. A. Barker, the latter representing the West of Twin Peaks Central Council.

Discussion.

Supervisor Lewis asked Mr. Barker if, in the event the stipulations offered by the appellant were acceptable to the Commission, would his council be in favor of the proposed rezoning.

Mr. Barker replied to the effect that if the Commission had seen fit to grant the rezoning, the Council would have requested that the stipulation be considered as part of the application.

Supervisor Lewis expressed the opinion that the stipulation as offered by appellant should constitute a part of the appeal now before the Board and in order to definitely determine its legal status, he moved, seconded by Supervisor Gallagher, that the Clerk obtain a written opinion with respect to the following query:

"If, in initial action before the City Planning Commission on a matter of rezoning, the applicant submits certain stipulations which are refused by said Commission, should not said stipulations be made part of the appeal, and, in the event the Board should overrule the City Planning Commission, is it not mandatory upon the City Planning Commission to enter into stipulations with the applicant? (The foregoing opinion was requested to be available by Monday, March 26, 1951.)

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Halley—1.

Cancellation of Temporary Permit Issued to Lang Realty Company for Tract Office at Nineteenth and Ocean Avenues.

It developed during the discussion, that the tract office of the Lang Realty Company located in the area sought to be rezoned, presented an unsightly appearance, and in view of the further fact that the area offers little, if any, opportunity for building activity, Supervisor Mancuso requested that the proper committee of the Board study the advisability of terminating the temporary permit issued to the Lang Realty Company for use of the area as a tract office.

Referred to Public Buildings, Lands and City Planning Committee.

Motion to Defer Consideration.

Supervisor Lewis moved, seconded by Supervisor Halley, that, pending receipt of legal opinion requested heretofore of the City Attorney, consideration of the appeal be continued for a period of one week.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

File No. 7066, Ordinance No. . . . (Series of 1939).

March 12, 1951—Consideration continued to March 19, 1951.

Statement by Supervisor Mead.

Supervisor Mead stated that at first he did not favor the pending legislation but that he had given considerable study to it and had reached the conclusion that the Police Commission would do a good job and accordingly he would vote for it.

Privilege of the Floor.

The privilege of the floor was extended to J. Warnock Walsh, President of the Police Commission, who explained that when a petition is made for curb painting, three days' checking and investigation are made, the traffic at that particular location is thoroughly checked, and the need definitely determined as to the necessity for the painting.

Captain Jack Eker, Director of Traffic, likewise spoke and reiterated the statement made by Commissioner Walsh, further stating that the business of curb painting is a continuing one, with curbs being painted and markings removed in other instances.

Supervisor Lewis expressed the opinion that the city should be divided into districts and that those people who enjoy the privilege of curb painting should be compelled to show cause, within a period of six months, why they should continue to enjoy such privileges.

Roll Call.

There being no further discussion on the matter, the roll was called and the foregoing measure was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan—10.

Absent: Supervisor John J. Sullivan—1.

Request of Supervisor Halley That New Curb Parking Zone Be Established, Inoperative During Other Than Business Hours.

Supervisor Gallagher requested that the proper committee study the advisability of enacting legislation which will obviate the necessity of issuing traffic tags on Saturday afternoons and Sundays.

Referred to the Police Committee.

Request of Supervisor Mancuso to Review Need for Painting of Taxicab Stands and White Curbs in Front of Hotels.

Referred to Police Committee.

Request of Supervisor Lewis for Legislation Requiring Showing of Necessity for Continuance of Curb Painting Privileges.

Supervisor Lewis requested that the City Attorney be requested to prepare legislation which will provide a division of the city into districts for curb painting purposes; and that those persons and firms enjoying the benefits of such curb painting be compelled, within a period of six months, to show cause why they should continue to enjoy such benefits.

Referred to Police Committee.

Request of Supervisor MacPhee That More Stringent Enforcement of Double-Parking Regulations Be Undertaken.

Supervisor MacPhee inquired of the members of the Police Commission who were present at the meeting if steps could not be taken to provide more stringent enforcement to curb double-parking tendencies, particularly on Bush Street, in that area located east of Van Ness Avenue.

Commissioner Walsh indicated that such would be done; *no action taken by Board.*

Authorizing Chief Administrative Officer to Proceed With the Preparation of Plans and Specifications for the Removal of Street Car Tracks and the Reconstruction of the Roadway of Portions of Mission, Divisadero, Sacramento, Twenty-second, Twenty-fourth, Larkin, Post and O'Farrell Streets and Van Ness Avenue.

File No. 7130, Resolution No. 10910 (Series of 1939).

March 5, 1951—Consideration continued to March 19, 1951.

Privilege of the Floor.

The privilege of the floor was extended to Sherman P. Duckel, Director of the Department of Public Works, who informed the Board that nearly all of the tracks removed to date have been those belonging to the old Market Street Railway Company, on which no maintenance work had been done for the past 15 or 20 years.

Mr. Duckel explained the initial action in connection with the track removal program resulted in a check being made to determine the condition of the ties. He proceeded to produce several ties which had been removed from Oak Street and they appeared to be in advanced stages of disintegration. Mr. Duckel, in reply to a query as to whether certain tracks could be covered and thus eliminate the heavy expense of removing the rails, stated this would be an uneconomical procedure because in time the ties would deteriorate to such an extent that removal of the rails would then become mandatory.

Amendment.

March 12, 1951—Consideration continued to March 19, 1951.

Statement by Chief Administrative Officer.

The Chief Administrative Officer was called upon to explain the necessity for the subject measure, and he informed the Board that the Municipal Court desired to consolidate its two operations, namely, the collections department located in the City Hall and the Municipal Courts located in the Hall of Justice, in one central location.

Supervisor Mancuso expressed the opinion that such a matter involving the expenditure of a large sum of money for building alterations should be considered at budget time.

J. Warnock Walsh, President of the Police Commission, when asked about the proposal to locate at 150 Otis Street, stated that this was the first he had heard of it and commented that the Police Commission was considering utilizing the facilities of the John Swett School for certain of their operations.

Discussion.

Opinion No. 351 from the City Attorney was read, to the effect that the Board may not consider on appeal stipulations, concerning zoning matters, which have been presented to and rejected by the City Planning Commission.

Communications from Mr. M. I. Gherman, appellant, favoring rezoning, and from the Merced Manor Property Owners Association, opposing rezoning, were presented and read.

In response to queries as to what should be done about the property on the opposite corner for which commercial use was authorized under provision of Section 3 of the City Planning Code, Mr. Oppermann, Director of Planning, stated that the Bureau could revoke the permit at any time, and Mr. Brooks, Chief Administrative Officer, stated that if the need for which the permit was issued no longer exists, the Bureau will revoke the permit, without waiting until the time of the expiration of such permit.

Supervisor Lewis displayed a map showing that approximately 30 property owners had indicated their approval of the rezoning.

Reference to Committee.

Supervisor Lewis requested that legislation be considered to give the Board authority to consider on appeal any zoning stipulations proffered to and rejected by the Planning Commission.

Referred to Judiciary Committee.

Supervisor Mancuso requested that legislation be considered in amendment of Section 3 of the City Planning Code, so that the Central Permit Bureau and other departments will be restricted in issuing permits for temporary buildings in a First Residential District.

Mr. Oppermann: "Yes, they have."

No objection and so *ordered*.

Mr. Olson, of the Public Utilities Commission, stated that it was necessary for the Commission to proceed with the installation of the overhead two-way trolley wires on certain streets which were scheduled to be designated as one-way streets because it could not wait for the one-way street plan to be put into effect; and that it would cost approximately \$100,000 for removal of such overhead trolley wires when the one-way streets are put into effect.

Mr. McCarthy of the City Planning Commission described the one-way street plan, illustrating his comments by the use of a map.

Mr. Ray Crummy, representing the San Francisco Hotel Association and the Golden Gate Restaurant Association, read a communication from the San Francisco Hotel Association, which was accompanied by a petition opposing the proposal to make Seventh Street a one-way street, northbound, and made his own personal observations in opposition thereto.

Suspension of the Rules.

Supervisor Gallagher, seconded by Supervisor Fazackerley, moved the suspension of the rules for the purpose of immediate consideration of the foregoing legislation.

Discussion.

Supervisor MacPhee was opposed to taking such action for one private concern since hundreds of other private enterprises may make similar requests of the Board.

Supervisor Fazackerley stated that private industry is doing what can't be done by a public enterprise, and that they should be given all possible help in providing much-needed facilities.

Supervisor Mancuso called the Board's attention to the fact that the foregoing legislation came to the Board with the recommendation of the County, State and National Affairs Committee and, therefore, he moved that the Board's action whereby the rules were refused suspension and whereby the legislation was referred to the County, State and National Affairs Committee, be rescinded.

Motion to Expunge.

Supervisor Gallagher moved that the foregoing record of the Board action in refusing suspension of the rules and in referring the proposed legislation to the Committee, be expunged; seconded by Supervisor Halley.

Ruling of the Chair.

The President ruled Supervisor Gallagher's motion out of order for the reason that a motion to expunge is appropriate where it is desired not only to rescind the action but to express very strong disapproval.

By direction of the President, the Clerk read an excerpt from Robert's Rules of Order relative to the motion to expunge, explaining its connection with a motion to rescind, and it was shown that the language contained therein used the terms "expunge and rescind."

Statement by Supervisor Mead.

Supervisor Mead: I have news for my colleagues. If I felt Supervisor Lewis was connected in any way with Communism; if I suspected such a thing, I would say so in no uncertain terms. I hope I have made that point quite clear. I am sorry if you gathered that I have connected you with Communism. That was certainly not my intention. I agree with Supervisor Halley that certain people who come here should make statements under oath. I tried to impress upon the members of the Board that I have no time for any member of the Communist Party. I want the representative of the People's World to understand when I say, in no uncertain terms, that I am opposed to anyone connected directly or indirectly with Communism. Thousands of our boys are being killed because of Communism. I do not propose to sit in this room, as of this moment, while any man or woman prides himself with being a member of the Communist Party. The time one stands on the floor and advises that he or she is a member of the Communist Party, I propose to ask to be permitted to leave the room and will leave, regardless of whether I am permitted or not. I am terribly sorry that I have offended Supervisor Lewis. I have no apologies to make. Have I made myself clear?

Statement by Supervisor John J. Sullivan.

Supervisor John J. Sullivan: I'm for exterminating all Communists. I had no intention of referring to you, Mr. Lewis, as a Communist and you know that.

File No. 7257, Ordinance No. 6638 (Series of 1939).

Discussion.

Supervisor Mead inquired as to whether or not this would take care of all of the reconstruction work on the City Hall dome, or would the Department of Public Works come back for more money to improve the appearance of the dome in its entirety.

Mr. Brooks explained that this amount was just for the repair of the damage caused by the recent fire. The Department of Public Works has no intention to paint and refurbish the entire dome.

Providing for Addition of Fluoride to a Portion of the Water Supplied by the San Francisco Water Department, and for Construction of Facilities Therefor.

File No. 7136, Ordinance No. (Series of 1939).

April 2, 1951—Consideration continued to April 9, 1951.

Discussion.

Supervisor Lewis explained that when the matter was in committee, he made inquiry as to whether or not the Christian Science Church had been notified and given a chance to appear and state its position. He then requested that in view of the fact that the Christian Science Church had not been afforded an opportunity to explain its views, the matter be re-referred to Committee.

Supervisor Fazackerley remarked that the matter had been before the Board for approximately six months. Full publicity had been given it in the newspapers and if the Christian Science Church had any objections they could have appeared and stated them.

Motion to Sit as a Committee of the Whole.

Supervisor Mead, seconded by Supervisor Mancuso, moved that the Board sit as a Committee of the Whole to consider the legislation.

Motion for Privilege of the Floor.

Supervisor Fazackerley, seconded by Supervisor John J. Sullivan, moved, as a substitute, that the privilege of the floor be granted to a representative of the Christian Science Church.

Discussion.

Supervisor Mead, speaking in opposition to the substitute motion, stated that if anybody was granted the privilege of the floor everybody who desired to speak should also be granted it.

Thereupon the roll was called and the Chair ruled that the substitute motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Lewis, McMurray, J. Joseph Sullivan, John J. Sullivan—6.

Noes: Supervisors Gallagher, Halley, MacPhee, Mancuso, Mead—5.

Point of Order.

Supervisor Mancuso rose to a point of order. He stated that the motion made by Supervisor Fazackerley had not been carried because the only way a motion for the privilege of the floor can be carried is by unanimous consent of the members present.

Point of Order Well Taken.

The Chair ruled the point of order well taken.

Point of Order.

Supervisor Mead rose to a point of order. He remarked that the motion for the privilege of the floor was lost and the roll should be called on the motion for the Board to sit as a Committee of the Whole.

Point of Order Well Taken.

The Chair ruled the point of order well taken.

Thereupon the roll was called on the motion for the Board to sit as a Committee of the Whole and it *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Appointment of Chairman of Committee of the Whole.

Supervisor Mead, seconded by Supervisor Halley, moved that the same Chairman preside.

No objection and motion *carried*.

Committee of the Whole.

Mr. James A. Vincent, Secretary of the Christian Science Committee on Publication for Northern California, explained the position of the Christian Science Church, as follows: The Church does not wish to interfere in any way with sanitation and does not desire to oppose the wishes of the majority of the people. The Church does not interfere if its members can be exempt on the ground of religious belief. In this case there is no chance for exemption because there is only one water supply.

The Church believes that fluoride is not just a chemical, but a medication. It comes down to the point that there would be no exemption for those whose religious beliefs are opposed to medication for cure of illness. If this fluoridation is permitted it will just be the start of imposing other medications on the general public.

Supervisor Fazackerley inquired as to what the position of the Church would be in those areas of the United States, and foreign countries, where fluoride is naturally present in the water.

Mr. Vincent replied that if it were naturally present in the water there would be no objections, but the Church was opposed to adding any medication to the water.

Supervisor Halley asked as to what were the findings relative to the injury to the health of the public.

Mr. Vincent informed the Board that Dr. Halvorsen had advised that if there is too much fluoride in the water it stains the teeth and it is impossible to get the stain off.

Mrs. Hugo Franzen, speaking as a private citizen, read from a prepared statement opposing the fluoridation of the water supply.

Request for Extension of Time.

After Mrs. Franzen had been reading for ten minutes, Supervisor Christopher inquired as to whether or not there were any objections to extending Mrs. Franzen's time.

Supervisor Mead objected on the grounds that Mrs. Franzen had been given ample opportunity to present her case before the Finance Committee and if she did not that was her fault.

Motion to Rise and Report.

Supervisor Halley, seconded by Supervisor Lewis, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Discussion.

Supervisor Lewis explained that for years the Christian Science Church had opposed any legislation that would force its members to receive any form of medication that is compulsory. Exemptions have been made and this legislation should not be enacted because it is contrary to the religious beliefs of the Christian Science Church.

Motion to Postpone.

Supervisor Fazackerley remarked that when the Christian Science representatives appeared before the Finance Committee they stated that they had no objections to this type of legislation. He expressed the belief that the matter could be postponed and information secured from the Mother Church.

Supervisor Fazackerley, seconded by Supervisor Lewis, moved that the matter be postponed for one week and that the Clerk be directed to communicate immediately with the Christian Science Mother Church, in Boston, and secure its views on this matter.

Discussion.

Supervisor MacPhee stated that if it is the intention of Supervisor Lewis that fluoride not be added to the water, he should also oppose the addition of iodine to the water that is coming into San Francisco; and that if one chemical be added to the water it should be permissible to add others.

Supervisor Mead said that he agreed with Supervisor MacPhee on this matter, and the Board must be consistent with respect to medication. If this were so bad for the young people we would not have had such outstanding people appearing before the committee and advocating this action. In view of the fact that Mrs. Franzen, Mr. Vincent and a writer for some eastern paper are the only ones that have opposed this matter, he stated he would have to oppose any postponement.

Supervisor Lewis explained that the Christian Science Church was objecting to the constitutionality of the proposed law, and by enacting this legislation the Board would be legislating contrary to their religious beliefs.

Point of Personal Privilege.

Supervisor MacPhee rose to a point of personal privilege. He stated that Supervisor Lewis, by his remarks, has given the impression that Supervisor MacPhee did not know what he was talking about.

Supervisor MacPhee then asked permission to propound a question to Mr. Pracy of the Water Department as to whether or not the chemical that is added to the water medicates it.

Mr. Pracy replied that it would be his opinion that some of the chemicals did medicate the water.

Supervisor Lewis inquired as to what particular part of the human body they were attempting to cure by any medication that is put in the water for San Francisco.

Mr. Pracy answered that certain chemicals are added for the purpose of killing germs. Lime is added to harden the water so that it will not produce what is called "red water." Copper sulphate is used for the purpose of killing algae.

Point of Order.

Supervisor J. Joseph Sullivan rose to the following point of order: there is a motion pending, and the Board should have a roll call on it.

Point of Order Well Taken.

The Chair ruled the point of order well taken.

Discussion.

Supervisor Lewis stated that he was objecting to this type of proceedings, whereby one Supervisor is permitted to ask questions and then another is not granted the privilege of asking questions in rebuttal.

Supervisor Lewis then inquired of Mr. Pracy as to whether or not all of the drugs put into the water supply are for sanitary purposes and not for medication.

Mr. Pracy replied that primarily all of the chemicals were added for sanitation and not to cure diseases of the body.

Motion Carried.

Thereupon the roll was called on the motion to postpone consideration for one week, and it was *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—9.

Noes: Supervisors Mead, John J. Sullivan—2.

Passage for Second Reading.

The following legislation from the Finance Committee, heretofore considered and temporarily postponed, was taken up:

Appropriating \$25,000, Recreation and Park, for Purchase of Portable Bleacher Seats for Various Playgrounds.

File No. 7187, Ordinance No. . . . (Series of 1939).

(Funston, Rolph, Jackson, Glen Park, Portola, and Rossi Playgrounds.)

April 2, 1951—Consideration continued to April 9, 1951.

Discussion.

Supervisor Mancuso remarked that pursuant to action taken by the Board at its last meeting the Clerk directed a communication to the Recreation and Park Commission requesting certain information, and that he desired to know whether or not that information is available.

Mr. McDevitt, representing the Recreation and Park Commission, stated that the information was available. He explained that the communication stated that the Board desired to be informed as to the difference in cost for each type of bleachers. The steel bleachers would cost \$7 to \$8 per seat; the wooden bleachers would cost \$11 per seat and the concrete bleachers would cost \$25 per seat.

Passed for Second Reading by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor Fazackerley—1.

File No. 7006, Ordinance No. . . . (Series of 1939).

Discussion.

Mr. Walker Peddicord, representing the City Attorney, explained that this piece of legislation would increase the minimum fine for violation for parking in bus zones. In 1946 a declaration of policy was presented to the people reducing the minimum fine for this violation. Shortly thereafter the City Attorney rendered a legal opinion to the effect that the Board does not have the power to increase the minimum fine for traffic violations under Section 38 of the Traffic Code.

Supervisor Mead, seconded by Supervisor Halley, moved that the matter be temporarily postponed.

Substitute Motion.

Supervisor Gallagher, seconded by Supervisor John J. Sullivan, moved as a substitute motion, that the matter be re-referred to committee.

Discussion Re Additional Streets Proposed for One-Way Street Plan Adopted by the City Planning Commission and Listed in Communication from Director of Planning Under Date of March 7, 1951.

The President suggested that discussion relating to additional streets proposed for the One-Way Street Plan operation, which was commenced at the preceding meeting on the One-Way Street Plan, be continued.

Item 18. Fell Street, westbound, between Gough and Stanyan Streets.

Mr. Carl O. Hagstrom, General Appliance Company, 369 Fell Street, presented communication and petition signed by 60 property owners and businessmen opposing the One-Way Street Plan for Fell Street, and favoring Fell Street as one-way, eastbound.

Mr. George J. Stempel, Jr., Stempel Doughnut Shoppe, 320 Fell Street, stated that the re-arranging of signals would make the traffic flow smoothly, and that he saw no traffic difficulties as Fell Street is very wide, and that most traffic entering Market Street from Tenth goes out Larkin and Polk Streets.

Item 19. Octavia street, southbound, between Hayes and Fell Streets.

Mr. Carl O. Hagstrom protested the making of Octavia Street one-way for one block, and said Gough Street could be used more effectively.

Mr. James McCarthy, representing the City Planning Commission, in explanation stated that Octavia Street was selected for the purpose of relieving traffic on Gough Street, but that it was not absolutely essential that Octavia Street be made one-way southbound, as planned.

After consultation by the Director of Planning, the Director of Public Works and Mr. Olson, Public Utilities Commission, it was announced by the Director of Planning that they had agreed to eliminate Octavia Street, between Hayes and Fell Streets, as one-way, southbound.

Item 20. Fell Street, eastbound, between Franklin and Market Streets.

Mr. Carl O. Hagstrom protested the making of Fell Street one-way, eastbound, for only this short distance, stating that it should be made one-way, eastbound, for its entire length.

Mr. S. E. Onorato also opposed Fell Street being one-way, eastbound, for a few blocks.

Rise and Report.

Supervisor Halley, seconded by Supervisor Gallagher, moved that the Committee of the Whole rise and report.

No objection and *so ordered*.

Motion.

Supervisor Halley moved, seconded by Supervisor Gallagher, that the City Planning Commission make a further study of the additional streets proposed for one-way operation, and re-submit the entire matter to the Board of Supervisors for reconsideration; that emphasis be stressed on the suggestions made by the citizens; and that the State Highway Commission be consulted with regard to having certain ramps reversed in their proposed highway system.

Statement of Supervisor John J. Sullivan.

Supervisor John J. Sullivan expressed himself as favoring the One-Way Street Plan, but suggested that Taylor Street and Octavia Street, in particular, be given further study with a view to further or different recommendation.

Statement of Supervisor Fazackerley.

Supervisor Fazackerley expressed opposition to further delaying action on the One-Way Street program in view of the extensive plans and preparations already made, and the absence of definite proposal for revising the plan.

Statement of State Highway Engineer.

Mr. Elliott Weymouth, Engineer, State Division of Highways, replied to queries concerning the status of the freeway construction program and expenditures made and contemplated therefor, and called attention to the delays and costs which would ensue if the plans are substantially changed.

Statement of Supervisor Mancuso.

Supervisor Mancuso suggested that the motion of Supervisor Halley be replaced by one which would provide that the City Planning Commission report to the Board within a week or two any changes recommended in the original program, after a joint review with other interested departments.

Statement of Supervisor MacPhee.

Supervisor MacPhee expressed the thought that the City Planning Commission, the State Division of Highways, the Police Commission, the Public Utilities Commission and the Department of Public Works should review the criticisms and suggestions which have been made during the hearings conducted by the Board and submit to the Board revised recommendations.

Statement of Supervisor Mead.

Supervisor Mead cautioned the Board that the final decision with respect to adoption of the One-Way Street program rests in the hands of the Board and the members should give the problem serious consideration prior to attempting to formulate a decision.

Withdrawal of Motion.

There being no objection, Supervisor Halley withdrew his foregoing motion.

Motion to Continue.

Supervisor Mancuso, seconded by Supervisor Halley, moved that consideration of the foregoing measure be continued until the regular meeting of the Board to be held on Monday, April 23, 1951, as a special order of business at the hour of four o'clock p. m., and that the City Planning Commission be requested to review, in collaboration with the State Division Highway Engineer, the Director of Public Works, the Director of Traffic and the Public Utilities Commission, the recommendations made for the establishment of a comprehensive one-way street pattern, with a view to submitting to the Board on said date such revisions thereof as may be deemed expedient in the light of opposition and suggestions advanced during public hearings before the Board on April 4th and April 10th.

Amendment to Motion.

At the suggestion of Supervisor Lewis and with the consent of Supervisors Mancuso and Halley, there was included in the foregoing motion the further request that the Director of Planning re-submit the entire proposed one-way street plan to the originators thereof, DeLeuw, Cather and Company, and ask them for an expression of their current opinion with respect thereto as well as with regard to the alterations proposed by the City Planning Commission.

There being no objection, the foregoing motion, as amended, *carried*.

Consideration Continued.

Supervisor Mancuso moved, seconded by Supervisor Halley, that the following matters be continued until Monday, April 23, 1951, as a special order of business at 4 p. m.

File No. 1193

There being no protestants, the foregoing assessment was confirmed and the matter referred to the *Department of Public Works*.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 3892, Dated February 8, 1951, Approving Application to Rezone Property Located on the Southwest Corner of Palou Avenue and Selby Street, from Second Residential District to Light Industrial District.

File No. 7223

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

George C. Riekman, representing himself and neighbors in the area affected, stated that there are many fine homes in the area and no industrial encroachment should be permitted.

Mr. J. Nyrhila, a resident, spoke of the danger of double parking and possible injuries to youngsters.

Mr. Carroll Newburgh, speaking on behalf of the Bay View Civic Club and as a member of its board of directors, stressed the necessity of protecting the investment made by the small home owners and that an investigation of the trucking proclivities being carried out revealed that a definite traffic hazard existed. Mr. Newburgh pointed out, further, that other large groups in the area, particularly those representing Apparel City, had also voiced their objections to the rezoning.

Messrs. Charles R. Schefflin, Samuel Simpson, Jr., and S. E. Stockwell likewise added their voice in protest.

Opponents:

J. D. Costello, attorney for Frank F. Terramorse, the lessee of the disputed property, contended that a goodly portion of the area is zoned industrial, and has been in such status for a good many years. Further, the stipulations which the City Planning Commission has attached to the application of Mr. Terramorse provided for the construction of a 10-foot fence which will conceal the trucks from public view. Mr. Costello also informed the Board that the vehicles are equipped with the latest type of muffler, designed to minimize noise.

Joseph J. Diviny, representing the Teamsters' Union, stated that he did not know any of the particulars of the appeal but ventured

the information that his organization had about thirty-five men working at this location, and warned the Board that the City Planning Commission should not be overruled lest this particular industry be compelled to locate at another terminal outside the City and County of San Francisco.

Jack Anderson, representing the Machinists' local, also reiterated the statement made by Mr. Diviny. He mentioned that this particular organization had moved from location to location, it first being located on Third Street, then on Fremont Street and so on, to its present location. Mr. Anderson stated his organization had twelve men working there who are anxious to maintain their employment in San Francisco.

Mr. William Ahern, secretary-treasurer of the Bottlers' Union, stated his organization had about 600 men working for the industry. Further, it was his belief that the area is industrial and that the City Planning Commission had arrived at its decision after careful study.

Mr. Paul Oppermann, Director of Planning, submitted a written résumé of the reasons for the Commission's ruling.

In rebuttal, Mr. Riekman, representing the appellants, again stressed the necessity of protecting the investment of the small home owner, who has made such investments with the thought in mind of being protected from industrial encroachment and that the action of the City Planning Commission in permitting the rezoning was unfair.

There being no further speakers, pro or con, the matter was taken into the hands of the Board.

Supervisor Mead informed the Board that he had visited the area under discussion; that he did not know anyone personally; that he had generally taken the position where labor is involved, to go along with it; but in this particular case, he had come to the conclusion that labor was wrong. While the homes in this area were not of the higher-class type found in other sections of the city, still they were nice homes. The Supervisor found that the rezoned area, size 100 feet by 100 feet, does not provide sufficient space for the trucks and trailers, and while it has been his policy to keep industry in San Francisco, he could not honestly vote to sustain the City Planning Commission in this particular case.

There being no further discussion, the Clerk presented the following legislation to be acted upon by the Board:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3892, Dated February 8, 1951, Approving Application to Rezone Property Located on the Southwest Corner of Palou Avenue and Selby Streets, from Second Residential District to Light Industrial District.

File No. 7223, Resolution No. 11020 (Series of 1939).

Question Put.

The President informed the Board of the pending question, as follows: A vote "Aye" overrules the City Planning Commission and approves the appeal; a vote "No" sustains the City Planning Commission and denies the appeal.

The roll was thereupon called and the City Planning Commission was *overruled* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan—9.

Noes: Supervisors Halley, John J. Sullivan—2.

Supervisor Lewis moved, seconded by Supervisor Gallagher, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Telegram Read.

The Clerk read a telegram received from George Channing, manager, Christian Science Committee on Publications, opposing inclusion of fluoride in the city's water supply.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Opponents:

James A. Vincent, representing Christian Science, stated the opposition of his Church was based on the fact that adding fluoride to water was considered medication and as such, such procedure would not only be against the teachings of his Church but contrary to the country's democratic principles of government.

The following individuals also spoke against the proposal to fluoridate the city's water supply: Capt. A. Brown, U.S.A., Mrs. Verona Melletz (her telegram was read to the Board), Mrs. Dorence C. Jones, G. R. Nelson and Mrs. Hugo Franzen.

Proponents:

Dr. Sidney Epstein, D.D.S., read a prepared statement, setting forth the views of the San Francisco Dental Society with respect to the use of fluoride.

Mr. George W. Pracy, General Manager of the Water Department, when called upon to explain what chemicals are now placed in the water, stated that lime is placed therein to prevent the pipes from corroding; copper sulphate is used to kill microbes called algae and chlorine is used to kill pathogenic germs; a small amount of ammonia is likewise used.

Dr. E. C. Sage, Assistant Director of the Department of Public Health, explained to the Board the necessity of certain chemicals in the body required to maintain a proper balance.

Dr. Leicester, representing the California College of Physicians and Surgeons, and Dr. Raymond M. Curtner, representing a committee on dental health and education, from the California State Dental Association, spoke in favor of using fluoride.

Motion to Rise and Report.

Supervisor Mancuso moved, seconded by Supervisor Halley, that the Board rise and report.

No objection and motion *carried*.

Discussion.

Supervisor Lewis voiced the opinion that consideration must be given to Christian Science teachings and its belief that the use of fluoride in water constitutes medication and therefore cannot be approved; further, it was the Supervisor's belief that a test in a court of law would prove that a measure approving the inclusion of fluoride would be ruled unconstitutional.

Supervisor Fazackerley expressed the opinion that the question of using fluoride was not a question of religious beliefs and that the Board, for the purpose of safeguarding the interests of all of the people of San Francisco, should pass the measure today.

Supervisor Mancuso expressed the hope that the followers of Christian Science would not consider the affirmative action of the members of the Board as being predicated on religious grounds. The Supervisor referred to a statement previously made by George W. Pracy, General Manager of the Water Department, which contained information to the effect that certain chemicals are presently placed in the city's water supply for the purpose of killing germs and eliminating disagreeable odors; further, reports are available from medical groups testifying to the benefits of fluoride in the water, and that the Board should consider the benefits which will accrue to the greatest number when voting on the measure.

Supervisor Halley requested a delay in the matter. If it developed that the proposed measure amounts to enforced medication, then the members of Christian Science would have a valid complaint. If forced to vote today, Supervisor Halley stated he would be compelled to vote against the measure.

Motion to Defer Consideration.

Supervisor Halley moved a delay of two weeks. Motion seconded by Supervisor Gallagher.

Objections to Deferment.

Supervisor Fazackerley objected to the proposed postponement, contending that he could not see how any further clarification of the subject could be had.

Supervisor MacPhee stated that if the present measure is not passed, then it would be just as logical to remove the presently existing chemicals. The Board must be consistent; what is attempted to be performed by the pending measure is to add another element used in many communities throughout the country.

Thereupon the roll was called on the motion to postpone consideration for a period of two weeks and it *lost* by the following vote:

Ayes: Supervisors Gallagher, Halley, McMurray, J. Joseph Sullivan, John J. Sullivan—5.

Noes: Supervisors Christopher, Fazackerley, Lewis, MacPhee, Mancuso, Mead—6.

The roll was thereupon called and the pending measure *finally passed* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Noes: Supervisors Halley, Lewis—2.

Discussion.

Supervisor Mancuso asked William L. Henderson, Secretary and Personnel Director for the Civil Service Commission, if the administrative provisions of the Annual Salary Ordinance should be amended to provide for the taking of two hours off for the purpose of voting, and Mr. Henderson replied that permission for such two-hour leave existed at the present time in the Annual Salary Ordinance; however, if it was the desire of the Board to let everybody off, then the administrative provisions would have to be amended.

Supervisor Mancuso inquired of the Controller if, in view of the time limits, the Board should adopt the administrative provisions of the Annual Salary Ordinance as an emergency. The Controller explained that the Supervisor was apparently confusing the Annual Salary Ordinance with the Salary Standardization Ordinance.

Rise and Report.

Supervisor MacPhee moved, seconded by Supervisor McMurray, that the Committee of the Whole now rise and report. No objection and pending measure was taken into the hands of the Board.

Amendment Proposed by Civil Service Commission—Carried.

The Clerk read a communication received from the Civil Service Commission, dated April 24, 1951, in which it is recommended that the following language should be inserted in Section 1.6 of the proposed administrative provisions, following the words "provided, however," and reading as follows:

" . . . that in departments that do not have normal seven-day operations, a normal work week shall consist of such tours on each Monday through Friday, inclusive and provided."

Supervisor MacPhee moved the adoption of the foregoing language. Motion seconded by Supervisor Fazackerley, and there being no objection, motion *carried*.

Amendments—Adopted.

Supervisor Mancuso moved, seconded by Supervisor Mead, the following amendment to Section 2.4.01, to read:

"Section 2.4.01. Time Off for the Purpose of Voting. Every employee shall, on the day of every municipal or state-wide election at which he is entitled to vote, be permitted to absent himself from any service or employment in which he is then engaged for not more than two consecutive hours between the time of opening and the time of closing the polls, for the purpose of voting. The voter shall not, because of so absenting himself, be liable to any penalty nor shall any deduction be made on account of such absence from his usual salary or wages. This section is not intended as a right to take time off when not needed for the purpose of voting. The appointing officer may inquire into the circumstances, and deny approval of the time off if, in fact, it has not been used for the purpose of voting."

Discussion.

Supervisor Mancuso asked Mr. Henderson as to the cost which would be involved were the amendment to carry and he replied that for the per diem employees the cost would be approximately \$15,000 per year while for the monthly employees the cost would be approximately \$58,000 per year.

Supervisor Mancuso asked Mr. Henderson as to the amount of money which may have been set aside for the purpose of paying for such time off, to which Mr. Henderson replied that no funds have been set aside.

Supervisor Fazackerley expressed the opinion that the present controlling provisions were fair and equitable and allowed for exercise of proper administrative discretion.

Supervisor MacPhee stated that everything possible should be done to encourage voting, but was convinced that the present provisions permitted of the required time off, and warned that the new tax rate would be in the neighborhood of \$7.00.

Supervisor Lewis stated that money was being spent for many projects, such as the amount being appropriated to put fluoride in the city's water supply, and this, over many protests, and that he was in favor of allowing employees the necessary time off to vote and that he would go along and vote for the proposed amendment.

Supervisor Gallagher stated he would like to vote for the proposed amendment but that there were other amendments which most likely should command more serious consideration than the pending one, and therefore he would vote against it.

The roll was thereupon called on Supervisor Mancuso's proposed amendment and it was *adopted* by the following vote:

Ayes: Supervisors Halley, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, J. Joseph Sullivan—5.

Temporarily Postponed.**Amendment Changing School Cafeteria Employees from Hourly to Monthly Basis.**

Supervisor Halley moved, seconded by Supervisor McMurray, that the compensation for School Cafeteria employees be changed from an hourly basis to a monthly basis.

The Clerk of the Board was directed to prepare the required amendment.

Discussion.

Supervisor MacPhee inquired of Mr. Henderson, representing the Civil Service Commission, as to the cost which would be involved in putting this amendment into effect, and he replied that the cost would be approximately \$13,715 per year.

Consideration of the motion to amend temporarily postponed pending its preparation by the Clerk.

Adopted.

Amendment Concerning Payment of Premium for Night Work.

Supervisor Mancuso moved, seconded by Supervisor McMurray, an amendment to Section 2.1, said section to read as follows:

"Section 2.1. Night Shift Work and Extra Compensation Therefor. A night shift is a tour of duty of 7½ hours' work completed within 8½ hours or 8 hours' work completed within 9 hours, which tour of duty commenced after 2 p. m. and prior to 6 a. m. Employees whose compensations are fixed herein on a monthly basis who are regularly required to work a night shift of 8 hours shall be paid 6¼ per cent more than the amount to which they are otherwise entitled, and employees who are regularly required to work a night shift of less than 8 hours shall be paid 12½ per cent more than the amount to which they are otherwise entitled. This provision shall not apply to employees whose compensations are fixed herein on a per diem or hourly basis."

Discussion.

Supervisor Gallagher inquired of Mrs. Molly Minudri, representing the A.F.L. Council of City Employees, as to the number of employees affected by the proposed shift. Mrs. Minudri stated the number was in the neighborhood of 750.

Supervisor Gallagher asked Mr. Henderson as to the probable cost involved should the proposed amendment be adopted, and he replied the cost would be approximately \$114,677, which amount included retirement benefits.

Thereupon the roll was called and the foregoing proposed amendment was *adopted* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—8.

Noes: Supervisors Fazackerley, MacPhee, J. Joseph Sullivan—3.

Request of Supervisor MacPhee to Be Excused.

Supervisor MacPhee requested permission to excuse himself from further Board attendance at the hour of 5:00 p. m. There being no objection, permission *granted*.

Motion to Recess.

Supervisor John J. Sullivan moved a five-minute recess. Motion seconded by Supervisor Mead, and there being no objection, motion *carried*.

Board recessed at 3:40 p. m.

Amendment Concerning Placing of School Cafeteria Employees on Monthly Basis—Lost.

Upon reconvening, Supervisor Halley renewed his original motion regarding the placing of school cafeteria workers on a monthly basis and moved the following amendment to Section 2.4a:

"The provisions of this section, insofar as holidays recognized by the Board of Education are concerned, which occur during the school

year, shall also apply to cafeteria workers in the Board of Education whose compensations are fixed in the Salary Standardization Ordinance on an hourly basis."

Motion seconded by Supervisor McMurray.

Discussion.

Supervisor MacPhee inquired of Mr. Henderson as to the cost which would be involved should the proposed amendment be adopted, and he replied that the cost would be in the neighborhood of \$16,000 per year.

Request of Supervisor Lewis Concerning Reports on Fair Employment Practice Plan.

Supervisor Lewis requested that in connection with Special Order, 3 p. m., on regular Board calendar, those gentlemen in the audience who cannot stay any longer, submit written reports dealing with voluntary compliance with the provisions of Resolution No. 9510 (Series of 1939), respecting fair employment practices, and that they attend the next meeting of the Board for the purpose of making oral presentations.

Point of Order.

Supervisor Halley rose to a point of order, contending that the Board was, at the moment, in recessed session.

The President ruled the point of order well taken.

The roll was thereupon called and the proposed amendment *lost* by the following vote:

Ayes: Supervisors Halley, McMurray—2.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Amendment Concerning Increased Compensation for Classification I-106 of Morgue Attendant—Lost.

Supervisor Halley moved, seconded by Supervisor McMurray, the following amendment to Section 1.3:

"Employees classified as I-106 Morgue Attendant, whose duties required continuous, direct and personal contact with cases of contagious diseases, shall be paid Ten Dollars (\$10.00) per month more than the amount to which they are otherwise entitled. The extra compensation referred to shall be paid only upon certification by the Coroner or the Director of Public Health that employees are performing duties which entitle them to the extra compensation as provided in this section."

The roll was thereupon called and the foregoing amendment *lost* by the following vote:

Ayes: Supervisors Gallagher, Halley, Lewis, McMurray, John J. Sullivan—5.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, Mead, J. Joseph Sullivan—6.

Explanations of Votes.

Supervisor MacPhee expressed the opinion that he did not believe the Board was treating the taxpayer too kindly by the passage of the proposed amendments, and that while the amendments acted upon favorably by the Board had merit, there were other requests which likewise had considerable merit, and accordingly he would vote against the amendments as a whole.

Supervisor Christopher stated that while he voted for some of the amendments and against others, he would vote for them as part of the administrative provisions.

Thereupon the roll was called and the administrative provisions were *approved*, as amended, by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Noes: Supervisors Fazackerley, MacPhee—2.

Notification of Departments.

The Clerk was directed to notify the interested departments of the approved amendments.

Supervisor Mead moved, seconded by Supervisor McMurray, that the rules be suspended for the purpose of considering the recommendation of the Police Committee out of order, authorizing increase in fares for taxicabs, limousines and sedans, and designated as File No. 7357.

Supervisor Lewis objected, contending that there was a Special Order at 3:00 p. m., dealing with hearing of reports on fair employment practices, which had not as yet been considered, and which should be taken up immediately.

The roll was thereupon called and the motion to suspend the rules lost by the following vote:

Discussion.

Supervisor Lewis moved that all those who submitted reported to the Board dealing with the aforementioned subject be placed under oath by the Clerk of the Board.

No second; motion lost.

Request for Appearance of Mr. Almon E. Roth.

Supervisor Lewis requested that Mr. Almon E. Roth, representing the San Francisco Employers' Council, be asked to appear before the Board next Monday afternoon for the purpose of hearing a report from him and to provide an opportunity for Board members to question him with respect to such report.

At the same time, Supervisor Lewis suggested that the Board now hear oral reports and at the next meeting of the Board listen to the written ones.

Privilege of the Floor.

The privilege of the floor was accorded Mr. George W. Johns of the San Francisco Labor Council.

Before Mr. Johns was permitted to speak, the Clerk was directed to announce the names of those organizations to whom invitations were sent and those in the audience were requested to announce their presence upon the calling of their names. It developed that none of the organizations' representatives listed in the letter read by the Clerk were in the audience, although reports from most of them were on file.

The labor representative, Mr. Johns, objected to being the sole speaker; whereupon Supervisor Fazackerley moved that consideration of the foregoing subject be continued for a period of one week. Motion seconded by Supervisor Gallagher.

Amendment.

Supervisor Lewis moved as an amendment, seconded by Supervisor Gallagher, that the Clerk of the Board be requested to invite the representatives of the organizations listed in the communication read by the Clerk to attend the meeting of the Board on Monday, May 7, 1951, Special Order, at 2:00 p. m., for the purpose of discussing their reports.

There being no objection the motion, as amended, *carried*.

individuals that as a Special Order of Business, Monday, May 14, 1951, at 2:00 p. m., such organizations and individuals will be accorded the opportunity of expressing their views with respect to reports to be rendered by various organizations on May 7th, dealing with the voluntary compliance of provisions of Resolution No. 9510 (Series of 1939) in connection with fair employment practices and their views in general concerning the program.

No objection and motion *carried*.

SPECIAL ORDER—4:30 P. M.

Hearing Conducted—Resolution Approving Policy Adopted.

Consideration of Proposed State Loan for Golden Gate Bridge Highway Construction.

Consideration by the Board, sitting as a Committee of the Whole, of the use of a potential loan of \$5,000,000 which the Golden Gate Bridge and Highway District has the power to borrow from the state for the construction of a six-lane divided highway from the north bridgehead of the Golden Gate Bridge to Waldo Point on U. S. Highway 101.

File No. 7439

Privilege of the Floor.

The privilege of the floor was accorded to the following representatives of the Golden Gate Bridge and Highway District:

W. Finlaw Geary, vice-president of the Bridge District and chairman of the Special Committee established to seek the loan; Phil Davies, director; Jesse C. Colman, director; and Joseph Diviny, director.

Discussion.

Supervisor Mead suggested that the Board of Supervisors go on record as concurring with the proposed plan of the Bridge District in seeking the \$5,000,000 loan.

Supervisor Fazackerley suggested that consideration be given to the plan whereby the Bridge District could be reimbursed by the state through gas tax funds since the proposed reconstruction is considered to be work which should be performed by the State Division of Highways.

Presentation of Resolution.

Supervisor Mead presented a resolution and asked for the suspension of the rules for the purpose of immediate consideration. Motion seconded by Supervisor Gallagher, and there being no objection, motion *carried*.

A representative of Florence McAuliffe, attorney for the Bridge District, recommended against the inclusion of any condition in the resolution, which might jeopardize the granting of the loan.

Amendments.

Supervisor Gallagher moved that the proposed measure be amended by including therein language providing for the construction of (1) a dividing strip on the Waldo Approach to provide maximum safety; (2) an additional lane on either side of the present Waldo Approach, and (3) the construction of an additional tunnel at or near Point Waldo Tunnel. Motion seconded by Supervisor John J. Sullivan and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mancuso, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors MacPhee, McMurray—2.

Adopted.

Thereupon the roll was called and the measure, as amended, was *adopted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mancuso, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors MacPhee, McMurray—2.

Legislation Considered Out of Order.**Suspension of Rules.**

Supervisor Mead moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following recommendation of Police Committee out of order.

No objection and motion *carried*.

Present: Supervisors Mead, Gallagher.

Passage for Second Reading.

Amending Sections 1134 and 1135 of the Police Code Relating to Rates of Fares for Sedans, Limousines and Taxicabs.

File No. 7357, Ordinance No. . . . (Series of 1939).

(Proposed new rates for sedans:

On time basis: \$4.00 for first hour or fraction; \$2.00 for each succeeding half hour or fraction. (Present rates: \$3.50 and \$1.50.)

On mileage basis: \$.50 for first one-third mile. (Present rate: \$.50 for first mile.)

(Proposed new rate for taxicabs:

\$.50 for first one-third mile or "flag." (Present rate: \$.30.)

Privilege of the Floor.

The privilege of the floor was accorded to the following:

Attorney Martin Jarvis, representing Luxor Cabs, protested the proposed increases on the grounds that his clients would not profit by such measure. Mr. Jarvis mentioned the fact that the Luxor Cab Company is composed of independent cab owners whose income would materially suffer by the enactment of the proposed legislation.

Mr. Anthony Cancilla, representing the Chauffeurs' Union, spoke in favor of the increase.

Motion to Defer Consideration—Lost.

Supervisor Fazackerley stated he would like additional time to study the matter and accordingly moved, seconded by Supervisor J. Joseph Sullivan, that consideration of the measure be continued for a period of one week.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Mr. Lloyd Ackerman, attorney for the Yellow Cab Company, who stressed the fact that even a week's delay would cause considerable financial hardship to his company, due to the new wage scales to become effective on June 1, 1951, and that it was the duty of the Board to provide the public with adequate taxicab service.

The roll was thereupon called on the motion to defer consideration and it *lost* by the following vote:

Ayes: Supervisors Fazackerley, J. Joseph Sullivan—2.

Noes: Supervisors Christopher, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, John J. Sullivan—9.

Statements by Supervisors Fazackerley and Halley.

Supervisor Fazackerley expressed disappointment at not being accorded the courtesy of one week's postponement as he would have welcomed the opportunity of checking the current trends prevalent in other cities, and under the circumstances, he was compelled to vote against the measure.

Supervisor Halley asked Paul Beck, the City's Rate Engineer, if he was satisfied that the increase should be granted, to which Mr. Beck replied that an investigation revealed that with the new wage scales about to be put into effect, the company would incur a loss, should the requested increase not be granted.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—8.

Noes: Supervisors Fazackerley, J. Joseph Sullivan—2.

Absent: Supervisor MacPhee—1.

Supervisor Excused.

Amending Part III of the San Francisco Municipal Code by Amending Section 129 Thereof and by Adding Section 129.1 Thereto, to Provide a Fee for Painting Space Designated for Public Passenger Vehicles and for Space Designated as a White Zone.

File No. 7145-2, Ordinance No. . . . (Series of 1939).

Statement by Director of Traffic.

The privilege of the floor was accorded Captain Jack Eker, Director of Traffic, who stated that he did not look kindly upon the proposed legislation inasmuch as it would be unfair to the owner of the premises in front of which the curbs were painted. The Director hastened to point out that the white curbs were not painted for the benefit of any one particular individual or organization but that the space could be used by anyone for the purpose of picking up or discharging persons or merchandise.

Amendment.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the pending measure be amended by including therein provisions exempting churches from the obligation of paying fees for the painting of white curbs.

Supervisor J. Joseph Sullivan asked Deputy City Attorney Walker Peddicord if the passage of the amendment constituted discrimination, to which Mr. Peddicord replied that, in his opinion, it did not.

The roll was thereupon called on the proposed amendment and it *carried* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan—8.

Absent: Supervisors Christopher, MacPhee, John J. Sullivan—3.

The roll was then called on the measure, as amended, and it *passed for second reading* by the following vote:

SPECIAL ORDER—2:00 P. M.

Consideration of Written and Oral Reports from Organizations Specified in Resolution No. 9510 (Series of 1939) Concerning Voluntary Compliance With Provisions of Said Resolution in Order to Assure Fair Employment Practices.

Pursuant to motion of Supervisor Lewis, duly made and carried in the Board meeting of April 2, 1951, Board of Supervisors to consider written and oral reports from San Francisco Employers' Council, San Francisco Chamber of Commerce, Retail Dry Goods Association, Retail Merchants' Association, Hotel Employers' Association, Hotel Association, Downtown Association, Building Managers' Association, Employment Agencies Association of Northern California, San Francisco Labor Council, San Francisco C.I.O. Council and Mayor's Committee on Human Relations, with respect to results achieved in obtaining voluntary compliance with the provisions of Resolution No. 9510 (Series of 1939), dealing with fair employment practices, during the entire period which has elapsed since adoption thereof on January 30, 1950.

File No. 4636

April 30, 1951—Consideration continued to May 7, 1951.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. George O. Bahrs, general counsel for the San Francisco Employers' Council.

Request That Report Be Read—Lost.

Supervisor Mead requested that the report from the Council be read. Supervisor Mancuso, however, objected on the grounds that each member of the Board had already received a copy of such report over two weeks ago, and that the procedure to follow would be to permit Supervisor Lewis to ask questions of the counsel.

The President then ordered that a roll call be had on the request to have the report read and it *lost* by the following vote:

Ayes: Supervisors Fazackerley, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—5.

Noes: Supervisors Christopher, Gallagher, Lewis, Mancuso, McMurray—5.

Absent: Supervisor Halley—1.

Questions Asked.

Supervisor Lewis proceeded to ask questions of Mr. Bahrs. As a result of one of the questions propounded, Mr. Bahrs agreed to supply Supervisor Lewis with a list of the firms who are employing non-whites.

Point of Order.

In the midst of the interrogation, Supervisor Mancuso rose to a point of order, contending that the Special Order was set for the specific purpose of hearing reports from the various organizations listed in Resolution No. 9510 (Series of 1939) dealing with the voluntary compliance with its provisions relating to fair employment practices, and if Supervisor Lewis desired to spend most of the afternoon in interrogating people, the matter should be re-referred to committee.

The President stated that the Board should hear the reports and that no Supervisor should be precluded the opportunity of asking questions.

Motion to Re-refer to Committee.

Supervisor Mead moved, seconded by Supervisor Mancuso, that the matter be re-referred to committee in view of the fact that he had just received a report from the San Francisco Employers' Council and he had not had the opportunity of reading it.

Supervisor MacPhee suggested that the motion be voted down and that the Board proceed to hear representatives of organizations who had submitted reports.

Supervisor Lewis reminded the Board that when the Special Order was set it was the intention to hear written and oral reports from the representatives of interested organizations, and that the entire Board should be concerned with a matter which so vitally affects the people of the city. The Supervisor urged that the motion to re-refer the matter to committee be voted down.

Supervisor Mead stated that he was willing to withdraw his motion if the interested people are permitted to be heard without having to be subjected to a perpetual barrage of questions.

Motion Withdrawn.

There being no objection, Supervisor Mead *withdrew his motion*. Supervisor Lewis proceeded to question Mr. Bahrs further.

Point of Order.

Supervisor Mead rose to a point of order, contending that reports should now be heard and then if questions are to be asked they may be so put at the end of the reading of such reports.

The President ruled that he saw no way by which Supervisor Lewis or any other Supervisor could be precluded from asking questions at any time and therefore he considered the point of order not well taken.

Point of Order.

Supervisor Gallagher rose to a point of order, contending that the Board should sit as a Committee of the Whole to permit the asking of questions.

The President replied to the effect that when the special order of business was set, it was inferred that the suspension of the rules had been effected.

Supervisor Gallagher suggested that the Board first hear oral reports from all of the representatives of the interested organizations and then permit questions to be asked.

Supervisor Lewis claimed that any Supervisor has the right to interrogate anyone who has submitted a report to the Board of Supervisors.

The President reiterated his belief that there was no way to preclude a Supervisor from asking questions.

Point of Order.

Supervisor Mancuso rose to a point of order, contending that since Mr. Bahrs has been unable to answer many of the questions propounded by Supervisor Lewis, he considered it a waste of time to continue the interrogation.

Refusal of Extension of Time.

The President suggested that the roll be called for an extension of Supervisor Lewis' time for speaking and the extension was *refused* by the following vote:

Ayes: Supervisors Lewis, J. Joseph Sullivan—2.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, McMurray, Mead—7.

Absent: Supervisors Halley, John J. Sullivan—2.

Hearing of Oral Reports.

Upon the conclusion of Mr. Bahrs' statement, oral reports were rendered by representatives of the following organizations:

San Francisco Chamber of Commerce; at this point, Supervisor Lewis began to question Mr. G. L. Fox, the Chamber's representative, whereupon Supervisor Mancuso rose to a point of order, contending that all oral reports should first be heard before questions are asked.

The President ruled the point of order not well taken, contending that the Board was bound by its rules and that any Supervisor has the right to take the floor.

Karl Stull, representing Retail Dry Goods Association.

D. P. Street, representing Retail Merchants Association.

Don Volkman, representing Hotel Employers' Association.

Downtown Association—no representative.

Hotel Association—no representative.

Building Owners and Managers' Association—no representative.

Employment Agencies Association of Northern California (letter on file stating that it would be improbable that a representative would be present).

George W. Johns, representing San Francisco Labor Council.

Supervisor Lewis: Do you think the Board should pass an ordinance on this matter?

Mr. Johns: That is the policy of our Council.

Supervisor Lewis: Do you feel that this Board should pass an ordinance regardless of whether the State of California passes a law or whether it is done on a national basis?

Mr. Johns: That is the policy of our Council.

Showing of Movie Film.

Mr. Johns explained that movies dealing with tolerance in employment in San Francisco were available and if the Board desired, they could be shown within a period of 18 minutes.

Supervisor Mancuso thereupon moved, seconded by Supervisor McMurray, that Mr. Johns be requested to set the necessary paraphernalia for the showing of the film entitled: "Men on the Job."

No objection and motion *carried*.

Before the showing of the film, however, an oral report was rendered by Mr. William Miller, Secretary-Treasurer of the C.I.O. Council.

At the conclusion of Mr. Miller's report, the movie film was shown.

There being no further speakers in connection with the subject-matter, and no Board action required, the discussions thereon were concluded.

SPECIAL ORDER—3:00 P. M.

Appropriating \$40,000, Water Department, for Construction and Operation of a Fluoridation Plant.

File No. 7405, Ordinance No. . . . (Series of 1939).

April 30, 1951—Consideration continued to May 7, 1951.

Discussion.

Supervisor Lewis pleaded with the Board not to enact legislation which will violate the religious beliefs of a large group of people, namely the Christian Scientists, and claimed that the city didn't have the power, other than for purposes of preventing contamination, to say what people shall drink. The Supervisor then proceeded to read an excerpt from "The California Health Magazine," issued by the State Department of Public Health, which stated that the placing of fluoride in water was a medicinal act and not one calculated to purify the water. The matter, the Supervisor averred, should be submitted to the people at the next election in the form of a declaration of policy. Supervisor Lewis concluded by mentioning a number of eastern cities which have refused to fluorinate their water supplies.

Supervisor Halley expressed the opinion that the practice of fluoridating water should be made universal and not authorized for a segment of the population only. Here the Supervisor stated that he intended to submit a declaration of policy at the November, 1951, election to determine whether or not the people of the City and

County of San Francisco desired to have their water supply fluorinated and urged the Supervisors to sign their names to the declaration.

Supervisor Mead: I have yet to talk to one person in San Francisco who has criticized the water coming from Hetch Hetchy. I am convinced if this appropriation is passed, we will have to vote for another forty or fifty thousand dollars, and then another appropriation, and the first thing you know we will probably have a half million dollars of the taxpayers' money spent. If the water were bad, I would consider the money being spent as a mere drop in the bucket; however, I consider our water the best in the entire United States. I have my conscience to live with. I have not been threatened, and if I had been, I would have told those people where to go and how fast to get there. I do not propose to vote for this matter and conclude by saying I am entitled to my own opinion. I do not propose to vote for the expenditure of this forty thousand dollars and I am terribly sorry that I voted for the legislation in the first place but I am apologizing to no one.

Supervisor Fazackerley: I am satisfied that this investment of forty thousand dollars will prove a sound investment for the people of the City and County of San Francisco. This money comes from the revenue of the Water Department.

Motion to Re-refer to Committee.

Supervisor Lewis moved that the subject measure be re-referred to committee.

Motion *lost* for want of a second.

Request that Correspondence Be Read.

Supervisor Lewis requested that correspondence from various citizens favoring or opposing the fluoridation program be read.

Motion *lost* for want of a second.

Motion to Refer Correspondence to Committee.

Supervisor Mancuso moved, seconded by Supervisor Fazackerley, that all correspondence received on the matter be referred to committee.

Point of Order.

Supervisor Lewis rose to a point of order, contending that it is incumbent upon the Board to have correspondence read if such is the desire of any Supervisor.

The President of the Board ruled the point of order not well taken.

Motion Withdrawn.

There being no objection, Supervisor Mancuso *withdrew his motion*.

Supervisor Gallagher asked Supervisor Halley if it was his intention to submit a declaration of policy and at the same time vote for the measure, and Supervisor Halley replied that he was merely attempting to establish a procedure to be followed by future Boards of Supervisors.

The roll was thereupon called and the subject measure was *passed for second reading* by the following vote:

Supervisor Lewis explained that Miss Travis was not an employee of the council but was obtained through one of the large stenotype services in the city.

Substitute.

Supervisor Halley moved, as a substitute, that the Board of Supervisors retain the services of a court reporter for the purpose of having its own transcript of the Board's proceedings. Motion seconded by Supervisor Fazackerley.

Supervisor Lewis declared that the Board should not delay hearing of the 2 o'clock Special Order and that it would be an act of courtesy to permit the young lady to sit inside the railing and insisted that his motion was in order.

Supervisor Fazackerley expressed the opinion that Supervisor Halley's motion for the services of a reporter was in order and stated that he would vote for the motion.

Supervisor Mancuso inquired of the President if eight votes were required to adopt the motion permitting the young lady to sit inside the railing, to which the President replied that a majority vote would suffice.

Thereupon the roll was called on the substitute motion as follows:

Ayes: Supervisors Christopher, Fazackerley, Halley, Lewis, McMurray—5.

Noes: Supervisors Mancuso, J. Joseph Sullivan—2.

Absent: Supervisors Gallagher, MacPhee, Mead, John J. Sullivan—4.

Changing of Vote.

Before the result of the foregoing motion was announced, Supervisor Lewis requested permission to change his vote from "Aye" to "No."

The Clerk then announced the roll call as follows:

Ayes: Supervisors Christopher, Fazackerley, Halley, McMurray—4.

Noes: Supervisors Lewis, Mancuso, J. Joseph Sullivan—3.

Absent: Supervisors Gallagher, MacPhee, Mead, John J. Sullivan—4.

Substitute motion *carried*.

There being no objection, consideration of the foregoing matter was *temporarily postponed* pending attempts to secure the services of a court reporter.

Consideration of Legislation Out of Order.

Suspension of Rules.

Supervisor Halley moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of considering the following measure from Streets Committee, with recommendation that the appeal be denied, out of order.

No objection and motion *carried*.

Hearing of Appeal in Connection With the Improvement of Portions of Leland Avenue Between Sawyer Street and Its Westerly Termination.

File No. 4955

(The Board of Supervisors at its meeting on Monday, December 18, 1950, heard protestants in connection with the foregoing improvement, and the matter was subsequently referred to committee for further study and action. The committee now recommends that the appeal be denied.)

April 30, 1951—Consideration continued to May 14, 1951.

Privilege of the Floor.

The privilege of the floor was extended to Arthur J. Barrett, Jr., representing Amedo and Irene Degino, who informed the Board that his clients did not receive notice of the proposed improvement because they did not own the property at the time, and when the improvements were begun, they then became aware of the obligations imposed upon them. Mr. Barrett stressed the fact that the change in grade had raised his clients' home 12 feet above street level and access can only be had by means of a ladder. Further, Mr. Degino attempted to rectify the matter by a visit to the City Hall but received no consideration whatever. To correct the existing condition, it would require in the neighborhood of four thousand dollars, and Mr. Barrett requested that the Board set aside the assessment levied on the property.

Supervisor Halley stated that the then owners of the property in question were notified of the proposed improvement, and that the Department of Public Works has made such allowances as can legally be made. If the appeal is granted, it will open the door for thousands of such cases.

Motion to Confirm Assessment and Deny Appeal—Carried.

Supervisor Halley thereupon moved that the assessment be confirmed and the appeal be denied. Motion seconded by Supervisor Mancuso and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Mancuso, McMurray, Mead, J. Joseph Sullivan—8.

No: Supervisor Lewis—1.

Absent: Supervisors MacPhee, John J. Sullivan—2.

Resumption of Consideration of Special Order, 2 P. M., Relating to Subject of Fair Employment Practices.

The President of the Board informed the members that inquiries have disclosed that no court reporters were available at the moment to record the activities of the Board.

Supervisor Mead requested that several copies of the transcript be made available to the Board for the use of its members.

Supervisor Mancuso objected to the existing possibility that the Board may have to pay for the transcripts, contending that the young

lady was not employed by the Board and if the Board is to receive copies of the transcript, they should be furnished gratuitously.

Motion to Procure Free Copies of Transcript—Carried.

Supervisor Mancuso moved, seconded by Supervisor McMurray, that the Clerk of the Board be requested to ask for several copies of the transcript to be furnished this Board free of charge.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Mancuso, McMurray—5.

Noes: Supervisors Halley, Lewis, Mead, J. Joseph Sullivan—4.

Absent: Supervisors MacPhee, John J. Sullivan—2.

Committee of the Whole.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

Supervisor Gallagher moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor Mancuso, and there being no objection, motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Charles F. Cahill, representing the San Francisco Citizens' Committee for Equal Employment Opportunity, who asked for the privilege of introducing members of the committee representing various segments of community life. The request was granted and the following members of the committee spoke in favor of the enactment of a F.E.P.C. measure:

Richard W. Dettering, Executive Director, Citizens' Committee for Equal Employment Opportunity; Dr. Thomas Wu, spokesman, Chinese Delegation; Mrs. Anne Kunitani for Citizens' Committee for Equal Employment Opportunity; Dr. Hilario G. Marquez, Chairman, Board of Directors, Filipino Community, Inc.; Mrs. Robert Kaiser, Director, California Federation for Civic Unity; William M. Malone, Chairman, Democratic County Central Committee; Richard Liebes, Research Director, Building Service Employees' Union; Samuel Daniels, Chairman, FEP Com. Miscellaneous Employees, Local 10, AFL; William Kilpatrick, Secretary-Treasurer, Cooks Union, Local 44, AFL; Eugene B. Block, Executive Director, Jewish Community Relations Council; Edward Howden, Executive Director, Council for Civic Unity of San Francisco.

Recess.

Supervisor Gallagher, seconded by Supervisor John J. Sullivan, moved a five-minute recess.

No objection and motion *carried*.

Resumption of Hearing.

Upon reconvening, the Board resumed its hearing on F.E.P.C. reports. The following, members of the Citizens' Committee for Equal Employment Opportunity, spoke: Rabbi Alvin I. Fine, Temple Emanu-El; Prof. Cy W. Record, San Francisco State College; Manuel Maldonado, spokesman, United Latin Americans; Martin Rosenblatt, spokesman, S. F. Jewish Organizations; Sam Ishikawa, Regional Director, Japanese American Citizens' League; R. J. Reynolds, President, S. F. Branch, National Association for the Advancement of Colored People; Jack Goldberger, President, S. F. Labor Council, AFL; Timothy Flynn, Regional Director, CIO; James Glynn, Vice-President, Association of Catholic Trade Unionists; Miss Helen Henry, Repre-

sentative, Public Affairs Committee, YWCA; Rev. Robert Moon, Pastor, Park Presidio United Church; Irving S. Rosenblatt, Jr., Chairman, Citizens' Committee for Equal Employment Opportunity.

The following individual speakers were also accorded the privilege of the floor: Jose Correia (presented petition with four thousand names); Joseph Burton; Hursel Alexander, Secretary, Communist Party of State of California.

Opposition.

At the mention of Mr. Alexander's party affiliation, Supervisor Mead bitterly opposed the privilege of the floor to the foregoing speaker, emphatically declaring that he did not propose to sit as one member of the Board and listen to the harangues of the Communist Party's representative.

The President of the Board informed Supervisor Mead that while every member of the Board had the right of expressing himself, as President, he could not preclude the opportunity of Mr. Alexander of addressing the Board.

Supervisor Mead declared that if the privilege of the floor is accorded Mr. Alexander, he did not intend to listen to him and that he would walk out of the room whether or not permission to so absent himself was given.

Motion to Recess.

Supervisor John J. Sullivan moved that the Committee recess until the hour of 8:00 p. m. Motion seconded by Supervisor McMurray.

Substitute Motion—Lost.

Supervisor Halley moved, as a substitute, that the committee recess until the hour of 10 o'clock a. m., Tuesday, May 15, 1951.

Motion lost for want of a second.

Original Motion Lost.

Thereupon the roll was called on Supervisor John J. Sullivan's motion and it lost by the following vote:

Ayes: Supervisors Gallagher, Mancuso, McMurray, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Halley, Lewis, MacPhee, Mead, J. Joseph Sullivan—7.

Motion to Deny Privilege of the Floor.

Supervisor Mancuso moved that the committee deny the privilege of the floor to any member of the Communist Party. Motion seconded by Supervisor John J. Sullivan.

Discussion.

Supervisor MacPhee stated that he felt sure the Board members wanted to be fair to everybody, which policy is in contravention to the principles of Communism and suggested that the committee hear from the Communist.

Supervisor Mead reiterated his intention of refraining from listening to the representative of the Communist Party and reaffirmed his oft-repeated denunciation of the principles of Communism.

The President of the Board suggested that the motion to deny the privilege of the floor be withdrawn and that those Supervisors who did not desire to listen to Mr. Alexander could leave the chambers.

Supervisor John J. Sullivan objected to the suggestion of the President that Supervisor Mancuso's motion be withdrawn.

Withdrawal of Motion to Deny Privilege of the Floor—Carried.

However, Supervisor Mancuso moved, seconded by Supervisor MacPhee, that his motion to deny the privilege of the floor to any Communist be withdrawn.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, McMurray, J. Joseph Sullivan—7.

Noes: Supervisors Halley, Mead, John J. Sullivan—3.

Absent: Supervisor Mancuso—1.

At the conclusion of Mr. Alexander's talk, the following individual speakers were also heard: Charles Augustus, Betty De Losada, Charles H. Plueger, Robert Watson, Sarah Hines, Robert Yateman, Wesley C. Peoples.

Motion to Rise and Report.

Supervisor Halley moved that the committee rise and report. Motion seconded by Supervisor McMurray, and there being no objection, motion *carried*.

The President announced that the members were now sitting as a Board of Supervisors.

Motion to Recess.

Supervisor MacPhee moved that the Board recess until the hour of 10 a. m., Tuesday, May 15, 1951. Motion seconded by Supervisor Lewis, and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor Mancuso—1.

The Board recessed at the hour of 7:15 p. m.

JOHN R. McGRATH, Clerk.

TUESDAY, MAY 15, 1951—10:30 A. M.

In the Board of Supervisors, San Francisco, Tuesday, May 15, 1951, 10:30 a. m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Mancuso—1.

Quorum present.

President Christopher presiding.

Supervisor Mancuso noted present at 10:50 a. m.

Consideration Continued.

The following measure, called from the Joint Judiciary and County, State and National Affairs Committee by Supervisor Lewis, was taken up:

An Ordinance Prohibiting Discriminatory Practices in Employment Because of Race, Color, Religion, National Origin, or Ancestry by Employers, Employment Agencies, Labor Organizations and Others; Creating a Commission of Equal Employment Opportunity and Describing Its Duties and Powers Generally, and Providing Penalties for the Violation of This Ordinance.

File No. 4636, Ordinance No. . . . (Series of 1939).

(The following amendments to the foregoing measure were approved by the Board at its meeting of January 23, 1950:

1. Section 1 entitled: "Findings and Declaration of Policy" deleted, and balance of sections renumbered accordingly.
2. Section 6, last sentence of subdivision "d" deleted, reading as follows: "... When the Commission finds that such person has committed further unfair employment practices subsequent to such a finding, and a final judgment from an appropriate court shall have been obtained assessing a penalty provided in Section 7 for such further unfair employment practice, it shall be mandatory for the agency of the City and County which granted such privilege or license or licenses to suspend it or them for one (1) year."
3. New Section 8 added, reading as follows: "Section 8. Duration. This ordinance shall continue in force for a period of fifteen months from and after its effective date, unless sooner amended or repealed."

Substitute Measure Presented.

Supervisor Lewis moved a substitute measure in lieu of the foregoing ordinance. Motion seconded by Supervisor McMurray.

No objection and motion *carried*.

Amendment.

Supervisor Lewis moved that the substitute measure be amended by adding a new section to read as follows:

"Section 9. Duration. This ordinance shall continue in force for a period of fifteen months from and after its effective date, unless sooner amended or repealed."

Motion seconded by Supervisor McMurray and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Discussion.

Supervisor Fazackerley commented on the fact that new hearings have not as yet been held on the new measure.

Supervisor Lewis then proceeded to embark upon a lengthy explanation of all phases of discussion heretofore held in connection with the subject of fair employment practices, for the purpose of refuting Supervisor Fazackerley's contention that proper hearings had not been held.

Motion to Postpone Consideration—Carried.

Supervisor Fazackerley: We have heard an historical dissertation upon the urgency of the F.E.P.C. plan. We have heard reports from various organizations with respect to the effect of that voluntary plan. Then when such reports were concluded, Supervisor Lewis brought out of committee this measure, now amended, and properly before us. We have heard comments on the voluntary plan. However, we have not heard from any person on this piece of legislation so while this may be misinterpreted by many, the only proper action to be

taken is to postpone action on this matter for two weeks, allowing the necessary time for review, and then if further hearings are required, the Board can then resolve itself into a Committee of the Whole; so I move that consideration of the foregoing matter be continued for a period of two weeks.

Motion seconded by Supervisor Gallagher.

Objection to Delay.

Supervisor Lewis objected to the proposed delay, contending that there was absolutely no merit in so doing.

Privilege of the Floor.

Supervisor J. Joseph Sullivan moved that the privilege of the floor be extended to Frank Carmody, an observer from the San Francisco Employers' Council. Motion seconded by Supervisor McMurray, and there being no objection, motion *carried*.

Mr. Carmody contended that his organization was not in a position to offer any rebuttal until a further transcript of the proceedings had been perused.

Supervisor Mancuso expressed the views as outlined by Supervisor Fazackerley; however, the Chair ruled that the matter had been called from the Joint Judiciary and County, State and National Affairs Committee and was properly before the Board.

Supervisor Mancuso countered with the statement that the measure had never received proper study in committee.

Motion Setting Special Order.

Supervisor Fazackerley again renewed his motion that consideration of the pending measure be deferred until Monday, May 28, 1951, at the hour of 2:00 p. m. and that interested parties be notified. Motion seconded by Supervisor Gallagher.

Supervisor Lewis suggested that following the conclusion of the hearing by the employers' group, that the Citizens' Committee for Equal Employment be given the privilege of offering rebuttal.

There being no objection, the suggestion offered by Supervisor Lewis was *considered incorporated* in Supervisor Fazackerley's original motion.

Explanation of Vote.

Supervisor Mead stated that he did not know how much more discussion the Board could hear on the subject; that a great deal of time had already been consumed and that as far as he was concerned, his mind had already been made up and accordingly, he was compelled to vote against deferment.

Consideration Continued.

The roll was thereupon called and the motion to defer consideration *carried* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, MacPhee, Mancuso, John J. Sullivan—6.

Noes: Supervisors Christopher, Lewis, McMurray, Mead, J. Joseph Sullivan—5.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor Mancuso moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of considering the following recommendation of Police Committee out of order.

No objection and motion *carried*.

Present: Supervisors Mead, Gallagher.

Final Passage.

Amending Sections 1134 and 1135 of the Police Code Relating to Rates of Fare for Sedans, Limousines and Taxicabs.

File No. 7357, Ordinance No. 6702 (Series of 1939).

(Proposed new rates for sedans:

On time basis: \$4.00 for first hour or fraction; \$2.00 for each succeeding half hour or fraction. (Present rates: \$3.50 and \$1.50.)

On mileage basis: \$.50 for first one-third mile. (Present rates: \$.50 for first mile.)

(Proposed new rate for taxicabs:

\$.50 for first one-third mile or "flag." (Present rate: \$.30.))

Amendment.

Supervisor Fazackerley moved, seconded by Supervisor MacPhee, that Section 1134 be amended to read in part as follows: "The rates of fare for sedans shall be not more than . . .," and that Section 1135 be amended to read in part as follows: "The rates of fare for taxicabs shall be not more than . . ." Motion seconded by Supervisor MacPhee.

Discussion.

Supervisor Mead contended that Supervisor Fazackerley's amendment would very possibly result in a price war which would certainly not be to the interest of the people of the city and county.

Recess.

Supervisor Lewis moved, seconded by Supervisor John J. Sullivan, that the Board recess until 2:00 p. m.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

The Board recessed at 12:05 p. m.

TUESDAY, MAY 15, 1951—2:30 P. M.

In the Board of Supervisors, San Francisco, Tuesday, May 15, 1951, 2:00 p. m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors Mancuso, McMurray—2.

Quorum present.

President Christopher presiding.

Supervisor McMurray noted present at 2:50 p. m.

Supervisor Mancuso noted present at 2:55 p. m.

Resumption of Consideration of File 7357, Proposing Increase in Fares for Sedans and Taxicabs.

Consideration was resumed in connection with proposed increases in fares for sedans and taxicabs.

Committee of the Whole.

Supervisor Mead moved that the Board resolve itself into a Committee of the Whole; motion seconded by Supervisor Halley.

No objection and motion *carried*.

Supervisor Mead moved, seconded by Supervisor Halley, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was accorded the following:

Anthony Cancilla, representing the Chauffeurs' Union. Mr. Cancilla spoke against adopting a minimum and maximum rate and urged that a standard rate be approved.

Lloyd Ackerman, counsel for Yellow Cab Company. Mr. Ackerman contended that Supervisor Fazackerley's amendment, if approved, would not serve the general public interest. The Yellow Cab Company maintains a flock of boxes throughout the city in the interest of the public and its accounting offices constitute one of the heaviest expenses. Further, his company had been losing money during the past three years.

Sergeant Ernest Lindauer of the Police Department spoke in favor of the Yellow Cab Company's request for increase in fares.

Mr. Martin Jarvis, representing the Luxor Cab Company, spoke against the measure, declaring that if the proposed increases were permitted, it would result in a decrease in the number of persons using sedans and taxicabs and it should always be the policy of the Board to bear in mind the welfare of the general public, and Luxor cabs would undoubtedly feel the loss of revenue.

Andrew Pryal, Manager of Luxor Cabs, spoke against the proposed increases, while Floyd Jones of DeSoto Sedan Service, Inc., spoke in favor of them.

Motion to Rise and Report.

Supervisor Halley moved that the Committee rise and report. Motion seconded by Supervisor J. Joseph Sullivan.

No objection and motion *carried*.

The Board now sitting as a Board of Supervisors.

Explanation of Vote.

Supervisor Fazackerley declared the city's most important function was to serve the public, and secondly, the consideration of rate revision for the purpose of affording needed relief.

Supervisor Lewis Excused from Voting.

Supervisor Lewis explained to the Board that he represented a client, associated with Luxor Cabs, who is a holder of eight permits and requested permission to refrain from casting a vote on the measure.

Thereupon Supervisor J. Joseph Sullivan moved, seconded by Supervisor MacPhee, that Supervisor Lewis be excused from voting on the measure.

No objection and motion *carried*.

Amendment Lost.

The roll was thereupon called on Supervisor Fazackerley's amendment and it lost by the following vote:

Ayes: Supervisors Fazackerley, MacPhee, J. Joseph Sullivan—3.

Noes: Supervisors Christopher, Gallagher, Halley, Mancuso, McMurray, Mead, John J. Sullivan—7.

Absent: Supervisor Lewis—1.

Supervisor Mead: Apparently the attorney for Luxor Cabs has not made any effort to cooperate with Paul Beck, our Rate Expert. Luxor Cabs is considered to be a responsible organization. A few months ago the representative was asked if records could be procured from the cabs under the jurisdiction of the Luxor Cab Company and the gentleman answered that he would not secure the records and if Beck wanted them, he could secure them himself. I am terribly sorry to have to say that the City cannot expect reasonable consideration from the Luxor Cab Company and I propose in the future to have their records subpoenaed.

Thereupon the roll was called and the measure was *finally passed* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, MacPhee, Mancuso, McMurray, Mead, John J. Sullivan—8.

Noes: Supervisors Fazackerley, J. Joseph Sullivan—2.

Absent: Supervisor Lewis—1.

Discussion.

Sheet 6, Line 11, Drydocking Fire Boats.

General Wylie, representing the State Board of Harbor Commissioners, explained the position of the State in connection with the Fire Boats. The State will go along on a 50-50 basis until new boats can be constructed. It will have to be determined how many boats are necessary. Work has been started on the specifications and it will take approximately one year after they are ready. If it is decided that both fire boats are necessary then one should be drydocked during the coming year. The State feels that one boat will be adequate.

Supervisor Gallagher inquired as to whether or not the State would undertake the cost of drydocking.

General Wylie replied that it would not.

Supervisor Gallagher asked what the State would do if the \$9,000 for the drydocking of the boats were deleted.

General Wylie answered that the State is willing to pay one-half the cost of the drydocking. If the \$9,000 is deleted then the State Board would have to take action.

INDEX 65—MUNICIPAL RAILWAY

Supervisor MacPhee stated that the Public Utilities Commission has submitted a recommendation for the discontinuance of duplicating lines in certain areas of San Francisco as recommended in 1947 by the Master Plan for Transit Improvement, and accordingly he would not press the issue.

Supervisor MacPhee, seconded by Supervisor Fazackerley, moved that the Board request the Public Utilities Commission to give consideration to the following recommendations as prepared by the Finance Committee:

Proceed with the program of eliminating duplicating transit lines in certain areas of San Francisco as recommended in 1947 by the Master Plan for Transit Improvements.

Review present railway pass privileges by which Public Utilities Commission employees and others ride free while all other citizens must pay. Require reimbursement from Police and Fire Departments for all uniformed (or other) personnel now riding public transit without paying.

Renew consideration of secondary transfer privileges.

Reorganize claims settlement processes by more frequent meetings of the Public Utilities Commission (if necessary) to act upon recommendation for settlement by the City Attorney. It is apparent that the present system of taking a considerable proportion of claims to court has become unduly expensive.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Supervisor MacPhee, seconded by Supervisor Fazackerley, moved that the budget be amended to provide that the surpluses existing in the Water Revenue Operating Fund and the Hetch Hetchy Project Fund in excess of 25 per cent of the cost of the operations, repairs and maintenance be transferred to the General Fund, in accordance with Section 129 of the Charter; calculations to be made by the Controller.

Discussion.

Supervisor Halley inquired of the City Attorney as to whether or not the motion was a legal one.

Mr. Walker Peddicord, Deputy City Attorney, replied that the motion was not part of the budget procedure, but that it might be part of the fiscal policy of the year. Consideration of the budget is the matter that is before the Board today. If there is a surplus in the fund there is no question that at the proper time you can take it up.

Point of Order.

Supervisor Lewis remarked that on two previous occasions when matters like this came up during this budget consideration that he had raised a point of order. Supervisor Lewis rose to a point of order; that the matter is out of order in accordance with the advice of the City Attorney.

The Chair ruled that this was a legal meeting of the Board and any matter may be presented:

Supervisor Lewis rose to a point of order: the only matter before us now is the budget and any other matter is out of order.

Mr. Ross, Controller, stated that the City Attorney did not state that this is not part of the budget consideration. What is before the Board now is the budget of the Water Department. There are funds that are to go into the Water Surplus Fund and it is up to the Board to determine whether or not it wants this money to go into the Surplus Fund or transfer it to the General Fund in accordance with Section 129 of the Charter. This procedure has been followed in the past and this is the disposition the Board must make of the funds.

Mr. Peddicord said that the estimate of the surplus for the ensuing year is not part of the procedure contemplated in Section 129 which is a limitation on the powers of the Board. If Section 129 were not here the Board would be in a different situation, but Section 129 limits the Board's power. In accordance with Section 129 you deal with an accumulated surplus and not an estimated surplus. The consideration of this is entirely different from the fixing of the tax rate. If at any time during the fiscal year the surplus in the Water Funds exceeds 25 per cent you can transfer it.

Mr. Ross answered by saying that he did not believe that it is a restriction but a granting of power to permit the Board to do something. There is no restriction on the time in which it can be done.

Supervisor Mancuso stated that in view of the statements made by Mr. Ross and Mr. Peddicord there would be no objections to the Board passing the motion now, asking for the transfer of the surplus in excess of 25 per cent.

Mr. Peddicord replied that he believed there would be. If you do it now the preceding fiscal year is a different fiscal year than if you do it after July 1st. An estimated surplus is different from an accrued surplus and this should be taken out of the accrued surplus. The Controller could be authorized to make a study and report to the Board after July 1st, and then the Board could transfer the amount.

Mr. Ross explained that he did not believe that there was any real difference of opinion between Mr. Peddicord and himself. The Finance Committee is requesting the Controller to make a survey and if there is any surplus, to transfer such surplus. There is nothing in the budget procedure to preclude them from authorizing such transfer when it accrues.

Point of Order.

Supervisor Lewis rose to a point a order. The City Attorney has given his advice on this matter that this does not have any bearing on the budget.

The Chair ruled the point of order not well taken.

Mr. Hoershner, replying to question of Supervisor John J. Sullivan, stated that he was under the impression that the water rates were increased because the Water Department needed additional money for betterments and improvements.

Mr. Landis, President of the Public Utilities Commission, remarked that the matter involves Commission policy and fundamental water rates. The surplus is used for the improvement and betterment of service so that it will not be necessary to have to go into the tax rate. If there was such a surplus as suggested then the rates should be reduced rather than turn the money into the General Fund.

An Ordinance Regulating the Use of Public and Private Sewers and Drains; Private Sewage Disposal, Garbage Grinders in Individual Units; and the Discharge of Water and Waste into a Public Sewer System, Contiguous Shore or Lake Waters of the City and County and Providing Penalties for Violations Thereof; Providing a Sewer Service Charge for the Discharge of Sewage into or Through the Sewers of the City and County; Providing for Liens upon Property and for Discontinuance of Water Service for the Non-Payment of Said Charges.

Recommendation of the Finance Committee:

File No. 7599, Ordinance No. . . . (Series of 1939).

Discussion.

Mr. Brooks explained that he believed that this is a workable ordinance charging a single family dwelling 45 cents per month and apartment houses and industrial users 15 per cent of their water bill.

Mr. Landis said that he interpreted the ordinance as placing the jurisdiction of the sewers under the Water Department. By doing this you would be making tax collectors out of the Water Department.

Supervisor Fazackerley inquired of the City Attorney as to whether or not the city could enter into a contract with the Water Department and have them act as the city's agent?

Mr. Peddicord replied that this ordinance would have very serious consequences in view of Section 121 of the Charter. The courts have ruled that where a rental charge is made it should be under the jurisdiction of the Utilities Commission. The sewer system is now under the Chief Administrative Officer and if it is placed under the Water Department they would have jurisdiction.

Supervisor Halley moved, as an amendment to subdivision (d), Section 2, Definitions: After the words ". . . not organized for private benefit . . ." add the following: "and individuals who have not been bona fide residents of the City and County for a continuous period of at least one year immediately preceding the alleged unfair employment practice which is the subject of their complaints filed pursuant to Section 6 hereof, are excluded from the operation of this ordinance."

Motion seconded by Supervisor Mancuso and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Explanation of Vote.

Supervisor Fazackerley stated that he was satisfied with results achieved under the voluntary plan and would vote accordingly.

Amendments.

Supervisor MacPhee moved the following amendments:

1. On page 6, third paragraph, after the words ". . . such order as the facts warrant . . .", delete the following: ". . . and which is appropriate to effectuate the purposes of this ordinance and shall certify the case and the entire record of its proceedings to the District Attorney who shall proceed no less than twenty (20) days and no more than thirty (30) days thereafter to invoke the aid of an appropriate court to impose the penalties provided in Section 7 of this ordinance and by appropriate action secure the enforcement of the order. If the Commission, prior to the commencement of proceedings under Section 7, as a result of its efforts of adjustment or otherwise, finds that the respondent is no longer engaging in unfair employment practices, no such proceedings shall be instituted."

2. Delete entire language in subdivision "d" at bottom of page 6 and on top of page 7, beginning with words "every contract hereinafter awarded by this City and, . . .", and ending with ". . . for a period of one (1) year subsequent to such final judgment."

3. Substitute the following for new Section 7: "Section 7. Eighteen (18) months after the adoption of this ordinance, the Commission shall report its findings to the Board of Supervisors, who shall determine within thirty (30) days after the receipt of said report as to its recommendations for penal provisions to be added to this ordinance."

4. Delete Section 9 relating to duration.

Supervisor Halley extended a courtesy second to the foregoing amendments.

Five-Minute Recess.

Supervisor John J. Sullivan moved a five-minute recess. Motion seconded by Supervisor McMurray, and there being no objection motion carried.

Substitute Motion—Lost.

Upon reconvening, Supervisor Lewis moved as a substitute, the following:

1. On page 6, delete the third paragraph and insert in lieu thereof the following: "If, upon all the evidence, the Commission shall determine that the respondent has engaged or is engaging in any unfair employment practice, the Commission shall state its findings of fact and shall render such decision or enter such order as the facts warrant and which is appropriate to effectuate the purposes of this Ordinance and shall certify the case and the entire record of its proceedings to the City Attorney who shall proceed, in the name of this City and County, no less than twenty (20) days and no more than thirty (30) days thereafter to invoke the aid of an appropriate court to secure by appropriate action the enforcement of the order. If the Commission, prior to the commencement of judicial proceedings, as a result of its efforts of adjustment or otherwise, finds that the respondent is no longer engaging in unfair employment practices, no such proceedings shall be instituted.

2. On page 6, delete subdivision "d" beginning at the bottom of the page and insert in lieu thereof the following:

d. Every contract hereafter awarded by this City and County or any of its contracting agencies, except those as to which bids and proposals have been invited prior to the effective date hereof, shall contain a provision obligating the contractor and his sub-contractors not to engage in any conduct defined as an unfair employment practice in Section 3 hereof. Breach of this covenant may be regarded as a material breach of the contract. Whenever the Commission finds that any such contractor or sub-contractor has engaged or is engaging in any unfair employment practice subsequent to a prior finding by the Commission that such person has engaged in any unfair employment practice, and final judgment from an appropriate court shall have been obtained against such contractor or sub-contractor enforcing the order of the Commission issued pursuant to Section 6b of this Ordinance against such further unfair employment practice, the City and County and its contracting agencies shall have no power to enter into any further contracts with such person for a period of one (1) year subsequent to such final judgment.

3. Delete Section 7 relating to Penalty.

Substitute motion seconded by Supervisor McMurray.

Supervisor Lewis explained that the purpose of his substitute was to remove the penal provisions and any violations may then be pursued in the civil courts.

Amendment—Ruled Out of Order.

Supervisor Halley moved, as an amendment, that the entire matter be submitted to the people at the November election. Motion seconded by Supervisor John J. Sullivan.

The President ruled the motion out of order and based his decision on the fact that no vote has yet been taken on pending amendments nor on the substitute motion.

Substitute Motion Lost.

The roll was thereupon called on Supervisor Lewis' substitute motion and it lost by the following vote:

Ayes: Supervisors Christopher, Lewis, McMurray—3.

Noes: Supervisors Fazackerley, Gallagher, Halley, MacPhee, Mancuso, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Supervisor MacPhee Amendments Lost.

The roll was then called on Supervisor MacPhee's amendment and it lost by the following vote:

Ayes: Supervisors Fazackerley, MacPhee—2.

Noes: Supervisors Christopher, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Motion for Submission of F.E.P.C. Measure to People.

Supervisor Halley moved, seconded by Supervisor John J. Sullivan, that the F.E.P.C. measure be submitted to the people.

Objection.

Supervisor Lewis objected to the verbal motion, contending that such action as is proposed by Supervisor Halley must be done either by ordinance or resolution.

To a query by the President as to the correct procedure, Walker Peddicord, Deputy City Attorney, suggested that the motion be placed in writing with a "Resolved" clause in it.

The President ruled the motion was properly before the Board.

Discussion. Point of Order—No Action Taken.

Supervisor Lewis spoke on the pending motion and at a certain interval, Supervisor Halley rose to a point of order, contending that Supervisor Lewis was "rambling all over the place" and not adhering to the subject at hand.

The President declined to rule on the point of order, thus permitting Supervisor Lewis to continue his talk.

A few moments later, Supervisor Halley again rose to a point of order, reiterating his previous contention that Supervisor Lewis was not sticking to the pending motion.

The President ruled that the Supervisor was merely amplifying his views on the motion.

Supervisor Lewis concluded his remarks by stating that the Board should vote affirmatively on the measure and not take it to the people. That to permit the people to vote on such a matter was all wrong because it would be tantamount to shifting a responsibility which rightfully belongs to the Board.

Supervisor Halley's Motion Lost.

Thereupon the roll was called on Supervisor Halley's motion to submit the F.E.P.C. measure to the people and it lost by the following vote:

Ayes: Supervisors Gallagher, Halley, MacPhee, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan—7.

Explanation of Vote.

Supervisor Mead: I have received letters, telegrams and telephone calls and from labor organizations some of which I resent. I call your attention very reluctantly to an incident which happened about five years ago. I had a brother. My brother, at that time, was about 45 years of age. He never married. He lived with my mother. My brother was killed—he was murdered by two colored boys. If one has a right to be vindictive, I have that right, because that, in turn, killed my mother. I have two ears, am 21 years of age, and have two eyes; no, I have four of them. All the threats in connection with this legislation will not sway me either one way or the other. Regarding the fifteen-month clause, I am of the opinion that some people are fearful of a bugaboo that does not exist and **probably will not exist** in the event this proposal is given a fair trial. If I find that the proposal works a hardship, I will be the first to stand on this floor and ask for its repeal.

Measure Defeated.

The roll was thereupon called on the measure and it was *refused passage for second reading* by the following vote:

Ayes: Supervisors Christopher, Lewis, McMurray, Mead, J. Joseph Sullivan—5.

Noes: Supervisors Fazackerley, Gallagher, Halley, MacPhee, Mancuso, John J. Sullivan—6.

Supervisor Lewis explained why he had heretofore requested a hearing on the subject.

Privilege of the Floor.

The privilege of the floor was extended to James Turner, Manager of Utilities.

Mr. Turner: The Municipal Railway over the past five years has developed an accurate record. People are becoming claims minded, and the percentage to the number of accidents increased from 29 per cent in 1946 to 45 per cent in 1950. We have been spending each year the sum of \$1,300,000 in claims. Mr. Mills has suggested organizational changes with the hopes of saving money. This year we will spend \$1,218,000. Each spring, during the last several years, we find ourselves running short of money. There are three classes of claims: non-litigated, which are settled by our Claims Department. These are inexpensive claims. Then there are suits settled out of court. A court suit has been filed but the attorney settles the claim out of court. The third class is the judgment claims. When spring comes, we let certain judgments lapse because they do not amount to much. We consider it better to have money left with which to pay non-litigated claims which, in many cases, would have resulted in larger amounts rather than pay the accrued interest on judgments. Each claim is reviewed by the City Attorney's office and by the Manager of Utilities.

To a query, Mr. Turner advised that there were, at the present time, 44 unpaid judgments, interest penalties accruing on nine of them.

City Attorney Holm enlightened the Board with respect to the payment of claims by advising that some eight years ago there was an accumulation of claims totaling some five hundred thousand dollars. During succeeding years sums were set up to pay claims arising during that particular year and naturally the arrearage of claims unpaid always presented itself. Mr. Holm suggested that hereafter, during budget consideration, the Board appropriate sufficient funds to take care of all pending obligations.

To a query by Supervisor Lewis, Mr. Holm stated that if sufficient funds were available at the present time, many cases pending in his office, could be settled out of court.

There being no further discussion, the Board took no official action and hearings on the subject were concluded.

Final Passage.

June 4, 1951—Consideration continued to June 11, 1951.

Privilege of the Floor.

The privilege of the floor was accorded Jack Eker, Director of Traffic, who spoke against the proposed amendment, basing his objections on the fact that it would lend the impression that those persons making applications for white zones and thereby compelled to pay for the painting of such curbs, are being granted the privilege of using such zones for their personal use.

Amendment.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the rate for painting a lineal foot of curb space be increased from 10 cents to 50 cents.

Inquiry—Temporary Postponement.

Supervisor Lewis inquired of Mr. Sherman P. Duckel, Director of the Department of Public Works, as to the cost to the city of painting such curbs. Authorizing the Mayor to Enter into Agreement With Francis V. Keesling, Jr., for Employment as Congressional Public Relations Counsel for the Fiscal Year 1951-1952.

File No. 7701, Resolution No. 11233 (Series of 1939).

Discussion.

Supervisor Lewis spoke at length on the necessity of retaining Mr. Keesling, placing particular emphasis on his fine work and the importance of knowing who to contact on matters affecting the City and County and in this connection the Supervisor claimed that Mr. Keesling's services have been of inestimable value.

Objections.

Supervisor Fazackerley asserted that there were many organizations representing cities and counties who performed services in Washington, and that it was an unusual practice for cities to have special representatives in Washington, and that San Francisco could be represented by the interested department heads as well as by the City Attorney's office.

Supervisor MacPhee stated that while he appreciated the value of Mr. Keesling's services, he felt that the city's needs could be adequately taken care of by the city's congressional representatives.

Supervisor Mancuso, however, differed with the views expressed by Supervisor MacPhee, contending that congressional representatives do not follow through with a particular problem and that San Francisco needed someone who knows how to initiate and dispose of problems.

Roll Call.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Gallagher, Halley, Lewis, Mancuso, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, J. Joseph Sullivan—4.

Absent: Supervisor McMurray—1.

Suspension of Rules.

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that the rules be suspended for the purpose of immediately considering the following measure, vetoed in part by the Mayor, out of order.

No objection and motion *carried*.

There is no one more sincerely desirous than I of limiting the tax rate, but it is entirely possible that the proposed procedure could result in legal complications which in turn could actually bring about

an increase in the tax rate. Any hasty and ill-considered device in the attempt to extract funds from the Water Department or the Hetch Hetchy Project, which do not form, in reality, surplus of those departments within the meaning of Section 129 of the Charter, cannot meet with my approval. The items mentioned above, subjected to this veto, have no place in the Annual Appropriation Ordinance.

Firstly, the City Attorney has advised that the inclusion of such items of this ordinance is in violation of law, inasmuch as the existence of a surplus cannot be ascertained until the end of the current fiscal year. I concur in the City Attorney's opinion. It is highly doubtful whether there is, in fact, even at the present time (were today's figures to be considered) a surplus in either department, which, in the language of Section 129, would "exceed 25 per cent of the total expenditures of such utility for operation, repairs and maintenance for the preceding fiscal year," or for the current fiscal year, as estimated. In any event, according to the advice of the City Attorney, any calculation of surplus must inevitably wait the end of the current fiscal year.

Secondly, I am vetoing the above mentioned items for the reasons that the rights of the city under the Raker Act might be gravely imperiled were this Annual Appropriation Ordinance to stand as the final act of the Board of Supervisors. The Raker Act provides that various sales of water be made at cost. The provisions of this Annual Appropriation Ordinance, are such as to indicate that, so far as the ordinance is concerned, a profit is being derived and in substance a dividend is being distributed to the general fund of the City and County of San Francisco at the expense of various rate payers.

Thirdly, I consider that, were the present ordinance to stand, there would be a violation of assurances given to rate payers at the time of the recent hearing on the increase of rates of the Water Department. At that time, statements were made to the rate payers that such rate increase was necessary for the purpose of providing for reconstruction and replacements, as permitted by Section 127 of the Charter. This was, further, the basis upon which the Butler report, in recommendation of the increased rate for water users, was founded. Now to depart from such plan would be a breach of duty toward the rate payers.

Fourthly, a very substantial surplus should be maintained at all time as the utility, as such, has no funds out of which to pay for the repair or reconditioning of any of the works or properties used and useful in the project in the event of a major disaster. It is quite true the Emergency Reserve Fund of the City could be resorted to in the event serious damage was done to the works or properties of the utility, but if this were done you would again be resorting to taxpayers' funds to sustain the utility that is presumed to be self-supporting. It would appear that an adequate surplus to be carried to the account of this utility should be at least 1 per cent of the nearly 200 million dollars value of the properties involved. This is especially evident when the present procedure contemplates the consideration of a surplus which cannot even be determined until next fiscal year, and in nowise is a reality at this time.

I therefore am returning the Annual Appropriation Ordinance to you with announcement of my veto in the above respects.

Respectfully yours,

ELMER E. ROBINSON

Mayor of the City and County
of San Francisco

Explanation of Vote.

Supervisor MacPhee, in explaining his vote, stated that he believed the Water Department should not only be able to pay its own bills but that such surpluses as it may be able to accumulate should be used for the benefit of the ad valorem taxpayer.

Question Put.

The President of the Board put the following question to the Board:

Shall the Annual Appropriation Ordinance be approved notwithstanding the Mayor's veto? A vote "Aye" overrides the Mayor's veto; a vote "No" sustains the Mayor's veto. Eight votes are required to override the Mayor's veto.

The roll was thereupon called and the Mayor's veto was *sustained* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Noes: Supervisors Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—6.

Supervisor Mead Temporarily Excused.

Supervisor Mead requested permission to temporarily absent himself.

No objection and permission *granted*.

Suspension of Rules.

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that the rules be suspended for the purpose of immediately considering the following recommendation of Finance Committee, out of order.

No objection and motion *carried*.

Present: Supervisors MacPhee, Fazackerley, Mead.

Passage for Second Reading.

Rescission of Action.

Supervisor Halley moved, seconded by Supervisor McMurray, that the Board rescind its action whereby it had passed the foregoing measure for second reading.

No objection and motion *carried*.

Discussion.

Supervisor MacPhee explained that the proposal was an economy move and that first of all, the measure must be passed, and then the Board, by resolution, shall determine which cars are to be placed in the car pool.

Supervisor Halley objected to consideration of the pending measure until he had information with respect to the following queries: The number of cars to be placed in the pool; how many employees would be involved; where the car pool facilities were to be located; what the yearly cost of running such an establishment would amount to, and other related questions.

Supervisor Halley then questioned Harold H. Jones, Purchaser of Supplies. The Purchaser told the Supervisor that present facilities at 1755 California Street would house 25 cars and that he had just placed a letter on the desk of the Chief Administrative Officer covering various phases of the plan, setting forth therein his recommendations and suggestions.

Supervisor MacPhee urged the Board's approval of the measure, stressing the fact that many large corporations and other cities have already installed such a system with success.

To a question propounded to him, Deputy City Attorney Walker Eddicord replied that if it is anticipated by the Board to transfer cars from departments to the car pool, an ordinance must first be passed to provide the necessary enabling authorization for such action.

Motion for Re-reference to Committee—Lost.

Supervisor Halley moved, seconded by Supervisor John J. Sullivan, that the foregoing measure be re-referred to committee.

Motion lost by the following vote:

Ayes: Supervisors Halley, McMurray, John J. Sullivan—3.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, Mead, J. Joseph Sullivan—7.

Absent: Supervisor Lewis—1.

Explanation of Vote.

Supervisor Mead stated he was voting for the measure with reluctance, and that he was terribly sorry in having to state that in his opinion, too many city employees were using official cars after business hours. That during his sixteen years on the Board, he had, on occasions, noticed official cars at the Beach on Sundays. The Supervisor concluded by stating that he was sorry to have to vote against some of his very good friends but that he felt things had gone too far.

The roll was thereupon called and the foregoing measure was passed for second reading by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Lewis—1.

(See later action for rescission, amendment and passage.)

Consideration of Legislation Out of Order.**Suspension of Rules.**

Supervisor MacPhee moved, seconded by Supervisor Gallagher that the rules be suspended for the purpose of considering the following recommendation of the Finance Committee out of order.

No objection and motion carried.

Present: Supervisors MacPhee, Fazackerley, Mead.

(Supervisor Fazackerley dissenting.)

Appropriating \$5,000, Recreation and Park, for Removal of Francis Scott Key Statue from Its Present Location in Front of the Academy of Sciences and Relocating It in a Desirable Part of the Band Course.

Discussion.

Supervisor Gallagher expressed opposition to the plan to spend the sum of \$5,000 for the purpose of moving the statue but a few feet from its present location.

Supervisor MacPhee explained that it was his understanding that the Park Department had promised the California Academy of Sciences some years ago that they would move the statue to compensate the Academy people who have spent thousands of dollars in the interest of San Francisco.

Measure Defeated.

The roll was thereupon called and the foregoing measure was defeated by the following vote:

Ayes: Supervisors Christopher, Halley, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Fazackerley, Gallagher, Mancuso, McMurray, Mead, John J. Sullivan—6.

Referred to Police Committee.

Statement by Supervisor MacPhee Concerning Construction of Approaches to the San Francisco-Oakland Bay Bridge.

During the early part of 1950, Supervisor Fazackerley and he presented and sponsored a proposal for the refinancing of the San Francisco-Oakland Bay Bridge. The proposal included a recommendation that \$54,000,000 be borrowed and used for the construction of additional approaches to the bay bridge, which would not conflict or interfere with the proposed southern bay crossing, and which would also include recommendations for increasing the vehicular capacity of the Bridge by almost 20 per cent through comparatively minor alterations of the lower deck, installation of safety devices such as a dividing center strip, installation of control lights, rearrangement of the toll plaza and other progressive measures.

The Mayor, at that time, stated that the program was unsound; however, it is interesting to note that even at this late date, he is convinced that the present bridge approach system is inadequate in spite of his vigorous opposition to the refinancing and improvement plan submitted by Supervisors MacPhee and Fazackerley last year.

Had the Fazackerley-MacPhee plan received unanimous approval and support at that time, the refinancing and reconstruction program would have been advanced by some fifteen months, and, in addition, it would have been entirely possible that an additional burden of some 12 to 16 million dollars could have been averted, such additional sums having been proposed in recent weeks for reimbursement of the state gas tax fund, for financing of additional bay crossing studies and for other purposes.

Presentation of Distinguished Guests.

The President of the Board introduced the Hon. Christian Stock, former Prime Minister of Hessen, Germany. Mr. Stock was warmly applauded.

Mr. Frank Steinway, representing the Workmen's Education Association, acted as spokesman for Mr. Stock, and stated that the former Prime Minister's visit to this country was prompted by a desire to study the effect of the workings of democratic principles, and that he hoped by such a visit to assist in cementing a close bond of friendship between his country and the United States.

The President called upon Supervisor Mancuso to reply. The Supervisor told the Honorable Mr. Stock that the Board was honored by his presence and that it was his hope, as well as the hope of every member of the Board, that he would glean sufficient experience and data from his visit to inculcate in the citizens of his country respect and admiration for the principles for which this country stands.

Consideration Continued.

Charter Amendment—Section 158.2, Relating to Retirement Allowance of the Director of Public Health.

File No. 7025

June 18, 1951—Consideration continued to June 25, 1951.

Discussion.

Supervisor Fazackerley stated it was his understanding that enactment of the measure would cost the city some forty thousand dollars; that a similar measure had already been submitted to the electorate and been defeated; that he considered it unfair to the taxpayers to again submit it to them for approval; and that the proposed charter amendment was likewise unfair to other city employees situated in comparable administrative capacities, who have worked just as hard and as long as the Director of Public Health. The matter should be re-referred to committee and a more general approach to the problem be made.

Motion to Re-refer to Committee.

Accordingly, Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that the foregoing proposed charter amendment be re-referred to committee.

Supervisor Mancuso spoke against re-reference, contending that its previous defeat at the polls was obviously based on a misunderstanding on the part of the voters, with respect to its purpose.

Privilege of the Floor.

The privilege of the floor was extended to Dr. James A. Hamilton of the San Francisco Medical Society, who stated that his society did not support the charter amendment as submitted two years ago, but since that time it has had time to reconsider its action and now has expressed itself in favor of the proposition.

Substitute Motion—Carried.

Supervisor Mancuso moved, as a substitute motion, seconded by Supervisor Halley, that consideration of the foregoing be continued for a period of one week.

Motion *carried* by the following vote:

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Presentation of California Youth Authority Report Relating to Youth Guidance Center.

Supervisor Christopher presented a report prepared by the California Youth Authority relating to study of Juvenile Hall and basic administrative relationships between the Juvenile Court, Probation Committee and Probation Department.

Discussion.

Supervisor Christopher: I have not had an opportunity to check the report but intend to peruse it thoroughly. I feel that it behooves all of us to do something about it. I am referring this matter to the Public Health and Welfare Committee and ask that that committee hold hearings on it and study it and determine if anything can be done to improve conditions at the Youth Guidance Center.

Supervisor Gallagher expressed the opinion that the matter does not come under the jurisdiction of the Board; however, the Board should ask the Juvenile Probation Committee, meeting tonight, to defer any action until the Mayor and the Board have had an opportunity to study the report.

(NOTE: The following italicized passages have been ordered expunged from the record. See subsequent proceedings.)

Motion by Supervisor Christopher.

Supervisor Christopher accordingly moved, seconded by Supervisor McMurray, that the Board of Supervisors does hereby respectfully suggest to the Juvenile Probation Committee that it defer any action which it contemplates taking with respect to the Holton Report and the recommendations contained therein, as well as any other action in connection with the operation of the Juvenile Court Department until such time as the Public Health and Welfare Committee of the Board of Supervisors, and the Board itself, has had an opportunity fully to explore such report and give thorough consideration thereto, in the public interest.

Supervisor Mancuso expressed the opinion that while the Juvenile Court operates by reason of state law, the Legislature looks to the respective counties for enactment of legislation in event the Juvenile Court is not functioning in the best interests of the people.

Motion Adopted.

The roll was thereupon called and Supervisor Christopher's motion was adopted by the following vote:

Announcement of Committee Meeting.

Supervisor Mead announced a meeting of the Police Committee for Wednesday, June 27, 1951, at 2:30 p. m.

Consideration of Petition from San Francisco Council of Women Shoppers for Support of Pending Legislation Affecting Rollback of Beef Prices at Retail Levels.

Committee of the Whole.

Supervisor Mancuso moved, seconded by Supervisor McMurray, that the Board now resolve itself into a Committee of the Whole for the purpose of hearing from the group representing the San Francisco Council of Women Shoppers, which, earlier in the meeting, presented a petition looking for supervisory action in support of pending federal legislation proposing a rollback of beef prices at retail levels.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Mancuso, McMurray, Mead, J. Joseph Sullivan—7.

No: Supervisor Fazackerley—1.

Absent: Supervisors Lewis, MacPhee, John J. Sullivan—3.

Supervisor Mancuso moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor McMurray, and there being no objection, motion *carried*.

The Board now sitting in Committee of the Whole.

Privilege of the Floor.

The privilege of the floor was extended to the following representatives of the San Francisco Council of Women Shoppers, each of whom made individual pleas in support of the pending federal legislation:

Mrs. Frances Shaskan, Chairman of the San Francisco Council of Women Shoppers; Mrs. Maggie McGee, representing Frederic Burke PTA Council of Women Shoppers; Mrs. Elise Krisan, Council of Women Shoppers; Mrs. Alice James, Potrero Branch; Mrs. Florence Brennan, Excelsior Branch; Mr. P. Hall, an individual.

Motion to Rise and Report.

At the conclusion of the hearing, Supervisor Mead moved that the Committee rise and report. Motion seconded by Supervisor McMurray, and there being no objection, motion *carried*.

Discussion.

The Board now sitting as a Board of Supervisors.

Supervisor Fazackerley stated that while he appreciated the plight of the housewife, he felt that the adoption of a resolution by the Board in connection with the subject would have no beneficial effect whatsoever.

Supervisor Mead stated that he saw no harm in adopting such a resolution, asserting that there certainly was no justification for the present high cost of meat.

Motion That Clerk Transmit Personal Communications to Congressional Representatives.

Supervisor Mead moved that the Clerk of the Board transmit a communication to the city's congressional representatives, over his signature, requesting them to support pending federal legislation proposing a rollback of beef prices.

Supervisor Christopher asked that a communication likewise be sent over his signature

Motion *lost* for want of a second.

Withdrawal of Objection.

Supervisor Fazackerley, at this point, withdrew his original objection to the petition presented by the San Francisco Council of Women Shoppers, which matter then had been tentatively referred to the County, State and National Affairs Committee by the President.

The President thereupon ruled that the matter was properly before the Board.

Request for Preparation of Resolution.

Supervisor McMurray moved that the Clerk prepare a resolution commending Congressmen Shelley and Havenner for their action on the meat price rollback program. Motion seconded by Supervisor Mead.

Supervisor Mancuso objected to the preparation of such a resolution.

Temporary Postponement.

There being no objection, consideration of the pending matter was temporarily postponed to permit the preparation of suitable legislation.

Resumption of Consideration of Report of California Youth Authority Regarding Activities of Youth Guidance Center.

(NOTE: The following italicized passages have been ordered expunged from the record. See subsequent proceedings.)

Supervisor Gallagher asked Deputy City Attorney Walker Peddicord as to the scope of authority of the Board with respect to the employees of the Juvenile Court; is the Board justified in its proposal to ask deferment of action on the Holton Report by the Juvenile Probation Committee; is the function of the Juvenile Court one which is properly governed by state law?

To the foregoing queries, Mr. Peddicord replied that the Board has no jurisdiction over such employees unless the proposed motion dealt with legislation relating to appropriations.

Motion to Rescind—Carried.

Supervisor Halley took exception to Supervisor Christopher's motion, contending that the Board, by the adoption of such motion, prejudging the actions of the Juvenile Probation Committee, and accordingly moved, seconded by Supervisor Gallagher, that the Board rescind its action whereby it had, earlier in the meeting, adopted Supervisor Christopher's original motion, this to permit the removal therefrom of certain objectionable language.

No objection and motion carried.

Suggested Amendment.

Supervisor Fazackerley suggested that the words "which it contemplates taking," be stricken from the pending motion of Supervisor Christopher, on which action had been rescinded.

Supervisor Mancuso Appointed Acting President.

The President of the Board requested Supervisor Mancuso to serve as Acting President so as to permit the President to discuss the matter further from the floor.

Discussion.

Supervisor Gallagher asked Deputy City Attorney Walker Peddicord if the Board had the right to "suggest" to the Juvenile Probation Committee doing something which they may or may not desire to do. Mr. Peddicord replied to the effect that while the Board had no authority to suggest any action on the part of the Juvenile Probation Committee, the Board does have the right to consider legislation referring to funds required by the Juvenile Court.

President Christopher: I do not know how Mr. Peddicord has arrived at his conclusion but he has certainly rendered some versatile opinions because on more than one occasion, we have memorialized

the Federal Government and various other agencies over which we have no control. Section 22 of the Charter in my opinion, has but one intent, and that intent is to prohibit the Board from going into city departments and using their influence in invoking their administrative powers. Supervisor Gallagher has, on various occasions, introduced legislation to memorialize, and so have other members of this Board. In this instance, I did not intend to prejudge the matter pending before the Juvenile Probation Committee, nor do I intend to. I stated I wanted several weeks' time to read the Holton Report. As I have stated before, I want to take issue with the City Attorney that we cannot express our opinion by motion to the Juvenile Probation Committee.

Supervisor Halley: Should not this request be in the form of a resolution instead of a motion?

Acting President Mancuso: Since this is not a legislative act, the motion is proper.

Supervisor Gallagher: I believe the motion should go to committee, along with the report presented by Supervisor Christopher.

The Acting President suggested a time limit in the motion.

A two-week limit was suggested by Supervisor Fazackerley.

Amendment.

Thereupon Supervisor Christopher moved, seconded by Supervisor Fazackerley, the deletion of the words "which it contemplates taking," and the inclusion therein of a two-week limit, so that the motion will now read as follows:

"That the Board of Supervisors does hereby respectfully suggest to the Juvenile Probation Committee that it defer any action with respect to the Holton Report and the recommendations contained therein as well as any other action in connection with the operation of the Juvenile Court Department until two weeks from June 25th, when the Public Health and Welfare Committee of the Board of Supervisors, and the Board itself, has had an opportunity fully to explore such report and give thorough consideration thereto in the public interest."

Deputy City Attorney Walker Peddicord, in reviewing the amended motion, stated that the Board, in effect, was asking the Juvenile Probation Committee to defer any action affecting the Juvenile Court Department.

Motion to Table—Lost.

Supervisor Halley thereupon moved, seconded by Supervisor Gallagher, that the entire matter be tabled. Motion lost by the following vote:

Ayes: Supervisors Gallagher, Halley—2.

Noes: Supervisors Christopher, Fazackerley, Mancuso, McMurray, Mead, J. Joseph Sullivan—6.

Absent: Supervisors Lewis, MacPhee, John J. Sullivan—3.

Motion to Delete Objectionable Language—Carried.

Supervisor Christopher moved, seconded by Supervisor Mead, that the motion be reframed by deleting therefrom language considered objectionable by the City Attorney. No objection and motion carried.

Motion to Expunge—Carried.

Supervisor Gallagher moved, seconded by Supervisor Christopher, that the foregoing record be expunged insofar as it relates to Supervisor Christopher's original motion and all prior proceedings with respect to the subject matter thereof.

No objection and motion carried.

Introduction of New Motion—Carried.

Supervisor Christopher thereupon moved the following:

"That the Board of Supervisors does hereby respectfully suggest to the Juvenile Probation Committee that it defer any action with respect to the Holton Report and the recommendations contained therein, until two weeks from June 25, 1951, when the Public Health and Welfare Committee of the Board of Supervisors, and the Board itself, has had an opportunity fully to explore such report and give thorough consideration thereto in the public interest."

Motion seconded by Supervisor McMurray and carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Mancuso, McMurray Mead, J. Joseph Sullivan—6.

Noes: Supervisors Gallagher, Halley—2.

Absent: Supervisors Lewis, MacPhee, John J. Sullivan—3.

The President of the Board, through Acting Mayor Supervisor John J. Sullivan, introduced Mr. H. K. Twitchell, International Director of the Moral Re-Armament Movement. Mr. Twitchell and his group had just returned from the World Assembly which met at Mackinac Island, Michigan. He expressed a great deal of pleasure for the privilege of appearing before the Board and gave an explanation of the benefits of moral re-armament.

Mr. Twitchell next introduced the Hon. Otaka, Vice-Governor of the City of Osaka. Mr. Otaka, speaking through an interpreter, expressed deep gratitude for the privilege of coming to America and witnessing democracy in action, and felt sure that the work of moral re-armament will have a most beneficial effect on the peoples of the world.

Mr. Twitchell then introduced various members of the group.

Response from Supervisor MacPhee.

The President of the Board called upon Supervisor MacPhee to reply and the Supervisor expressed the belief that when moral re-armament becomes a factor, democracy will shed its light over all the world, and wished the moral re-armament group godspeed in its great work.

Charter Amendment—Section 158.2, Relating to Retirement Allowance of the Director of Public Health.

File No. 7025

June 25, 1951—Consideration continued to July 2, 1951.

Discussion.

Supervisor MacPhee reiterated his opposition expressed on previous occasions to the submission of the foregoing charter amendment, contending that if the Board is disposed to order it submitted to the electorate, it should likewise give consideration to other faithful city employees holding comparable positions; further, if the Board should decide to give the pending amendment unanimous approval, he would be happy to step out of the chambers while the vote is being taken.

Supervisor Mead stated that if he believed that by submitting the proposed charter amendment the Board would be establishing a precedent, he would be inclined to go along with the views expressed by Supervisor MacPhee.

Supervisor Fazackerley asserted that in the event the electorate approved the charter amendment, it would cost the city some \$40,000 to assure the Director of Public Health of a \$500 a month pension upon retirement; on the other hand, there were many other city employees deserving of as much consideration as is proposed to be given Dr. Geiger, and certainly the Board should not discriminate. Furthermore, the people have already decisively defeated a charter amendment of similar nature some two years ago.

Roll Call.

The roll was thereupon called and the foregoing charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—8.

Hearing of Appeals in Connection With the Improvement of Summit Street Between Thrift Street and Margaret Avenue.

File No. 4659

(The Board of Supervisors at its meeting on Monday, June 18, 1951, considered the above appeals and subsequently referred the matter to committee for further study and action.)

Discussion.

Supervisor Halley, Chairman of the Streets Committee, informed the Board that his committee had given the appeals of Messrs. Brignac and Alger every possible consideration; in fact the Department of Public Works has bent over backwards in its attempt to be of assistance.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. Lloyd Whaley of the Engineering Bureau of the Department of Public Works.

Mr. Whaley: These proceedings were started about two years ago. At that time Mr. Brignac appeared in protest. The proceedings were withdrawn. Then new proceedings were started. He again appeared in protest, but this time against the change of grade. Hearings were held before the Department of Public Works and in the Streets Committee and in both cases the protest was overruled. Now that the work has been completed, Mr. Brignac is protesting the amount of assessment. The total amount of his assessments on his three lots is \$560. The total cost of the work is \$2,010, which means that the city is contributing the difference.

Motion to Override the Appeals.

Supervisor Halley accordingly moved, seconded by Supervisor John J. Sullivan, that the foregoing appeals be overridden and the assessment confirmed.

No objection and motion *carried*.

Referred to Department of Public Works.

Statement by Supervisor Lewis Regarding Services Being Performed by Congressional Representative, Francis V. Keesling, Jr.

Supervisor Lewis explained the importance of having Francis V. Keesling, Jr., as the City's Congressional Representative. He told of Mr. Keesling's meeting the group authorized to appear before the National Production Authority for the purpose of obtaining that body's consent to release materials required for the construction of St. Mary's Square Underground Garage, and acquainting them with the various methods pursued in contacting the various officials, and stressed the fact that without such knowledge, one would indeed find himself in a befuddled condition.

Request That Committee Consider Utilization of Multiple Type Traffic Signals.

Supervisor Lewis requested that the proper committee of the Board study the advisability and feasibility of authorizing the utilization of traffic signals which will (1) permit flow of traffic in either direction with unimpeded right and left hand turns; (2) permit flow of pedestrian traffic while vehicular traffic going in the same direction is stopped.

Queries were propounded by the Supervisor relating to the Diamond Heights project. The Director stated that it was the plan of his Agency to work hand in hand with the City Planning Commission for the purpose of proceeding upon a neighborhood pattern and when such a plan had been formulated, the Agency could then dispose of such lands as it desired to private interests for the construction of homes in conformity with the pattern established.

There being no further questions, and no Board action taken, the hearing was concluded.

File No. 7859, Ordinance No. . . . (Series of 1939).

(Reduces cost of painting lineal foot from \$.50 to \$.25.)

Discussion.

Supervisor Mead declared that he had, after careful study, decided to oppose legislation designed to levy a charge for the painting of white zones, but was in favor of supporting a charge for the painting of taxicab stands, that many hotels in San Francisco are entitled to the use of these white zones and that he was satisfied that the Police Department was doing a good job in the allocation of white zones.

Amendment.

Thereupon Supervisor Mead moved, seconded by Supervisor Halley, that the foregoing measure be amended by deleting therefrom Section 129.1, relating to the payment of fees for the painting of white zones.

Privilege of the Floor.

The privilege of the floor was accorded the following opponents of the measure: Charles W. Kieser, representing the San Francisco Hotel Association; the Northern California Hotel Association and Retail Merchants Association; Hulda McGinn, representing theatre interests.

The roll was then called and the foregoing measure, as amended was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Halley, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—7.

Noes: Supervisors Gallagher, Mancuso—2.

Absent: Supervisors Lewis, MacPhee—2.

Final Passage as Amended.

The following measure from Finance Committee, with recommendation "do pass" after amendment, was taken up:

Present: Supervisors MacPhee, Fazackerley, Mead.

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Certain Employees of the City and County of San Francisco and Employees of the San Francisco Unified School District Allocated to Classifications Specified Herein, Compensations for Which Are Subject to the Provisions of Section 151.3 of the Charter and Fixing Schedules of Compensation for Sub-Foremen, Foremen, and General Foremen of Such Crafts, and Fixing Schedules of Compensations for Classifications for Which Schedules of Compensation Are Based upon Schedules Established in Collective Bargaining Agreements as Described in Section 151.3 of the Charter; Providing That Said Schedules of Compensation Shall Be Effective Beginning July 1, 1951.

File No. 7306, Ordinance No. . . . (Series of 1939).

(Proposed amendments are as follows:

1. Delete from Section 8.9, on page 6, and include in Section 10, on page 27, the classification "A-202 Cement Finisher's Helper" at a rate of 84 cents per day under the A-204 rate. (To correct rate reported to Civil Service Commission in error.)
2. In Section 8.44, on page 26, insert, for the classifications: S-102 Conductor; S-103 Street Car Operator (Female); S-104 Motorman; S-106 Bus Operator—the rate of \$1.636 hour. (To reflect the average of the two highest wage schedules certified by the Civil Service Commission.))

Discussion.

Supervisor Fazackerley stated that he intended to amend the foregoing measure by the introduction of an emergency clause.

Supervisor Mancuso inquired of Deputy City Attorney Walker Peddicord if it was possible for the Board to pass the foregoing

measure for second reading today, to which Mr. Peddicord replied that it would not be, as ten days, under the charter, would have to lapse between two readings of an ordinance, and Section 151.3 of the Charter provided that the foregoing measure must be passed by the Board not later than July 25th. Mr. Peddicord further asserted that the City Attorney's decision rendered last year still applied, namely, that the foregoing measure must be passed as an emergency in order to comply with the time limitations of Section 151.3 of the Charter.

Motion to Adopt Emergency Clause—Carried.

Supervisor Fazackerley moved, seconded by Supervisor Halley, that the foregoing measure be amended by adding thereto an emergency clause.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors Lewis, MacPhee—2.

Communication from Civil Service Commission.

The Clerk of the Board read a communication from the Civil Service Commission in reply to a letter directed to it, in connection with requested review of rates for various classifications.

Privilege of the Floor.

The privilege of the floor was accorded Mrs. Molly Minudri, representing A. F. L. Council of City Employees, who spoke for the classifications of Sewer Cleaner, Track Welder, Track Foreman, Potmen and Asphalt Worker, and contended that these classifications should be accorded the rates recently approved by industry and labor.

Motion to Refer to Civil Service Commission.

Supervisor Mancuso moved, seconded by Supervisor Mead, that the Board refer the disputed rates to the Civil Service Commission for review, analysis and report, said report to be available for Board study by Tuesday, July 17.

Mr. William L. Henderson, Executive Secretary and Director of the Civil Service Commission, informed the Board that under the Charter, the Civil Service Commission must give 24 hours' notice of any meeting on such rates and therefore it would be impossible to comply with Supervisor Mancuso's request that a report be forthcoming by Tuesday. Further, the Commission had already given exhaustive study to the problem, as prescribed by the Charter.

John Casey of the Laborers' Union spoke in favor of the new rate for the Sewer Cleaners.

Henry S. Foley, representing the C.I.O. Carmen's Union, urged passage of the ordinance immediately, to safeguard the new rates for the platform men and bus operators.

Amendments Proposed by Finance Committee—Adopted.

Supervisor Gallagher moved, seconded by Supervisor Fazackerley, that the proposed amendment designated as No. 1 hereinabove, be adopted.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors Lewis, MacPhee—2.

Supervisor Fazackerley moved, seconded by Supervisor Gallagher that the proposed amendment designated as No. 2 hereinabove, be adopted.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Absent: Supervisors Lewis, MacPhee—2.

Query.

Supervisor Gallagher asked Deputy City Attorney Walker Peddicord if he considered it advisable to pass the pending measure as an emergency measure and then at the next weekly meeting of the Board pass the measure again for second reading. Mr. Peddicord replied that such a procedure would not be advisable.

Measure Defeated.

The roll was thereupon called and the foregoing measure, amended, was *defeated* by the following vote:

No: Supervisor Mancuso—1.

Absent: Supervisors Lewis, MacPhee—2.

The roll was thereupon called and the foregoing measure, amended, was *finally passed* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisors Lewis, MacPhee—2.

Consideration Continued.

The following from Finance Committee was taken up:

The President of the Board requested that the following letter be made part of the record.

No objection and so *ordered*.

BOARD OF SUPERVISORS

CITY AND COUNTY OF SAN FRANCISCO

July 16, 1951.

To Members of the Board of Supervisors:

In October, 1948, I submitted through this Board of Supervisors a request to the Mayor that he appoint a permanent Citizens' Committee for the purpose of rendering assistance in the settlement of labor stoppages in San Francisco. The Mayor replied, by letter, that such a committee would be a needless imposition on those asked to serve and declined to take action (quoted in the "Examiner," October 9, 1948).

The unfortunate cancellation of the sailing of the Lurline brings forth more forcibly than ever the need for constructive leadership in preventing strikes on our waterfront. Several thousand people had come to San Francisco to see their friends and relatives sail on the Lurline. A large percentage of the passengers were non-residents of San Francisco, but all had spent thousands of dollars here in preparation for their trip. When a dispute forced cancellation of the Lurline's departure, the many hundreds of passengers left that ship in a mood most uncomplimentary to the prestige of San Francisco. On their way down the gangplank, many bitterly exclaimed that this was the last time they would use San Francisco's port for their departure. Strangely, both labor and management hoped that a third impartial party would lend a helping hand in settling the differences. But no help was forthcoming, just as nothing has been done in many previous waterfront disputes. Once again, irreparable damage was done to the social and economic life of San Francisco.

Responsible shipping men have told me that they try to avoid San Francisco during the months when negotiations are taking place, for fear of being stranded here. Our port, the rightful gateway to the Orient, has consequently lagged in tonnage, and its once foremost position has been lost to more aggressive and more alert cities. Our waterfront is the lifeblood of San Francisco's economy. A prosperous port will mean prosperous merchants and happier workers. Official San Francisco must assume the responsibility of trying to forestall and perhaps wholly eliminate work stoppages on our waterfront. Our people expect that we should at least make this effort in their behalf. In so doing, we need not encroach upon the acknowledged moral, legal and economic sanctions of either side to a dispute. We can save our port by effecting conciliation through mutually acceptable counsel and official cooperation. When two sides to a controversy arrive at an impasse, they oftentimes seek an opportunity to arrive at a mutually satisfactory and amicable settlement. At such an important juncture, official San Francisco should offer its utmost aid in effecting harmonious relations.

I earnestly recommend, therefore, that the Mayor reconsider his previous reluctance to appoint this Committee. A joint Labor-Management-Citizens Committee of five persons should be appointed whose responsibility shall be to keep informed of Labor-Management relations and to offer its counsel, suggestions and cooperation to both Labor and Management in the perpetuation of harmonious and constructive relationships, in the interest of all the people of San Francisco.

Yours very truly,

GEORGE CHRISTOPHER,
President of the Board.

ROLL CALL FOR THE INTRODUCTION OF MEASURES NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Discussion of Plan of State Board of Equalization to Effectuate a Revised Formula for Assessing Public Utilities, in Accordance With Chapter 1466, Statutes of 1949.

Privilege of the Floor.

The privilege of the floor was accorded to Russell L. Wolden, Assessor, who elaborated on the plan of the State Board of Equalization to effectuate its plan to revise the existing formula used in the assessment of public utilities. The Assessor stated that efforts must be made not only to frustrate the attempts of the State Board to foist its plan upon the cities and counties, but they must also be made to repeal the existing state law known as Chapter 1466, Statutes of 1949. The Assessor stressed the fact that the Honorable George Reilly, member of the State Board of Equalization, had taken a firm stand against the assessment-reducing policy of his Board; that if such a formula were to be placed into effect, it would mean a reduction of a million dollars from the city's assessment rolls, with a correspondingly heavier increase in the property tax rate, probably in the \$9 to \$10 range. Further, the Assessor asserted that he did not know any of the details of the assessment basis under the revised formula. He further understood that the Hulse Bill (Senate Bill No. 919), now Chapter 1554, Statutes of 1951, which placed a two-year moratorium on the application of Chapter 1466, Statutes of 1949, was attacked by the State Board of Equalization, which asked the Attorney-General for his opinion on the constitutionality of the measure. The Assessor suggested that efforts should be made to obtain a two-year period within which to work out an assessment formula which would be uniform and acceptable to all of the cities and counties. Likewise efforts should be made to learn the details of the formula sponsored by the State Board of Equalization.

Communication from County Supervisors' Association.

The Clerk read a communication from the County Supervisors' Association, submitting additional data relating to the findings of assessment ratios released to the counties by the State Board of Equalization, affecting properties of public utility companies.

Adopted.

Supervisor Lewis stated that the City Attorney's office should be instructed to investigate the possibility of instituting court action to frustrate the attempts of the State Board of Equalization to effectuate a new assessment ratio formula, and introduced the following measure:

Requesting City Attorney to Immediately Determine if Court Action May Be Instituted to Prevent the State Board of Equalization from Applying Its New Assessment Ratio Formula to Public Utility Properties.

File No. 7904, Resolution No. 11415 (Series of 1939).

Statement by Supervisor Halley Upon Vacating His Seat as a Member of the Board of Supervisors.

Supervisor Halley: This is my last meeting, and I want to say that it has been a great experience and pleasure to be associated with you and sincerely commend the people of San Francisco for having elected such a good Board of Supervisors. I shall make a personal fight to see that the Supervisors are paid a proper compensation as it is unthinkable that the members should work for a pittance of \$200 a month. I thank you for your friendship and wish you all good health and success.

At this point Supervisor Halley turned and thanked the Chief Administrative Officer, Thomas A. Brooks, for his cooperation and also expressed his appreciation of the assistance rendered by Walker Peddicord, Deputy City Attorney.

Statements by Various Supervisors in Connection With the Impending Departure of Supervisor Halley.

Supervisor Lewis lauded Supervisor Halley for his excellent work while serving as a member of the Board and expressed the opinion that his presence will be sorely missed.

Supervisor McMurray wished Supervisor Halley every success in his private business and felt keenly the necessity that impelled Supervisor Halley to vacate his seat.

Supervisor Mead: I am terribly sorry to see you leave. It is a tremendous loss to the Board of Supervisors. I can recall on many occasions, on matters in which I was vitally interested, which I discussed with you and with other members of the Board, and nine

ut of ten times I was unsuccessful in convincing you that I was right and you were wrong. You have a mind of your own which you displayed ever since you came on this Board. In losing Supervisor Halley, it is tantamount to losing a part of San Francisco, and I wish you every success in the world.

Supervisor J. Joseph Sullivan characterized Supervisor Halley as an intelligent, industrious man and the possessor of a sense of humor. He wished him every success.

Supervisor John J. Sullivan stated that Supervisor Halley was a very fine fellow and that he would personally miss him.

Supervisor Fazackerley stated that he has the greatest respect and admiration for the integrity and sincerity of Supervisor Halley as well as his practical approach to problems, and hoped for a continuance of their friendship.

Supervisor MacPhee stated that he had the misfortune to become a victim of the delay which attended the sailing of the "S.S. File No. 7876

July 30, 1951—Consideration continued to August 13, 1951.

Discussion.

Supervisor Mancuso urged submission of the measure and stated that downtown groups had approved the increase.

Supervisor Lewis stated that he had favored reducing the membership of the Board to seven; providing for meetings of the Board four times a week and increasing the salaries accordingly, and therefore, could not vote for the pending proposal.

Supervisor Mancuso suggested that the Board contact Mr. Lloyd Graybiel, chairman of the Charter Revision Committee, which had approved the proposed increase, and then caucus in an attempt to obtain a generally favorable reaction.

Consideration temporarily postponed pending arrival of Mr. Graybiel.

Resumption of Consideration of File No. 5575, Proposed Charter Amendment, Relating to Authorization to Live Outside of the City and County of San Francisco.

Amendments.

Supervisor Mancuso moved the following amendments:

On bottom of page 2 of measure, delete word "reside" and insert in lieu thereof, the word "live." Motion seconded by Supervisor Gallagher and, there being no objection, motion *carried*.

Add new paragraph on page three to read as follows:

"The Retirement Board shall review, without unnecessary delay, all authorizations to live outside the City and County of San Francisco which have been granted by the Director of Public Health and which are now in effect. The board shall have the same powers in respect to such authorizations as are provided herein in respect to authorizations granted by it."

Motion seconded by Supervisor Gallagher and, there being no objection, motion *carried*.

Discussion.

Supervisor Lewis took exception to certain language in the proposed charter amendment, which stated that the employee or officer required to live outside the City and County of San Francisco must file a copy of such application with the respective department heads, and asked the question, with whom would a Supervisor, compelled to live outside the City and County of San Francisco, be required to file such an application? For that matter, where would the head of a department file an application? Supervisor Lewis likewise argued that the phrase "any officer" as used in the charter amendment did not cover elective officials, while Supervisor Mancuso maintained that present charter language so covered.

It was decided to temporarily postpone further consideration of the subject measure to permit a caucus of the Supervisors with Mr. Lloyd Graybiel, Chairman of the Charter Revision Committee, in connection with consideration of the proposed charter amendment dealing with an increase in the salaries of the members of the Board of Supervisors and designated File No. 7876.

Accordingly, Supervisor Mancuso moved, seconded by Supervisor Lewis, that the Board declare a 20-minute recess.

No objection and motion *carried*.

Supervisor MacPhee Excused.

Supervisor MacPhee requested permission to absent himself from Board attendance at the hour of 4:15 p. m.; no objection and request *granted*.

SPECIAL ORDER—3:00 P. M.

Recommendation of Streets Committee.

File No. 7245, Resolution No. 11455 (Series of 1939).

July 30, 1951—Consideration continued to August 13, 1951.

Privilege of the Floor.

The privilege of the floor was extended to Leonard Mosias, vice chairman of the Traffic and Highway Committee of the San Francisco Chamber of Commerce, who spoke in favor of the proposed removal.

Supervisor Lewis asked Mr. Mosias if the chamber had gone on record as favoring busses as against the use of presidential type street cars, to which Mr. Mosias replied that his organization had favored the use of busses over those routes already established for such type of service, but could not definitely state what the future policy of the chamber would be with respect to the overall transportation picture in San Francisco.

There being no further interested parties desiring the privilege of the floor, the roll was called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

SPECIAL ORDER—3:00 P. M.

Appearance of Public Utilities Commission and City Attorney for Purpose of Reporting on Status of Negotiations for Purchase of California Street Cable Railroad Company, and Discussing Possible Action Which May Be Taken for the Early Consummation of Said Purchase.
File No. 4537

Discussion.

In answer to Supervisor Mancuso's inquiry as to the status of the pending negotiations for the purchase by the City of the properties of the California Street Cable Railroad Company, Dion Holm, City Attorney, explained that pursuant to the mandate of the people expressed in the Charter Amendment approved by the electorate some time ago, a plan was submitted to the cable people for the purchase of their properties. Negotiations were carried on from time to time until May of 1950. The contract was then submitted to the stockholders of the company and it was rejected. From time to time, additional consultations were had and finally another offer was submitted to the cable line representatives in a somewhat modified form. Following the submission, several meetings were held between the interested parties. The offer was again turned down. With the consent of the Public Utilities Commission, still another contract, which embodied the most liberal interpretation of the provisions of the charter amendment, was forwarded to the cable line people, with the suggestion that if they were not satisfied with the offer, the city would welcome counter-proposals. To date nothing further has been heard in the premises.

Supervisor Mancuso asked if there was something that could be done by the Board which would assist in consummating the purchase, to which Mr. Philip Landis, President of the Public Utilities

Commission, replied that the matter now rests solely in the hands of the Board of Directors of the cable line, and that the Board may memorialize the Board of Directors to hasten the desired sale to the city.

Sam McKee, member of the Public Utilities Commission: At the meeting of July 15, it was understood that the Public Utilities Commission would receive counter-proposals of the Board of Directors of the cable line. Up to this moment, we have not received any counter-proposals. It was also understood that the California Street Cable Railroad Company would also advise us as to when the next meeting would be held, but we have not heard. The Public Utilities Commission presented to the Mayor a supplementary budget for the operation of the cable line. (Here Mr. McKee quoted a letter from the Mayor acknowledging receipt of supplemental request for budget appropriations.) Nothing has been overlooked in the charter amendment with respect to procedure.

Supervisor Mead suggested that the City void the cable line's franchise, which action would necessarily compel the company to sell its equipment, and San Francisco would then undoubtedly become the highest bidder and probably save a hundred thousand dollars.

Mr. Phil Landis explained that action involving the franchise of the cable line rests solely with the State Public Utilities Commission.

The privilege of the floor was also extended to the following: Fred Searles, Jr., representing the California Street Cable Railroad Company. Mr. Searles answered questions propounded by the several supervisors.

Charles T. Wood, representing the A. F. of L. Carmen's Union. Mr. Wood urged early consummation of the purchase as some one hundred employees of his organization were involved.

Mrs. Hans Klussmann of the Citizens' Cable Car Committee also recommended early consummation of the proposed purchase.

Supervisor Mancuso suggested that either a member of the Board of members of the Finance Committee should be authorized to sit in on the negotiations with a view to assisting in the early consummation of the proposed purchase.

Supervisor Gallagher spoke against the suggestion.

There being no further discussion on the subject, the President terminated the hearing and thanked the members of the Public Utilities Commission for their cooperation.

Consideration Continued.

Supervisor Mancuso moved, seconded by Supervisor McMurray, that consideration of File No. 5575, proposed charter amendment, relating to authorization to live outside the City and County of San Francisco, be continued for a period of one week.

No objection and motion carried.

Consideration continued one week.

August 6, 1951—Consideration continued to August 13, 1951.

Amendment—Lost.

Supervisor Fazackerley moved, as an amendment, seconded by supervisor Lewis, that the words "not more than" be inserted in the second line of Section 1086(a), after the words "... jitney buses shall be. . . ."

Supervisor Mancuso spoke against the amendment, contending that its adoption would provoke a rate war and would prove very bad legislation, as well as an invitation to trouble.

Supervisor Christopher explained his stand by stating that he had voted for increases in taxicab fares because of obstacles which had arisen in that type of business, but that he did not anticipate any such trouble in the jitney industry. Accordingly, he would not vote for the increase.

The roll was thereupon called and the amendment lost by the following vote:

Ayes: Supervisors Fazackerley, Lewis, J. Joseph Sullivan—3.

Noes: Supervisors Arnold, Christopher, Gallagher, Mancuso, McMurray, Mead, John J. Sullivan—7.

Absent: Supervisor MacPhee—1.

File No. 7934, Resolution No. (Series of 1939).

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Michele Giomi, appellant, stated that he wanted the property rezoned so that he could construct a market.

Mrs. E. Treage, a resident, speaking in favor of the rezoning, explained that if Mr. Giomi were permitted to build it would be advantageous for the neighborhood.

Mr. Albert Carlson, representing the Saint Mary's Park Improvement Club, speaking in opposition to the rezoning, stated that it would create an additional traffic hazard if a market were permitted to be constructed on the property in question.

Mr. Paul Oppermann, Director of Planning, explained the reason as to why the City Planning Commission disapproved the application to rezone the property. He stated that all of the property in the block is zoned First Residential. Mr. Oppermann further pointed out the traffic hazard that would be created by motorists having to make a left hand turn from Alemany Boulevard to get to the market.

He explained that he was of the opinion that the area in question should have additional shopping facilities but that before any property is rezoned for that purpose a survey should be made to determine where the shopping center should be constructed.

Supervisor Mancuso stated that at the present time there is no store in the neighborhood, and that Mr. Giomi had agreed to do everything that the City Planning Commission had proposed, e.g., the construction of a 5-foot bulkhead so that there would not be any ingress or egress on Alemany Boulevard, and also provide off-street parking at the market.

Motion to Continue Consideration.

Supervisor Mancuso, seconded by Supervisor McMurray, moved that consideration of the appeal be considered for a period of one week.

No objection and motion carried.

Statement Re Tax Rate for 1951-52.

The following measure from Finance Committee, heretofore considered, was taken up:

Present: Supervisors MacPhee, Fazackerley, Mead.

Communication from Delany, Werchick, Fishgold and Minudri, Requesting Board to Direct Preparation of and to Give Favorable Consideration to a Resolution Waiving the Statute of Limitation in Connection With an Action to Be Instituted by Edward S. Pootel, Former Captain of Police, to Recover for Overtime Due Prior to His Retirement.

File No. 7840

July 30, 1951—Consideration continued to August 20, 1951.

Motion to Sit as Committee of the Whole.

Supervisor Gallagher, seconded by Supervisor McMurray, moved that the Board resolve itself into a Committee of the Whole.

Supervisor Mancuso, speaking in opposition to the motion, stated that Captain Pootel had a full hearing before committee and that the matter should be voted upon by the Board right now.

Supervisor Fazackerley, speaking in favor of the motion, explained that when the matter was heard before committee it was not heard in full. Captain Pootel was informed that he would be permitted to explain to the entire Board.

Question as to the Parliamentary Situation.

Supervisor Lewis raised a question as to the parliamentary situation. He remarked that all that was before the Board was a communication and that the Board can act only by resolution or ordinance.

Presentation of Legislation.

Supervisor Gallagher presented the following:

Waiving Statutes of Limitation, Edward S. Pootel.

File No. 7840, Resolution No. (Series of 1939).

Supervisor MacPhee objected to the presentation of the legislation by Supervisor Gallagher on the grounds that it should be on the calendar as coming from the Finance Committee.

The Chair ruled that the legislation would be considered as being from the Finance Committee without recommendation.

Adoption of Motion.

There being no objection the motion for the Committee of the Whole *carried*.

Appointment of Chairman.

Supervisor Gallagher, seconded by Supervisor McMurray, moved at the same Chairman preside.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was granted to Mrs. Minudri, attorney for appellant. She explained that Mr. Pootel, former Captain of Police, was asking the Board to waive the statute of limitation on his claim for overtime amounting to 633 hours. She stated that Mr. Pootel was notified that he would have to retire only two days before the day on which it was compulsory that he retire and so was not able to use his accumulated overtime or even take his vacation.

Mrs. Minudri said that the City Attorney had rendered an opinion that Mr. Pootel could not go back beyond three years in his endeavors to be reimbursed for the time worked.

Motion to Rise and Report.

Supervisor Gallagher, seconded by Supervisor J. Joseph Sullivan, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Supervisor Mancuso, in explaining his position in the matter, stated that he believed that it was wrong to bring such a matter before the Board. That it is strictly a legal matter and should be decided by the courts. That it is an administrative matter and something over which the Board has no jurisdiction, and that he would vote against the proposal.

Supervisor Mead remarked that he would vote in favor of the legislation because Mr. Pootel had worked the overtime and was entitled to be paid for it.

Privilege of the Floor.

Supervisor Gallagher, seconded by Supervisor Mead, moved that the privilege of the floor be again granted to Mrs. Minudri.

No objection and motion *carried*.

Mrs. Minudri explained that the Charter gives the Board of Supervisors the power to waive the statute of limitation, and that the waiving would be a legal act.

Supervisor Mancuso stated that by enacting Section 13.1 of the Charter the only thing that was done was to increase the number of votes necessary to waive statutes of limitation from six to nine.

Supervisor Christopher said that he had sent for the Controller for some information and that if there were no objections the matter would be postponed temporarily.

Supervisor Mancuso remarked that no action or proceeding had been filed in this matter, and until it was he believed that Section 11 of the Charter prohibited the Board from taking any action in the matter.

Mr. O'Connor, representing the City Attorney, explained that since no action had been instituted in the matter the question was moot because since proceedings had been instituted before the Board he was of the opinion that the Board could waive the statute of limitation.

Supervisor Mancuso stated that he believed that the Board should render a legal opinion interpreting Section 13.1 of the Charter.

Motion to Postpone.

Supervisor Mancuso, seconded by Supervisor McMurray, move that consideration of the legislation be postponed for a period of one week.

Discussion.

Supervisor Gallagher, speaking against the motion, explained that such a motion was just for the purpose of delaying the matter.

Motion Defeated.

The roll was called and the motion to postpone was defeated by the following vote:

Ayes: Supervisors Christopher, MacPhee, Mancuso, J. Joseph Sullivan—4.

Noes: Supervisors Arnold, Fazackerley, Gallagher, Lewis, McMurray, Mead, John J. Sullivan—7.

Refused Adoption.

The roll was called and the foregoing legislation was refused adoption by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Request for Legal Opinion.

Supervisor Mancuso stated that he would like to receive a legal opinion from the City Attorney interpreting Section 13.1 of the Charter as to whether or not the Board has the power to waive the statutes of limitation when it is merely contemplated that an action or proceeding be brought against the City and County, or if the Board has to wait until after such action or proceeding has been filed against the City. The Clerk was directed to comply with Supervisor Mancuso's request.

Ordered Submitted.

The following recommendations of Judiciary Committee, heretofore considered, were taken up:

Ordered filed.

SPECIAL ORDER—2:00 P. M.

Refused Adoption.

Hearing of Appeal from Decision of City Planning Commission by Its Resolution No. 3944, Dated June 28, 1951, Disapproving Application to Rezone Property Located on the Northerly Line of Trumbull Street, West of the Westerly Line of Davenport Lane, from First Residential District to Commercial District.

File No. 7934

August 20, 1951—Consideration continued to August 27, 1951.

Privilege of the Floor.

The privilege of the floor was granted to Francis McCarthy, attorney at law, representing the appellant, Mr. Giomi, presented his case on the grounds that the neighborhood is an old one and when it was being built up no thought was given to the idea of planning a shopping center. He stated that in view of the fact there is no shopping center in the area permission should be granted to Mr. Giomi to proceed with his plans.

Mr. Oppermann, Director of Planning, explained that the Commission denied the application on the basis that this would be spot zoning and that such zoning has a detrimental effect on the neighborhood, and that also Trumbull Street, which has just been improved, is strictly a residential street with many children living there. It would be dangerous to bring additional vehicular traffic into the street.

Mr. Bryant Hall, Principal City Planner, spoke in opposition to the rezoning by saying that the area is a residential area and should not have any commercial establishments. By rezoning the property it would mean that people would have to make a left-hand turn in the middle of the block.

Mrs. Arnellson, representing the St. Mary's Park Improvement Club, spoke in opposition to the rezoning and pointed out that shopping facilities were available to the residents of the neighborhood.

Supervisor Mead explained his position in the matter. He stated that the property should be rezoned because there isn't any shopping center within a short distance of the site for the proposed market.

The Clerk then presented the following:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3944, Dated June 28, 1951, Denying Application to Rezone Property Located on the Northerly Line of Trumbull Street, West of the Westerly Line of Davenport Lane, from First Residential District to Commercial District.

File No. 7934, Resolution No. . . . (Series of 1939).

August 20, 1951—Consideration continued to August 27, 1951.

Explanation of Vote.

The Chair explained that a vote "Aye" would overrule the City Planning Commission, and that a vote "No" would sustain the Commission. Eight "aye" votes would be required to overrule the Commission.

Refused adoption by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, Mancuso, McMurray Mead—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, J. Joseph Sullivan—4.

Absent: Supervisor John J. Sullivan—1.

Presentation of Distinguished Guests.

The Chair called the attention of the members of the Board to the fact that present at the meeting were two visitors from Canada, Dr. Donlly and Mr. James Duff, who were here to take part in the festivities of the Caledonians.

Supervisor MacPhee, speaking on behalf of the Board, welcomed the visitors by stating that he was happy to see one of his own race dressed in the manner of his ancestors. Supervisor MacPhee wished them good luck in the enterprise that brought them to San Francisco.

SPECIAL ORDER—2:00 P. M.

Consideration Continued.

The following from Finance Committee, with recommendation "do pass" after amendment, heretofore considered, was taken up:

Present: Supervisors MacPhee, Fazackerley, Mead.

Appropriating \$750,000, Recreation and Park, from Unappropriated Balance of 1947 Recreation Bond Fund, for Development and Improvement of West Sunset Community Center.

File No. 7883, Ordinance No. (Series of 1939).

(Construction	\$710,000
Plans and Specifications	8,000

	\$750,000

Proposed amendments are as follows:

In title, reduce appropriation from \$750,000 to \$262,000.

In text, delete the amount of \$15,000, proposed to be credited to Appropriation No. 180.566.40, "Equipment, West Sunset Community Center.")

August 20, 1951—Consideration continued to August 27, 1951.

Discussion.

Mr. David Lewis, General Manager of Recreation and Park Department, informed the Board that he had brought with him Mr. Wooster and Mr. Friedman who prepared the plans and specifications for the West Sunset Community Center.

Supervisor Gallagher inquired as to the necessity for the retaining walls.

Mr. Friedman explained that due to the slope of the land it was necessary to construct retaining walls.

Mr. Wooster stated that there was an 80-foot differential between Thirty-seventh Avenue and Forty-first Avenue and the only way to make the ground level was to have retaining walls.

After propounding several questions and not receiving the answers desired, Supervisor Arnold, seconded by Supervisor Gallagher, moved that consideration be continued for one week and that the architects submit a topographical map or an elevation plan.

Supervisor Mancuso requested that the Department of Public Works inform the Board as to the grades between Thirty-seventh and Forty-first Avenues.

Supervisor Lewis spoke in opposition to the motion by stating that a complete showing had been made on the matter to justify the Board's going along with the request for the appropriation.

Dr. Clish, Superintendent of Schools, remarked that a full-scale model of the Center would be complete in about three weeks and that it might be a good idea to postpone the legislation until such time as each member of the Board had an opportunity for inspecting the model.

Supervisor Mead, seconded by Supervisor MacPhee, moved, as a substitute, that consideration of the legislation be postponed for a period of three weeks.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan—10.

Absent: Supervisor John J. Sullivan—1.

No objection and motion *carried*.

Mrs. Minudri explained that this section has been in effect since 1932 and there was no reason for amending it at this time. Mrs. Minudri further stated that the danger was that it provided for non-civil service appointments whether or not there was a list of eligibles.

Mr. Henderson, Secretary and Personnel Director of the Civil Service Commission, remarked that the amendment would clarify and set forth the powers which the Civil Service Commission has assumed that it always had.

Supervisor MacPhee stated that he would vote against the matter because he was of the opinion that the present law was adequate.

Statement by Congressman Franck R. Havenner Concerning Proposed Construction of a Solid Fill Crossing Between the Southern Part of San Francisco and the County of Alameda.

The privilege of the floor was accorded Congressman Franck R. Havenner, who gave a brief resume of his activities involving a second bay crossing. The Congressman advised that he had contacted the National Production Authority with respect to the availability of steel for the proposed second crossing and was advised that there was no possibility of obtaining the required amount for the construction of the twin bridge in view of the present world crisis. However, if the City and County of San Francisco and the State of California should make application for permission to construct a solid fill from the southern part of the city to the County of Alameda, and that such a construction would be made in the interest of civilian defense, the project if approved by the federal authorities could be subject to a loan from the Reconstruction Finance Corporation.

The Congressman expressed the opinion that such a crossing would prove immeasurably superior to a structural one; would cost a great deal less and would prove invaluable in event of air attack which would make evacuation imperative. Further, the suggestion for a solid fill crossing should be studied by competent engineers to determine if such a project is feasible, and closed his statement by suggesting that the daily newspapers give the project all possible publicity.

No action taken by Board.

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Leaves of Absence—Frank A. Flynn, President, Board of Trustees of the War Memorial, for a 90-Day Period from August 30; Harry J. Stewart, Member of Retirement Board, September 5-16; Russell L. Request for Report of Installation of Trolley Facilities in Daly City.

Supervisor Fazackerley requested that a report be forthcoming from the Public Utilities Commission with respect to rumors that the Commission had proceeded to install trolley bus facilities in Daly City without first consulting with officials of that community.

Clerk directed to comply.

Fixing Date for Hearing from Representative of the Police Department on Legislation Making Stevenson Street, Eastbound, Between New Montgomery and Second Streets a One-Way Street.

Supervisor Lewis informed the Board that automobiles continue to park on the sidewalks of Stevenson Street between New Montgomery and Second Streets; further, traffic continues to be a two-way affair in spite of the fact that the Board, early in 1950, adopted a resolution making Stevenson Street a one-way street, and that as a result, congestion prevails on Market Street.

Supervisor MacPhee accordingly moved, seconded by Supervisor Lewis, that the Director of Traffic be requested to appear before the Board at its next regular meeting for the purpose of explaining why the resolution adopted by the Board and mentioned hereinabove had not been put into effect, and to answer questions which may be propounded by members of the Board.

Clerk directed to comply.

The Clerk directed to comply.

Legislation Called Out of Committee.

Supervisor J. Joseph Sullivan served notice on the Board that he was calling the measure, known as the Minimum Lot Size Ordinance, out of the Public Buildings, Lands and City Planning Committee, and that he desired it be placed on the calendar for the next regular meeting of the Board, scheduled for Tuesday, September 11, 1951.

The Clerk was directed to comply.

Objection to Reading of Formal Report of Committee.

Supervisor Lewis, Chairman of the Public Buildings, Lands and City Planning Committee, stated that he was ready to read a formal report of his committee on the subject dealing with minimum lot sizes.

Supervisor J. Joseph Sullivan immediately rose to a point of order, contending that the Chair had already ruled that the Clerk place the Minimum Lot Size Ordinance on the Board's calendar for its next regular meeting.

The Chair acknowledged that the point of order had been well taken; however, he permitted Supervisor Lewis to report that his committee had only received new legislation last week, which of necessity would have to be studied by all interested parties including the new Supervisor, Byron Arnold.

Supervisor Arnold stated that his committee had just received new legislation in which the various home building industries expressed an interest and desired time within which to study such a proposal and hoped that the matter could be studied further in committee.

The Chair explained to Supervisor Arnold the effect of Rule 27 which permitted any member of the Board to call a matter from committee when such matter has been in said committee over a period of thirty days.

Supervisor Arnold, however, asserted that the legislation was new, and that he desired the opportunity of studying the measure in committee.

The President, in answer to a query, stated that the original ordinance would appear on the calendar, and that proposed amendments may be made to it.

Adopted.

In Memoriam—Eugene J. Egan.

Supervisor John J. Sullivan presented:

File No. 7824, Resolution No. 11520 (Series of 1939).

Supervisor John J. Sullivan moved, seconded by Supervisor McMurray, that the foregoing measure be adopted.

Unanimously adopted by rising vote as follows:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Resumption of Consideration of Measures Heretofore Temporarily Postponed.

The following measures from Finance Committee, with recommendation "Do Not Pass," were taken up:

Present: Supervisors MacPhee, Fazackerley, Mead.

Passage for Second Reading.

Appropriating \$1,608, Mayor, to Place Two Chauffeurs on a 48-Hour Week.

File No. 8013-1, Ordinance No. . . . (Series of 1939).

August 27, 1951—Consideration continued to September 4, 1951.

Motion "Do Pass."

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the foregoing measure be passed for second reading.

Explanation of Vote.

Supervisor Mead stated he would oppose any such measures until premium pay is forthcoming for work performed after 40 hours.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, Mancuso, McMurray, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mead, J. Joseph Sullivan—5.

Amending the Annual Salary Ordinance, Mayor—A Companion Measure to the Preceding Item.

File No. 8013-2, Ordinance No. . . . (Series of 1939).

August 27, 1951—Consideration continued to September 4, 1951.

Motion "Do Pass."

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the foregoing measure be passed for second reading.

Passed for Second Reading by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, Mancuso, McMurray, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mead, J. Joseph Sullivan—5.

Resumption of Consideration of Matter Which Had Been Heretofore Called Out of the Public Buildings, Lands and City Planning Committee by Supervisor J. Joseph Sullivan Affecting Minimum Lot Sizes.

There being no objection, Supervisor Lewis was permitted to revert to his name on Roll Call, and thereupon moved that File No. 6415, amending Ordinance No. 4162 (Series of 1939), dealing with minimum lot sizes generally, remain in the Public Buildings, Lands and City Planning Committee, for a period of ninety days for the purpose of further study and hearing. Motion seconded by Supervisor Gallagher.

Point of Order.

Supervisor J. Joseph Sullivan rose to a point of order, declaring that the President had already ruled that the matter would be placed on next week's calendar and therefore could not properly be considered at this time.

The President of the Board ruled that all members of the Board must be accorded the privilege of speaking until adjournment of the meeting.

Supervisor MacPhee defended action heretofore taken by Supervisor J. Joseph Sullivan, contending that any member of the Board had the right to call any matter from committee when it has reposed in said committee for a period exceeding thirty days.

Point of Order.

Supervisor Mancuso rose to a point of order, contending that Supervisor Lewis was out of order and cited Rule 8 of the Rules of Order to emphasize his point.

The President declared that if six members of the Board voted to keep the matter over for 90 days, then it is reasonable to assume that similar action to postpone consideration of the matter next week would also be taken, and ruled Supervisor Lewis' motion in order.

Point of Order.

Supervisor Mancuso again rose to a point of order, stating that the suspension of the rules must first be had.

The President ruled that such was not the case and ruled the point of order not well taken.

Supervisor J. Joseph Sullivan declared himself against postponement, asserting that the City Planning Commission has had this matter under consideration for quite some time and that he knew the Associated Home Builders were not in favor of the proposed measure.

Point of Order.

Supervisor Lewis rose to a point of order, stating that the only matter before the Board was whether or not to postpone the subject measure for a period of 90 days and that the merits of the ordinance should not now be discussed.

The President ruled the point of order not well taken.

Supervisor J. Joseph Sullivan stated he had reason to believe that members of the committee had been contacted by the building groups for the purpose of postponement; however, he wanted to consider the measure strictly on its merits and hoped that the Board would vote down the motion to postpone.

Query of Deputy City Attorney.

Supervisor Mancuso asked Deputy City Attorney Walker Peddick with respect to the intent of Rule 27 of the Rules of Order, to which he replied that any member of the Board may make his request to call a measure from committee unless the Board ruled otherwise.

Supervisor MacPhee stated that any member of the Board should be accorded the opportunity of calling any measure from committee in the event such measure has been in said committee for a period exceeding thirty days, and to preclude such action by any member would be tantamount to the establishment of a dangerous precedent.

Supervisor Mead stated that there had been amendments recently suggested to the proposed measure and that additional time should be granted in order to permit a careful study of them.

Withdrawal of Motion.

There being no objection, Supervisor Lewis withdrew his motion to postpone consideration of the subject measure for a period of ninety days.

Resumption of Consideration of Measures Heretofore Postponed.

The following recommendations of Judiciary Committee were taken up:

Ordered Submitted.

Charter Amendment—Section 149, Prescribing Conditions Whereunder Non-Civil Service Appointments May Be Made.

File No. 7873

August 27, 1951—Consideration continued to September 4, 1951.

Discussion.

Supervisor Mancuso suggested the measure be re-referred to committee for further clarification and to avoid any conflict with Section 148.

Amendment.

William L. Henderson, Secretary and Personnel Director of the Civil Service Commission, suggested an amendment which would undoubtedly take care of Supervisor Mancuso's fears. This would be to place the words ". . . certified and reports for duty . . .," in the first paragraph, the following: "as required under Section 148 of the Charter. . . ."

Supervisor Mancuso so moved the suggested amendment, seconded by Supervisor Arnold.

The roll was thereupon called and the amendment was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

The roll was then called and the subject charter amendment, as amended, was *ordered submitted* by the following vote:

Ayes: Supervisors Arnold, Fazackerley, Gallagher, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—8.

Noes: Supervisors Christopher, MacPhee, J. Joseph Sullivan—3.

Ordered Submitted.

File No. 6949

August 27, 1951—Consideration continued to September 4, 1951.

Privilege of the Floor.

There being no objection, the privilege of the floor was granted to Milton W. Kletter, who explained the purposes of the charter amendment.

Amendment.

Supervisor Mancuso moved, seconded by Supervisor John J. Sullivan, that the sum of \$300 as contained in the amendment be decreased to \$250.

At this point, Supervisor Mancuso inquired of Ralph Nelson, Consulting Actuary, with respect to the effect of reducing the sum of \$300 to \$250.

The roll was thereupon called on the amendment and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

The roll was then called on the charter amendment, as amended, and was *ordered submitted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Substitute Presented.

The following measure, presented by Supervisor Gallagher, was taken up:

Charter Amendment—Section 71.1, Providing for Cost-of-Living Adjustments to Compensations of Members of the Fire and Police Departments.

File No. 8057

(Presented by Supervisor Gallagher in Board meeting of August 27, as a substitute for measure designated as File No. 7881.)

August 27, 1951—Consideration continued to September 4, 1951.

Motion to Substitute.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the foregoing measure be substituted for the measure designated as File No. 7881, proposing an amendment to Sections 35.5 and 36 of the Charter, providing for a \$35 increase in monthly compensation for uniformed forces of the Police and Fire Departments.

Privilege of the Floor.

The privilege of the floor was accorded Robert Callahan of the Fire Department, who answered questions propounded by some of the Supervisors.

The roll was thereupon called and the substitute charter amendment, designated as File No. 8057, was *ordered submitted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, Mancuso, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Measure Tabled.

Supervisor Gallagher moved that File No. 7881, "Charter Amendment—Sections 35.5 and 36, providing for \$35.00 increase in monthly compensation for uniformed forces of the Police and Fire Departments," for which the substitute hereinabove mentioned was presented and ordered submitted, be tabled. Motion seconded by Supervisor J. Joseph Sullivan.

No objection and File No. 7881 *ordered tabled*.

Reference to Judiciary Committee.

The following recommendation of the Finance Committee was taken up:

Adding Section 145.3 to the Charter, Relating to Contributions and Benefits Under the Retirement System of the City and County of San Francisco and the Federal Social Security Program, Applicable to Personnel of the Municipal Railway.

File No. 6713

Telegram of Protest.

The Clerk read a telegram from George W. Johns, Secretary, San Francisco Labor Council, urging rejection of the proposed charter amendment.

Privilege of the Floor.

There being no objection, the privilege of the floor was accorded Henry S. Foley, representing Carmen's Union, C.I.O., who also spoke against submission.

Motion to Refer.

Supervisor Mancuso moved, seconded by Supervisor Gallagher, that the measure be referred to the Judiciary Committee.

Query.

Supervisor MacPhee asked Deputy City Attorney Walker Peddicord if, in the event the measure was referred to committee, it would be tantamount to precluding its inclusion on the November ballot, to which Mr. Peddicord stated he assumed such would be the case.

The roll was thereupon called and the following measure was *referred to the Judiciary Committee* by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Christopher, Fazackerley, MacPhee—3.

Supervisor MacPhee Excused.

There being no objection, Supervisor MacPhee was excused at 6:25 p. m.

Ordered Submitted.

The following measure, from Judiciary Committee, without recommendation, was taken up:

Present: Supervisors Mancuso, Gallagher.

Motion "Do Submit."

Supervisor Mancuso moved, seconded by Supervisor McMurray, that the foregoing measure be submitted.

Explanation of Vote.

Supervisor Fazackerley claimed that the employees covered by the proposed measure are in fact state employees and therefore should not participate in the city's retirement system benefits.

The roll was thereupon called and the foregoing measure was *ordered submitted* by the following vote:

Re-reference to Committee.

Amending Bill No. 4373, Ordinance No. 4162 (Series of 1939), Relating to the Subdivision of Land and the Use of Lots for Dwelling Purposes, by Amending Section 1 Thereof to Provide for an Automatic Appeal to the Board of Supervisors from any Decision of the City Planning Commission Concerning Variances, and Prescribing Procedures to Be Followed in Connection With Any Such Appeal; and Providing for Incorporation in the San Francisco Municipal Code.

File No. 6415, Ordinance No. . . . (Series of 1939).

Motion to Recommit—Ruled Out of Order.

Supervisor Lewis moved that the foregoing measure be recommit-
mitted.

The Chair ruled the motion out of order, stating that the first Supervisor to speak on the subject must necessarily be Supervisor J. Joseph Sullivan, who had called the matter from committee.

Explanation.

Supervisor J. Joseph Sullivan explained the history of the pending measure, advising that in 1946 the City Planning Commission had decided to restrict those lots in undeveloped areas to 33 feet, and it was the understanding that any persons, who so desired, would have the right to appeal from the decision of the City Planning Commission with respect to a neighborhood pattern. Then came the Midtown Project area and the City Planning Commission decided that the neighborhood was such as would justify 25-foot lots. The City Attorney was asked last year for an opinion as to whether or not the ordinance provided for the right of appeal to the Board, and was advised that the ordinance did not provide such a right in cases involving the neighborhood pattern but did apply in cases of variances. The request was then made for the preparation of an ordinance to provide for such a right of appeal in cases involving a neighborhood pattern. The ordinance has been in committee with amendments proposed to it.

Supervisor J. Joseph Sullivan asked Bryant Hall, representing the City Planning Commission, if his explanation was correct, to which Mr. Hall agreed that the facts, as stated, were correct.

Supervisor J. Joseph Sullivan asked Paul Oppermann, Director of Planning, if, in the event the Board adopted amendment to the ordinance under consideration, would such a measure be referred to the City Planning Commission for report, in accordance with the provisions of the Charter, to which Mr. Oppermann stated such would be the case.

Amendment.

Supervisor J. Joseph Sullivan moved deletion of the remainder of the paragraph in Section 1 entitled "New Subdivisions—Lot Areas," after the first sentence, and beginning with the phrase "Where a neighborhood pattern . . ." and insert in lieu thereof the following language: "Every such lot shall have an area of not less than 3300 square feet, and a width of not less than 33 feet, or such greater width as may be required to conform to the pattern established by residential development of the immediately adjacent area. No subdivision shall be approved which contains lots smaller than required by this section unless a variance has first been granted as provided in sub-paragraph (a) of this section."

Objection to Amendment.

Supervisor Mead objected to the consideration of the amendment, contending that it should be referred to committee and interested parties heard thereon.

Supervisors MacPhee and Arnold spoke in favor of the amendment, the latter Supervisor, however, declaring that the amendment was entirely foreign to him, being a new member on the Board, and further, since the building and real estate organizations were desirous of being heard in committee, he felt the measure should be re-committed.

Withdrawal of Amendment.

There being no objection, Supervisor J. Joseph Sullivan withdrew his amendment.

Thereupon Supervisor Gallagher moved, seconded by Supervisor Lewis, that the foregoing measure, with its amendments, be re-committed.

No objection and motion *carried*.

Re-referred to the Public Buildings, Lands and City Planning Committee.

Suspension of Rules.

Supervisor Lewis moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of taking up, out of order, the matter of hearing from the Director of Traffic why the Police Department had not complied with the provisions of Resolution No. 9570 (Series of 1939), making Stevenson Street, eastbound, between New Montgomery and Second Streets, a one-way street.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was accorded Captain Jack Eker, Director of Traffic, who informed the Board that the adoption of the resolution had taken place before his taking over the captaincy of the Bureau, but that he would immediately look into the matter and take such steps as are necessary to enforce the provisions of Resolution No. 9570 (Series of 1939), if the investigation warranted such action, or to seek its repeal.

The Board took no further action.

There being no objection, the privilege of the floor was accorded David E. Lewis, General Manager of the Recreation and Park Department, who informed the Board that the Commission had recommended that two representatives be sent. Two were sent in 1950 and the Commission felt justified in its recommendation.

Supervisors Mead and Lewis spoke against the amendment.

Ayes: Supervisors Christopher, Fazackerley, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Arnold, Gallagher, Lewis, McMurray, Mead, John J. Sullivan—6.

The privilege of the floor was accorded William O'Brien, Counsel for the San Francisco Housing Authority, who informed the Board that the Housing Authority, pursuant to authority granted it by the Board of Supervisors, had filed the required application with the federal authorities for transfer of the subject temporary housing properties from federal to local control but that the Korean War had put a halt to further proceedings. August 27, 1951—Consideration continued to September 11, 1951.

Motion "Do Pass."

Supervisor Gallagher moved, seconded by Supervisor Fazackerley, that the foregoing measure be passed for second reading.

Discussion.

Supervisor J. Joseph Sullivan inquired if the position, under the Charter, could be changed in character from a full-time to a part-time one, to which Walker Peddicord, Deputy City Attorney, replied that the question had been discussed with City Attorney Dion R. Holm and the unofficial opinion was that the subject legislation was legally proper.

Supervisor J. Joseph Sullivan asked Walker Peddicord if there were any officers in city and county service, other than members of the Board of Supervisors, who were on a part-time basis. Mr. Peddicord replied that he did not know off-hand but suggested that the records of the Civil Service Commission be checked.

Mrs. Kathleen C. Dolen, Supervisor of Wage Schedules and Classifications, Civil Service Commission, volunteered the information that there were certain heads of bureaus who were on a part-time basis.

Privilege of the Floor.

The privilege of the floor was accorded Mrs. Molly Minudri, representing AFL Council of City Employees, who stated that her organization was opposed to the principle of abolishment or reduction of working hours for any city position. If the position is reduced to a part-time status, it should be changed to conform with the actual hours worked.

Supervisor Mancuso asked the Deputy City Attorney if the Board had the power to reduce the working hours below the proposed 35 hours per week or must the Board accept or reject the 35-hour proposal.

Deputy City Attorney Walker Peddicord advised the Supervisor that his query was governed by the several provisions of the Charter but that he did not believe the Board had the right to reduce the 35 hours proposed.

Supervisor J. Joseph Sullivan asked the Controller if he would pay the Coroner if the Board decided to reduce the working hours below 35 per week, to which Mr. Ross replied that if such reduction was made in accordance with Charter provisions, he would pay the Coroner.

Supervisor J. Joseph Sullivan expressed the opinion that the Board in voting for the reduction in working hours was establishing a very bad precedent, in that other department heads may attempt to follow the example being set herein, and in the interest of good Civil Service, the proposal should be voted down.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Communication from Mayor Proposing Offer for Purchase of Operative Properties of the California Street Railroad Cable Company.

The Clerk read a communication from the Mayor in which he proposed purchasing the operative properties of the California Street Cable Railroad Company, through the receiver in bankruptcy, and the filing of certain preferred and general unsecured claims.

Discussion.

Supervisor MacPhee suggested that the matter be referred to the Mayor with the recommendation that he meet with the Public Utilities Commission for the purpose of arriving at a mutually satisfactory solution.

Supervisor Christopher: Is it proper for the Board of Supervisors of the City and County of San Francisco to follow the recommendations of the Mayor?

Mr. Ross: Inasmuch as the Public Utilities Commission has not agreed with the recommendations of the Mayor, it is improper for the Board to discuss the matter at this time until it knows the position of the Public Utilities Commission.

Supervisor Christopher: If the Public Utilities Commission does recommend that we purchase the cable line for \$150,000, and then files preferred claims and general unsecured claims, are we compelled to go along with the wishes of the Public Utilities Commission?

Mr. Ross: The Controller's office will not issue a warrant where the total price will exceed \$150,000.

Call for Mayor and Members of Public Utilities Commission.

It was the consensus of the Board members that the Mayor and the members of the Public Utilities Commission should be sent for in order to arrive at a mutually satisfactory decision.

Continuation of Discussion.

Supervisor MacPhee stated he had no objection to summoning the foregoing officials but reiterated his belief that the Public Utilities Commission and the Mayor must first agree between themselves and then send the matter to the Board.

Supervisor Lewis declared that he agreed with Supervisor MacPhee's views, in that there was nothing concrete before the Board, and suggested that the quickest method by which the subject matter could be disposed of was to send it back to the Mayor, have him contact the Public Utilities Commission, reach an accord, and then bring the matter to the Board.

Supervisor Christopher: This is a most important matter and I do not believe that the intent of the charter amendment is being complied with. On one hand, we have the Public Utilities Commission suggesting some eighty-six thousand dollars as the purchase price, and on the other hand we have the Mayor recommending a price of \$150,000, and suggesting that preferred claims be filed in bankruptcy proceedings and that non-preferred claims be also filed. I am not saying that the Mayor or the Public Utilities Commission is playing politics but you know there has not been the highest moral reflection on the consummation of this transaction. I cannot say there has been a difference of opinion between the Mayor and the Public Utilities Commission. Mr. Ross, on the other hand, has stated that under no condition will he issue a warrant over \$150,000 but insists that certain taxes are due the city. Certain people are being misled and certain people who are anxious for their jobs are also being misled. There has not been the proper cooperation between city bodies. Why should the Public Utilities Commission make one offer, and why should the Mayor suggest another offer? Why should the Controller's office say that neither offer is acceptable? I cannot understand why there is such a wide divergence of minds between the municipal officers. That is why I am asking the Mayor and the Public Utilities Commission to come here and settle this matter once and for all. By referring the matter to committee, important time will be wasted. We owe it to ourselves and to the people who are interested, to settle this matter today. I therefore suggest that the Mayor come here as well as the Public Utilities Commission, and have the Controller stay here and have him tell us what he will do.

Motion Summoning City Officials.

Supervisor MacPhee thereupon moved, seconded by Supervisor Christopher, that the Mayor and the members of the Public Utilities Commission be summoned to appear before the Board for the purpose of discussing the subject matter.

Supervisor Gallagher: If all parties agree to the purchase of the properties, would you then issue a check?

Mr. Ross replied to the effect that under existing conditions, he would not be justified in issuing a check.

Supervisor Mead: I understand that you would not issue a check in excess of \$150,000.

Mr. Ross: The maximum price that could be offered would be \$150,000. If there were no obligations, \$150,000 would be correct. When claims are filed for or against the city, no one can tell what the net price will be.

Motion to Summon Officials Carried.

The roll was thereupon called and Supervisor MacPhee's motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Lewis, McMurray—2.

Absent: Supervisor Mancuso—1.

Expression of Opinion.

Supervisor Lewis declared that since the City Attorney had ruled that there must be an agreement between the cable line and the Public Utilities Commission before the Board can consider the matter, there certainly was nothing before the Board at the present time.

Point of Order.

Supervisor Mead rose to a point of order, contending that consideration of the pending matter had been deferred until the arrival of the Mayor and the members of the Public Utilities Commission.

The Chair did not rule on the point of order.

Motion to Rescind Board Action.

Supervisor Lewis moved that the Board rescind its action whereby it had summoned the Mayor and the members of the Public Utilities Commission. Motion seconded by Supervisor McMurray and lost by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, McMurray—4.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—6.

Absent: Supervisor Mancuso—1.

Questions.

Supervisor Lewis: Pursuant to the provisions of the Charter, has this Board authority to act even if no agreement has been reached between the Public Utilities Commission and the cable company?

Mr. Holm, City Attorney: That is quite true as outlined by the Charter; however, the cable line, as you know has now taken steps in bankruptcy for approval to reorganize their affairs, and to meet the spirit and intent of this Charter amendment, it now becomes necessary, if the city is to purchase its operative properties, to make an offer to the Receiver in Bankruptcy to purchase the operative properties. No agreement can therefore be entered into that would be of any legal effect. You must deal with the Receiver in Bankruptcy.

Supervisor Lewis: In view of the fact that the Charter amendment provided that an agreement must be entered into regardless of whether the cable line is in bankruptcy proceedings or not, has the Board of Supervisors, at the present time, any jurisdiction to act under the Charter amendment?

Mr. Holm: I think they have, if you want to enter into the intent and spirit of the Charter amendment. Neither the Public Utilities Commission, nor the Mayor, nor the Board of Supervisors can act against the other. An offer may be made and all three must concur.

Supervisor Christopher: I agree in part with the interpretation of the City Attorney. There is still quite a divergence of opinion as to what the properties are worth between the Mayor and the Public Utilities Commission.

The Mayor and members of the Public Utilities Commission have now been seated.

Supervisor Christopher: The Controller informs me that were an offer made by the Public Utilities Commission to the cable line, regardless of whether it was approved or not by the Board of Supervisors, he would, under the terms of the Charter amendment and by virtue of his bond, be compelled to deduct rather substantial sums of money from the price agreed to. The first question that should be asked the Public Utilities Commission is "Are you gentlemen prepared to make an offer, and if so, what is the offer?"

Mayor Robinson: The Charter amendment provides the method whereby the Public Utilities Commission, with the advice and approval of the Mayor and the Board of Supervisors, can proceed with the purchase. The people expressed themselves by adopting the Charter amendment. The Public Utilities Commission can take the advice and recommendation of the Mayor and the Board of Supervisors and go back and attempt to negotiate with the Receiver in Bankruptcy. (Here the Mayor explained the contents of his letter heretofore read to the Board by the Clerk.) For the Public Utilities Commission to meet and come back to the Board will not expedite this matter.

Supervisor Christopher: This is the first time that I have heard that we could give advice to the Public Utilities Commission. I contend that this Board of Supervisors is being used as an unfortunate tool to do or not to do something. I regret making this statement but when I know I am right, I have no hesitancy in making the statement. Everyone knows, without exception, that this is a job for the Public Utilities Commission and that we could have purchased the California cable line some months ago, but procrastination and undue delay caused this to be deferred so long that it is now a defunct corporation over which the people have no jurisdiction.

Supervisor MacPhee: Is the recommendation of the Mayor legally sound?

Mr. Holm stated that while he had great respect for the Mayor he could not agree with his interpretation of the Charter provisions; that he had given the matter a great deal of study and had come to the conclusion that the city could only offer \$150,000, less the amount of claims against the cable line.

Mayor Robinson: As I read the law, federal legislation supersedes local Charter requirements. You must make application for purchase and then file your claims in bankruptcy court. If it is a preferred judgment, you get your judgment in order of priority. Unsecured or general claims will not be adjudicated until preferred claims have been paid.

Supervisor MacPhee: Mr. Holm, do you agree with the Mayor's statement that the bankruptcy court supersedes the Charter?

Mr. Holm: What the Mayor says is true but that is not the correct picture. If you pay \$150,000, we have approximately 63 claims against the company, and there is no telling whether the general claims will be paid off. So instead of the \$150,000 you are paying for the property, you would be, in effect, paying \$150,000, plus whatever you have lost in bankruptcy court.

Supervisor MacPhee: If the Board of Supervisors agrees with the recommendation of the Mayor, would you pay the money?

Mr. Ross: No.

Supervisor Christopher: In view of the circumstances, it is reasonable to assume that neither the City Attorney, nor the Controller have been consulted about these various matters during the months of negotiations?

Mr. Ross: That is not a correct statement. The Public Utilities Commission, the City Attorney and the Mayor have discussed this matter with me in several conferences.

Mr. Phil Landis, President of the Public Utilities Commission: Before you is the recommendation of the Public Utilities Commission made recently. Under the Charter amendment, we are obliged to make an offer and consult with the Mayor and the Board of Supervisors. Having made an offer, we have transmitted the offer to the Mayor and the Board of Supervisors. The Mayor has disapproved it and has passed his idea of an offer to the Board of Supervisors.

Supervisor Arnold: I believe the Public Utilities Commission is to be commended for action it has taken. The Commission has negotiated with the California Street Cable Company and has offered \$150,000, less amount due from the cable line, and has arrived at a figure of some eighty thousand dollars. While the negotiations were pending, a representative of the cable line appeared before this Board of Supervisors and the company was then in the act of filing bankruptcy proceedings. Upon filing these proceedings, the entire picture changed. We must now determine upon a price which will be delivered to the Receiver in Bankruptcy, less amount of encumbrances, etc. I would like to recommend that the Public Utilities Commission, upon advice from this Board, offer a maximum sum of \$150,000 for all of the assets of the cable line, to be delivered to the city free and clear of all liens and encumbrances and that the City Attorney thereafter take proper steps in bankruptcy proceedings to file claims which the city asserts.

Motion.

Supervisor Arnold: I therefore move that this Board of Supervisors go on record authorizing the Public Utilities Commission and advising the Mayor, to pay the maximum sum of \$150,000 for all of the assets of the California Street Cable Railroad Company, free and clear of all liens and encumbrances.

Courtesy second extended by Supervisor Mead.

Supervisor Arnold: If we pay to the bankruptcy court the sum of \$150,000, and receive title to the operative properties of the cable line, free of all claims, is it not true we will then receive back from the Court our equitable share of all claims filed?

Mr. Holm: Yes you would but it may be that we will only get back ten per cent and in that event you would have exceeded \$150,000. The effect of the Mayor's letter is that you would be giving an amount greater than \$150,000 for the cable line.

Here the City Attorney mentioned the fact that the Receiver had on file five applications for purchase of the properties.

As a result of a query by Supervisor Fazackerley, the Mayor explained the difficulties encountered by the Public Utilities Commission in attempting to negotiate with the cable line; how there appeared to be "dissension in the ranks" of the cable line officials and that nothing concrete could be reached even though the city had come forth with definite offers.

Supervisor J. Joseph Sullivan: During the two years you have been negotiating with the cable line for the purchase of its properties, why did you not seek our advice?

Mayor Robinson: I did not feel it necessary to seek your advice. I expressed myself and the Board should express itself.

Supervisor J. Joseph Sullivan: Assuming that we did acquire ownership of the railway, is it your intention to continue operation of the cable line?

Mayor Robinson: Yes. The Board voted a budget for this purpose, and the Public Utilities Commission will continue to operate the line.

Supervisor J. Joseph Sullivan: To whom do you make the offer for the railway?

Mr. Holm, City Attorney: To the Receiver of the properties.

Supervisor J. Joseph Sullivan: Can we legally make an offer to the Receiver under Section 119.4 of the Charter?

Mr. Holm: You would be carrying out the intent of the Charter amendment by making your offer to the Receiver. You must read the entire Charter amendment from one corner to the other to determine its intent. If you offer more than \$150,000, you are going beyond the restrictions of the Charter.

Supervisor J. Joseph Sullivan: Do you remember when the application for bankruptcy was filed by the cable line?

Mr. Holm: Prior to August 27th.

Mr. Phil Landis, President of the Public Utilities Commission: We would welcome any advice you may agree to give. We have not agreed nor disagreed with the Mayor.

Mr. Landis then proceeded to narrate the various steps which have taken place since the initial attempts at negotiations with the cable line.

Supervisor J. Joseph Sullivan: Has your Commission discussed the recommendation of the Mayor?

Mr. Landis: We have received the letter around 4 o'clock this afternoon.

Supervisor J. Joseph Sullivan: I suggest that the matter be dispensed with until the Public Utilities Commission has had an opportunity of considering the recommendation of the Mayor.

Supervisor MacPhee (Addressing himself to Supervisor Arnold): If the Controller says he will not pay the money, should we still file?

Supervisor Arnold: I have no doubt but that the money will be paid. It is not a question of what the Controller says, but a mandate of the people, and the Public Utilities Commission, the Mayor and the Board of Supervisors should act in this matter.

Explanation of Vote.

Supervisor Mead: At the time I offered Supervisor Arnold a courtesy second. I have listened all afternoon to the discussion. As a

layman, I do know that the people told us they wanted the California cable line and told us to go out and buy it and not pay more than \$150,000. I was never crazy about the city purchasing the cable line but the people of San Francisco have changed my mind when they voted for the Charter amendment. I therefore intend to vote for Supervisor Arnold's motion.

Supervisor Fazackerley: The people have stated we should purchase the California cable line, less the claims. I therefore will not support Supervisor Arnold's motion, because apparently we can get it for less.

Supervisor Christopher: I intend to vote "aye" on the motion. I want to say that despite any "aye" or "no" vote, let us not be deluded about what we are doing. We are saying that we are in favor of purchasing cable cars. Perhaps the Controller will be mandated to pay this amount. I had hoped that the Public Utilities Commission, the Mayor and this Board might get together and arrive at a price. Then, in that event, we could have acquired the cable car system.

Supervisor Lewis: The question before this Board is when is the offer of \$150,000, \$150,000. The only advice we can get from the Charter is whether you can deduct or cannot deduct the claims. So when the Board votes \$150,000 it has said absolutely nothing about whether you can deduct or not. The City Attorney told the Mayor he was correct in everything he had said regarding bankruptcy court proceedings. By following the Mayor's recommendations you might be paying more than \$150,000. I cannot help but agree with the City Attorney in this particular matter that if you offer the full \$150,000, in bankruptcy court, you are actually making a larger offer. I would have to vote down Supervisor Arnold's motion in this particular instance.

Supervisor MacPhee: The Board should follow the mandate of the people or as close to \$150,000 as can be done legally. I cannot vote for something that cannot be enacted. When both the City Attorney and Mr. Ross say you cannot do it, I cannot vote for it. If you vote for this program, you are going to waste a lot of time and hurt a lot of people unintentionally.

Supervisor J. Joseph Sullivan: Assuming the motion carried, what will be the status of the matter?

Mr. Holm: What will happen, I assume, is that the Public Utilities Commission would take the matter under consideration and deliberate. If they feel that your figure is a just one, they would repeal the existing resolution and pass a new one.

Supervisor J. Joseph Sullivan: Would this Board approve the final offer by the Public Utilities Commission?

Mr. Holm: I believe it should be submitted to the Board.

Supervisor J. Joseph Sullivan: If we pass the motion, can the Public Utilities Commission make any offer they see fit?

Mr. Holm: It would not have any effect until we get unanimity by the three agencies.

Supervisor J. Joseph Sullivan: I cannot help but believe today that we are putting the cart before the horse. Under the law and under the Charter, as I read it, the Public Utilities Commission is charged with the responsibility of negotiating for the purchase of the railway. We are asked to approve the recommendations of the Mayor. Mr. Ross says he is not going to pay. We should sit down with the Public Utilities Commission and the Mayor and see if we cannot arrive at a formula which will purchase the railway. As the motion is worded, I cannot vote for it.

Substitute Motion.

Supervisor Gallagher moved the following as a substitute:

That this Board of Supervisors go on record as recommending to the Mayor and to the Public Utilities Commission that they submit an offer to have the city purchase all of the properties of the California Street Railroad Company referred to in Section 119.4 of the Charter, for the purchase price of \$150,000, and that within the time provided by law, there be filed as preferred claims in the bankruptcy proceedings now pending the following items:

- | | |

| (c) Second installment of taxes, past due | 1,890.15 |

| (a) Immediate pavement repairs | \$ 11,400.00 |

| (f) Track removal and repaving of the track area if
the California Street Cable Railroad Company
discontinues and abandons operation | 380,000.00 |

Motion seconded by Supervisor Arnold.

Mr. Ross: The substitute motion does not change my opinion whatsoever.

Suggestion by Supervisor MacPhee.

Supervisor MacPhee: I suggest that we agree to an offer as close to \$150,000 as can legally be done. Then we could have the Finance Committee, the Mayor, and the Public Utilities Commission sit down with the City Attorney and Mr. Ross and find out what the best possible offer is.

Substitute Motion Carried.

The roll was thereupon called on Supervisor Gallagher's substitute motion and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, Lewis, McMur-ray, Mead, John J. Sullivan—7.

Noes: Supervisors Fazackerley, MacPhee, J. Joseph Sullivan—3.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Edward J. Wren, President, Public Welfare Commission, and to Mr. Charles I. Schottland, State Director of Social Welfare, both of whom pressed for the passage of the measure without the recommended deletions.

Supervisor MacPhee asked Mr. Schottland if the city was fulfilling its obligations under state law, to which Mr. Schottland replied that the city could do a lot more.

Supervisor Fazackerley asserted that he believed the Finance Committee was taking the proper action in recommending the deletions and that the city should go slowly and watch the program as it unfolded.

Supervisor Lewis declared that since the state was reimbursing the city for the expenditure of funds, the city should take advantage of the situation. Further, there were many families who desired to adopt children but what with red tape and other obstacles, it was extremely difficult for them to realize their hopes.

Deletion of Emergency Clause.

Supervisor Mead moved, seconded by Supervisor Lewis, that the emergency clause be deleted from the foregoing measure.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Mancuso—1.

Discussion.

Supervisor MacPhee inquired of the State Director of Social Welfare with respect to progress made by other counties, particularly Alameda County, to which Mr. Schottland replied that Alameda County placed 78 children in the first year since the adoption program was in effect in that locality.

Mr. Ronald Born, Director of Public Welfare, stated that the program had been placed in effect in Alameda County last December and had shown steady improvement since that time.

Supervisor J. Joseph Sullivan declared that the Native Sons' and Daughters' organization had discontinued their child welfare program in the expectancy that the Welfare Department would take over its former functions.

Privilege of the Floor.

The privilege of the floor was extended to Mr. J. B. Scannell, who stressed the importance of effectuating a child welfare program under the supervision of the Public Welfare Department.

The Rt. Rev. Murray added his pleas for acceptance of the program, declaring that the Public Welfare Department, as it existed at the present time, could not successfully do the job.

Mr. Lloyd Dinkelspiel likewise spoke in favor of the entire appropriation.

Motion to Amend.

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that amendment designated as No. 1 hereinabove, be adopted..

Motion lost by the following vote:

Query Regarding Ballot Arguments Relating to Declarations of Policy.

Supervisor Gallagher (addressing himself to Deputy City Attorney): Should the members sponsoring the declaration of policy submit the ballot arguments to the Registrar rather than voting on the matter?

Accordingly no Board action was taken with respect to ballot arguments relating to Declaration of Policy, designated Proposition "M," regarding use of fluorine in the city's water supply, nor was Board action taken with respect to ballot argument relating to Proposition "N," pertaining to increase of minimum fines for parking in curb zones.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor MacPhee moved, seconded by Supervisor Gallagher, that the rules be suspended for the purpose of considering the following measure, from Finance Committee without recommendation, out of order.

No objection and motion *carried*.

Present: Supervisors Fazackerley, Mead.

Approving Plan for the Acquisition of the Operative Properties of the California Street Cable Railroad Company and the Terms and Conditions of Such Acquisition as Set Forth in Resolution No. 11941 by the Public Utilities Commission on September 24, 1951.

File No. 4909, Resolution No. . . . (Series of 1939).

Discussion.

The privilege of the floor was extended to Thomas A. Brooks, the Chief Administrative Officer, who stated that he was concerned with the proposal that the city waive its claim in amount of \$45,537 and if such waiver were approved by the Board, would it not constitute a gift of public funds?

Supervisor Fazackerley praised the Chief Administrative Officer but asserted that he was not infallible and called attention to the fact that the people had made their views known in that they had voted a directive to the Board of Supervisors that the cable cars be purchased.

Mr. Brooks replied that he was not opposed to the purchase of the California Street cable line, but that he had discussed the subject waiver with his attorney and he was advised that to acquiesce in the suggested waiver would be tantamount to a consent of a gift of public funds and that he would be subject to legal action. If he could be assured by the City Attorney that he was not, in any way, violating his oath of office, he would consider the matter further.

Supervisor MacPhee asked Mr. Dion R. Holm, City Attorney, if, in his opinion, he considered the waiver of the \$45,537 debt due the city as a gift of public funds, to which Mr. Holm replied that he did not.

Communication from the Mayor.

The Clerk at this time read a communication from his Honor the Mayor in which he expressed approval of the offer made by the Public Utilities Commission for purchase of the operative properties of the California Street Cable Railroad Company.

City Attorney Dion R. Holm informed the Board that without the approval of the Chief Administrative Officer with respect to the waiver of the \$45,537 claim against the cable line, it was useless for the Board to give further consideration to the offer of the Public Utilities Commission.

Motion to Defer Consideration.

Supervisor MacPhee accordingly moved, seconded by Supervisor Fazackerley, that consideration of the subject offer be continued for a period of one week.

Supervisor Mead: Would it be absolutely necessary to postpone this matter for an entire week? There are some people who would be delighted to postpone the purchase of the railroad until after the election.

Mr. Brooks: My only concern is the legality of the Chief Administrative Officer in waiving the \$45,537 claim. If Mr. Holm will let me know in writing that the waiving of the claim is not a violation of my oath of office and an expenditure of public funds, I shall be glad to consider the matter further.

Supervisor Mead: Can you prepare the opinion not later than the latter part of this afternoon?

Here Mr. Holm stated that he would be glad to immediately work on the matter and endeavor to comply with Supervisor Mead's request.

Withdrawal of Motion.

Accordingly, there being no objection, Supervisor MacPhee withdrew his motion.

Consideration continued until opinion is received from the City Attorney.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that the rules be suspended for the purpose of considering the following motion from Finance Committee, without recommendation, out of order.

No objection and motion carried.

Motion Adopted.

It is moved that the Clerk of the Board be authorized and directed to institute proceedings for preparation and submission of an ordinance to provide for a supplemental appropriation of \$500 for the purpose of conducting, for the Parking Authority, a traffic and parking demand study to determine location, capacity, construction, and operating costs of a public parking facility or facilities to serve the North Beach business area.

File No. 8164

Privilege of the Floor.

The privilege of the floor was accorded Albert H. Jacobs, president of the Parking Authority, who explained the necessity for the appropriation.

Supervisor Mancuso stated that the Judiciary Committee looked with disfavor upon any effort on the part of the Parking Authority to solicit funds for any project.

Supervisor Gallagher: Is this all the money you intend to spend in the North Beach area?

Mr. Jacobs: That is all we intend to ask for.

Accordingly, Supervisor Mancuso moved, seconded by Supervisor Mead, that the foregoing motion be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Fazackerley—1.

Absent: Supervisor Lewis—1.

Legislation Considered Out of Order.**Suspension of Rules.**

Supervisor Gallagher moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of considering the following motion out of order.

No objection and motion *carried*.

Motion Adopted.

File No. 8191

For the purpose of clarifying the policy and action of the Board of Supervisors with respect to arguments in connection with measures submitted on the ballot for November 6, 1951, and notwithstanding any further action by this Board on that subject, I moved that it be the policy and action of this Board that the measures hereinafter designated be included within the purview of that language contained in Charter Section 183, which reads:

"The board of supervisors may also in its discretion, by motion, grant to any proponents of propositions submitted by the board a similar right which may be exercised, subject to the approval of such arguments by motion of the board and upon the making of such deposit":

Proposition A. Section 71.1—relating to cost of living adjustment in compensation for members of the Fire and Police Departments.

Proposition C. Section 149—relating to emergency appointments.

Proposition G. Section 10—relating to salaries of members of the Board of Supervisors.

Proposition H. Section 161, et seq.—relating to continuous service and payment of retirement contributions for employees in the armed forces.

Proposition I. Sections 168.1.5.1, etc.—relating to Police Department retirement and death allowance.

Proposition J. Section 158.2—relating to retirement allowance for the Director of Public Health.

Proposition K. Section 158.3—relating to inclusion in the Retirement System of certain employees and attaches of the Superior and Municipal Courts.

Proposition L. Section 172—relating to compensation insurance payments to members of the Fire and Police Departments.

Proposition O. Ordinance amending Initiative Ordinance adopted May 2, 1935, for the regulation of street railway cars.

Amendment.

Supervisor Mancuso moved, seconded by Supervisor Mead, that Subdivisions "C," "G" and "H" be deleted from the foregoing motion, and that the Registrar be directed to pay for the ballot arguments on such measures.

Motion lost by the following vote:

Ayes: Supervisors Christopher, Mancuso, McMurray, Mead, J. Joseph Sullivan—5.

Noes: Supervisors Arnold, Fazackerley, Gallagher, John J. Sullivan—4.

Absent: Supervisors Lewis, MacPhee—2.

Rescission of Action.

Supervisor Gallagher moved, seconded by Supervisor John J. Sullivan, that the Board rescind its action whereby it had refused to adopt Supervisor Mancuso's amendment to the motion.

No objection and motion carried.

Discussion.

Supervisor Mancuso expressed the opinion that with respect to the three subdivisions which he proposed to delete, namely, Propositions "C," "G" and "H," these sections related to city affairs and were not the result of actions by outside groups, and that the city, accordingly, should pay for the arguments on ballot measures affecting its administration.

Supervisor MacPhee did not share the convictions of Supervisor Mancuso and argued that those individuals or groups who desired to support any particular proposition appearing on the November 6, 1951, election ballot, should pay for arguments in connection therewith.

Mrs. Kathleen C. Dolen, Supervisor of Wage Schedules and Classifications, and representing the Civil Service Commission, stated the Civil Service Commission had no funds with which to pay for the ballot argument and asked for the Board's reconsideration.

Amendment Lost.

The roll was thereupon called and Supervisor Mancuso's amendment lost by the following vote:

Ayes: Supervisors Christopher, Mancuso, McMurray—3.

Noes: Supervisors Arnold, Fazackerley, Gallagher, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—7.

Absent: Supervisor Lewis—1.

The roll was then called on the motion and it was adopted by the following vote:

Referred to Finance Committee.

Resumption of Consideration of Hearing in Connection With the Offer of the Public Utilities Commission for the Purchase of the Operative Properties of the California Street Cable Railroad Company.

General discussion was had between the members of the Board, the Chief Administrative Officer and the City Attorney.

Supervisor Christopher: Can the Board of Supervisors vote on this matter notwithstanding Mr. Brooks' objection?

Mr. Holm: No, you may not because of the provisions of Subdivision (b) of Section 52, Part I of the San Francisco Municipal Code.

Supervisor Mead: In your opinion, how much time do you require to come to a definite conclusion?

Mr. Brooks: I would want to talk to Mr. Holm as well as to my personal attorney.

Here the Chief Administrative Officer commented on the letter just written by the City Attorney and reiterated his position that he was not at all satisfied with the explanation contained therein and that he still feared that his consent to the waiving of the city's claim of \$45,537 would constitute a gift of public funds and that he would be subject to legal action.

Supervisor Christopher asked Mr. James H. Turner, Manager of Utilities, with respect to the amount of delay pending return of service to the California Street cable line once its purchase was consummated by the city. Mr. Turner replied that no great amount of delay would be involved, and that within a very short time, similar service to that rendered by the California Street cable line prior to its shutdown would be reinstituted.

It was decided that the Chief Administrative Officer would immediately contact his personal attorney and attempt to reach a decision in the matter in time for the Board meeting on Wednesday, October 3, at 2:00 p. m.

Supervisor Mancuso moved that consideration of the measure entitled: "A proving plan for the acquisition of the operative properties of the California Street Cable Railroad Company and the terms and conditions of such acquisition as set forth in Resolution No. 11941 adopted by the Public Utilities Commission on September 24, 1951, and designated as File No. 4909," be continued until Wednesday, October 3, 1951, at 2 p. m. Motion seconded by Supervisor Gallagher.

No objection and motion *carried*.

Supervisor Mancuso moved, seconded by Supervisor Gallagher, that the measure entitled: "Authorizing compromise and settlement of certain actions and claims in connection with the plan for acquisition of the operative properties of the California Street Cable Railroad Company, and designated as File No. 4909," be continued until Wednesday, October 3, 1951, at 2:00 p. m.

No objection and motion *carried*.

Reference to Public Utilities Commission.

The following measure from Finance Committee, without recommendation, was taken up:

Present: Supervisors Fazackerley, Mead.

Approving Plan for the Acquisition of the Operative Properties of the California Street Cable Railroad Company and the Terms and Conditions of Such Acquisition as Set Forth in Resolution No. 11941 Adopted by the Public Utilities Commission on September 24, 1951.

File No. 4909, Resolution No. . . . (Series of 1939).

October 1, 1951—Consideration continued until next Board meeting.

Communication from Chief Administrative Officer.

The Clerk read a communication from the Chief Administrative Officer in which he outlined the reasons for his refusal to consent to the waiving of the claim of \$45,537 against the California Street Cable Railroad Company.

Here Supervisor Lewis was asked by President George Christopher to assume the Chair.

Supervisor Christopher asked the Public Utilities Commission if it had, in its dealings with the California Street Cable Railroad Company, attempted to purchase only the operative properties and not the real estate, to which Mr. Turner, Manager of Utilities, replied that the Commission had searched every possibility of purchasing the entire properties as Section 119.4 of the Charter required such action.

Mr. Turner then proceeded to inform the Board that the only financial interest which the Department of Public Works had in this matter was the amount of some \$18,837, which had to do with the cost of the removal and replacement of cable car tracks at Hyde Street crossing of the Broadway Tunnel, and that as far as the difference between \$45,537 and \$18,837 was concerned, it would be an obligation which would be taken over by the Public Utilities Commission.

Supervisor Christopher: Mr. Holm, referring to the statement made by Mr. Turner that the acquiring of only the operative properties and not the real estate, is contrary to the provisions of Section 119.4 of the Charter, suppose an inventory had been submitted and that certain assets had been disposed of, would it not be incumbent upon the Public Utilities Commission to make necessary deletions from the purchase price?

Mr. Holm: Naturally.

At this point Supervisor Christopher suggested that the interested city departments should get together and determine if steps cannot be taken, in some manner, to acquire only the operative properties of the California Street Cable Railroad Company and not the real estate.

Supervisor Lewis, as President Pro Tem.: With respect to the next move, regardless of whether or not Mr. Brooks objects, should the Board make its own recommendation at this time?

Mr. Holm: It has always been the duty of the Board to consider all plans submitted to it and analyze them carefully and make recommendations to the Public Utilities Commission as it sees fit. You can ask the Public Utilities Commission to renegotiate with the Bankruptcy Court through the Receiver if you feel that that is the proper thing to do.

Supervisor Lewis: Is the matter still in order notwithstanding Mr. Brooks' objection?

Mr. Holm: The matter is still in order notwithstanding Mr. Brooks' objection.

Supervisor Gallagher: Does the matter have to go back to the Public Utilities Commission in view of Mr. Brooks' objection?

Mr. Holm: My original statement had to do with the discussion of the entire matter only, but when Mr. Brooks objects, the matter must again be reconsidered by the Public Utilities Commission.

Motion to Re-refer.

Supervisor Mancuso moved, seconded by Supervisor MacPhee, that the matter be re-referred to the Public Utilities Commission with the request that they again, together with Mr. Brooks, attempt to arrive at a satisfactory agreement, which will meet with the approval of the California Street Cable Railroad Company and, if possible, remand the matter to the Board by next Monday.

Mr. Phil Landis, President of the Public Utilities Commission, stated that his Commission had brought forth the very best negotiated offer possible but that he would be glad to confer with the Chief Administrative Officer for the purpose of possible adjustment.

Mr. Searles, attorney for the California Street Cable Railroad Company, stated that in view of the intangibles in the pending transaction, the subject offer is about as close as the parties could come to agreement.

Mrs. Hans Klussmann, representing the Cable Car Committee, expressed the hope that an early agreement could be mutually reached in view of the mandate of the people that the cable cars be purchased by the city.

Amendment.

Supervisor Christopher moved, as an amendment, that the Public Utilities Commission also study the negotiation of a proposition whereby the City would acquire only the operative properties and not the real estate. Courtesy second offered by Supervisor Mead.

The roll was called and the motion to amend lost by the following vote:

Aye: Supervisor Christopher—1.

Noes: Supervisors Arnold, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisor Fazackerley—1.

Supervisor Mead: If the Board disregards the objections of Mr. Brooks, what would be the position of the Board?

Mr. Holm: The answer would be that you would be committing an illegal act and contrary to Section 52, subdivision (b) of Part I of the San Francisco Municipal Code and subject to charges of malfeasance in office.

Motion to Adopt.

The roll was thereupon called on Supervisor Mancuso's motion and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Lewis, Mead—2.

California St. Cable Railroad Company Purchase Progress Report.

The Board was informed by the Clerk that the City Attorney was not in a position to render any progress report on negotiations currently being conducted in his office looking to resolving difficulties in connection with the purchase of the operative properties of the California Street Cable Railroad Company.

Motion to Recess.

Supervisor MacPhee moved that the Board recess, to convene again at the call of the Chair.

Supervisor Mead declared that it was imperative that time be no longer wasted in connection with this matter and that it be expedited as much as possible in accordance with the mandate of the people.

Motion *lost* for want of a second.

Queries by Supervisor J. Joseph Sullivan.

Supervisor J. Joseph Sullivan (directing himself to Deputy City Attorney Walker Peddicord): Are you familiar with the operating franchise of the cable line?

Mr. Peddicord: Mr. Holm is handling the matter and I am not authorized to speak on it.

Supervisor J. Joseph Sullivan: What is the liability of the city with respect to the payment of the \$18,837?

Mr. Peddicord: I am not in a position to discuss the matter on direct understanding with Mr. Holm.

Supervisor J. Joseph Sullivan: In 1931, the California Street Cable Railroad Company executed a Declaration of Surrender of its operating permit. In reading the Declaration of Surrender I note the following (here Supervisor Sullivan quoted a passage from the Declaration reading in part as follows: "... Together with all single and double track over the entire routes above mentioned. ...") Thereafter the cable line was granted a permit to operate the railway but the tracks were not given back. Therefore the tracks and the cables do belong to the city. What is your opinion? As I read Section 131 of the Charter, there is this language: "... Every permit given and granted as in this section provided, shall be for the period of twenty-five years, as hereinbefore stated, and shall be subject always to the right of the city and county at any time to acquire and possess the operative railway property of the holder of said permit upon paying the fair value therefor, hereinafter referred to as compensation." "... The compensation herein referred to shall not include any claim for going concern value or any other like intangible by any declarant." Mr. Peddicord, does the cable line now have an operating permit in view of the fact they have not been operating for a period of time? Has any action been filed by the cable line on its \$400,000 claim?

Privilege of the Floor.

The privilege of the floor was accorded to Mr. George J. Cuneo, operator of a retail concern doing business on California Street. Mr. Cuneo proceeded to excoriate officials of the City Hall for their ineptness in concluding negotiations for the purchase of the cable line.

Supervisor Gallagher, MacPhee and Mead informed Mr. Cuneo that at no time was the delay in negotiations due to dilatory tactics on the part of the Board of Supervisors.

At this point Supervisors Mancuso and Arnold returned from their conference in the City Attorney's office. Supervisor Mancuso informed the Board that as a result of the hearing, Mr. Holm would render a written opinion to the Chief Administrative Officer in connection with the legality of waiving a claim which the Chief Administrative Officer feared would be an illegal gift of public funds, and that a week's time would be necessary to complete the opinion.

Mr. Brooks assured the Board that just as soon as he received the written opinion from the City Attorney, he would be prepared to make a decision based upon it.

Supervisor J. Joseph Sullivan asked Mr. Brooks if, in view of the Declaration of Surrender of the Operating Permit by the California Street Cable Railroad Company in 1931, which reads in part as follows: "... together with all single and double tracks over the entire routes mentioned above ...", and further, in view of the language in Section 131 of the Charter, whether in his opinion the city still owns said tracks?

MONDAY, OCTOBER 8, 1951

Mr. Brooks replied to the effect that the Supervisor's query was a legal one and that he was not in a position to give a responsive answer at the present time.

October 8, 1951—Consideration continued to October 15, 1951.

Motion for Adoption.

Supervisor Mancuso, seconded by Supervisor Arnold, moved adoption of the legislation.

Explanations of Votes.

Supervisor Fazackerley, in explaining his vote, said that he was going to vote against the legislation because he did not believe that it was the best purchase price for the property. He stated that he believed that taking all matters into consideration the City was paying approximately \$190,000, and that the City could have done better.

Supervisor Mead, in explaining his vote, remarked that he was going to vote for the legislation because the people of San Francisco have said that they wanted to purchase the California Street Cable Railroad Company.

Supervisor Mancuso, in explaining his vote, stated that he was going to vote for the legislation because the people had approved the charter amendment and also because he was of the opinion that the City was making a good deal.

Supervisor J. Joseph Sullivan, in directing a question to Mr. Holm, the City Attorney, asked that assuming the plan is consummated and the City does acquire the property, could the Public Utilities Commission substitute buses without coming back to the Board of Supervisors for approval.

Mr. Holm replied that the present intention is to restore and operate the cable car service. He further stated that substitution of buses for the cable cars would be a breach of faith and he did not believe that the Commission would do such a thing.

Supervisor J. Joseph Sullivan further inquired as to whether or not it was the intention of the Public Utilities Commission to submit, at a future date, a Master Plan for Cable Cars.

Mr. Holm answered that if that were done the Commission would then have to come before the Board.

Motion to Amend.

Supervisor J. Joseph Sullivan, seconded by Supervisor Mead, moved that the legislation be amended by adding the following:

"Further Resolved, That said Railroad Company, and the service on said railway be not abandoned, discontinued, changed or substituted without the approval of this Board of Supervisors in accordance with the provisions of Section 132.1 of the Charter of the City and County of San Francisco."

Point of Information.

Supervisor Mancuso, on a point of information, inquired of Mr. Holm, as to whether or not the Board had the authority to amend the resolution.

Mr. Holm replied that the only matter that was before the Board for consideration was the resolution as submitted by the Public Utilities Commission and approved by the Mayor, and that he was of the belief that the proposed amendment would have to be submitted by another action of the Public Utilities Commission.

Supervisor Christopher questioned Mr. Holm as to how the Chair could refuse to entertain such a motion.

Mr. Holm answered that the Board could act on the motion but then it would have to be sent to the Public Utilities Commission and the Mayor for approval.

Supervisor J. Joseph Sullivan asked Mr. Landis, President of the Public Utilities Commission, if the Commission would have any objection to the proposed amendment.

Mr. Landis stated that the Commission would have to oppose any amendment. He further remarked that the Commission had made the statement that it would operate the cable cars at least to the extent recommended by Colonel Mills.

Supervisor Arnold explained that he was opposed to the amendment because the only possible effect it could have would be to prevent the acquisition of the property by the City.

Supervisor Mancuso asked Mr. Holm if he were not of the opinion that the proposed amendment was an attempt to change the Charter by a resolution.

Mr. Holm replied that pursuant to the provisions of Section 122 of the Charter, placing the operation of the Railway under the exclusive jurisdiction of the Public Utilities Commission, such an amendment might be an infringement on the rights of the Commission.

Supervisor Mancuso remarked that if the amendment were approved it would jeopardize the purchase of the property.

Supervisor MacPhee requested a definite statement as to whether or not such an amendment would place the purchase of the property in jeopardy.

Mr. Holm answered that he could not tell for a certainty as to what the people would do but that he was of the belief that such an amendment would estop the purchase of the properties.

Supervisor J. Joseph Sullivan explained that Section 132.1 of the Charter provides that no lines shall be abandoned or service discontinued except on writing of the Public Utilities Commission to the Board and approved by the Board by nine votes.

He further explained that the City Attorney had ruled that removal of tracks was just a substitution of service and not abandonment and therefore did not have to come to the Board for approval.

He also remarked that the proposed amendment merely required the Commission to come to the Board for approval if it should desire to substitute bus service for cable car service.

Motion defeated by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Arnold, Gallagher, Mancuso, Mead, John J. Sullivan—5.

Absent: Supervisors Lewis, McMurray—2.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, OCTOBER 29, 1951—2:00 P. M.

In the Board of Supervisors, San Francisco, Monday, October 29, 1951, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors Arnold, Christopher—2.

Quorum present.

Supervisor Arnold noted present at 2:30 p. m.

Appointment of President Pro Tem.

Supervisor Christopher left word that he would be late for the Board meeting; accordingly Supervisor MacPhee moved, seconded by Supervisor Mead, that Supervisor Fazackerley assume the chair pending arrival of President Christopher.

No objection and motion *carried*.

Communications.

From the Columbus Day Celebration Committee for the San Francisco Columbus Day Annual Parade, October 14, 1951, expressing appreciation for the cooperation extended by the Board of Supervisors.

Filed.

From the National Rifle Association of America, brochure containing information relating to the 1951 National Smallbore Championships held at Sharps Park during period October 3-6, 1951.

Resolution of commendation to be prepared and introduced at meeting of Board on November 5, 1951; filed.

Presentation of 25-Year Membership Pin to Supervisor P. J. McMurray as a Member of Utopia Parlor, Native Sons of the Golden West.

The privilege of the floor was granted to Municipal Judge Edward O'Day.

Judge O'Day: It is customary, after 25 years, for the Parlor to get together and present a member with a 25-year pin. In this case, the Parlor felt that the best place to present Supervisor McMurray with the pin would be in the Board of Supervisors. Other members, as well as the Mayor, are here to pay tribute to Pat.

Judge O'Day explained that it had been proposed that certain officers of Utopia Parlor, as well as the State organization, would be introduced and then permitted to make a brief speech but that the lateness of the hour in starting the meeting precluded effectuation of this procedure; however, he would mention their names: John J.

Logan, Grand Secretary, Native Sons of California; Al Walcott, Grand Treasurer; Joseph McNamara, Grand Trustee; Robert Kerns, President of Utopia Parlor; Herbert Schneider, Recording Secretary; Christopher Cribbin, Treasurer; William J. Kennedy, Past President and presently Trustee; Dan Henry, Past President and presently trustee; William O'Keefe, Past President and presently Trustee.

The following are members: Frank O'Brien; Mrs. Molly Minudri; John Goodwin, City Treasurer; Senator Thomas A. Maloney; Ivan Slavich, Clerk of the Municipal Court; Judge Carl Allen.

Here the floor was relinquished to Mayor Elmer E. Robinson.

Mayor Robinson: It is a great privilege to join here today in ceremonies honoring Pat McMurray's 25-year membership in Utopia Parlor of the Native Sons, and it is only fitting that Pat receive this pin from the first organizer of the Parlor, the former Deputy Chief of Police, James Quigley.

James Quigley, after a brief eulogy, presented the pin to Supervisor McMurray, and pictures were taken of the presentation.

Supervisor McMurray, in response, stated that the presentation of the pin was the greatest thing that ever happened to him and that he was proud to live in the greatest city of the finest country in the world. The Supervisor thanked all his friends for their kindness to him.

At the conclusion of the talk, Judge O'Day thanked the Board for cooperating in making the presentation of the pin possible.

Presentation of Distinguished Guest.

Supervisor Lewis introduced Miss Brunhilde Maier from Nuremberg, Germany, who was visiting the country for the purpose of assembling information on legislative procedure.

Miss Maier took a bow and remained for the duration of the meeting.

Presentation of Citizens' Committee for Charter Amendment, Proposition "G."

The privilege of the floor was extended to Lloyd Graybiel who informed the members of the Board that it was at the direction of the Charter Revision Committee, of which he was Chairman, that action was taken looking to increase in compensation for members of the Board of Supervisors, and that the committee considered it vital that such compensation be increased in order to attract the best possible citizens to serve, and that it was an injustice to expect men to devote a substantial portion of their time to city business and be compensated at the mere rate of \$200 per month.

Mr. Graybiel introduced the following members of the Citizens' Committee. Each of them spoke briefly and each emphasized the importance of exerting every effort to secure the passage of the charter amendment: Senator Thomas A. Maloney, Cyril Magnin, Mrs. John J. Murray.

Supervisor Fazackerley, President Pro Tem., on behalf of the Board, thanked Mr. Graybiel and the members of the Citizens' Committee for the fine work they were performing.

Presentation of Communication Relating to Fluoridation of City's Water Supply.

The Clerk read a communication, addressed to Supervisor Christopher, from the Citizens' Committee Against Fluoridation, in which claim is made that the ballot argument being sent to registered voters contained the item that the American Medical Association had endorsed fluoridation of water, and that such an endorsement was in error.

Referred to the Judiciary Committee.

Rescission of Action.

Supervisor Lewis moved, seconded by Supervisor Mead, that the Board rescind its action whereby it had referred to the Judiciary Committee that communication from the Citizens' Committee Against Fluoridation mentioned hereinabove.

No objection and motion carried.

Motion.

Supervisor Lewis thereupon moved, seconded by Supervisor MacPhee, that the Board of Supervisors of the City and County of San Francisco place an advertisement in the four newspapers, namely the San Francisco Examiner, San Francisco Call-Bulletin, San Francisco Chronicle and San Francisco News, stating that the American Medical Association had not endorsed the placing of fluoride in the drinking water of the City and County of San Francisco, and that such a statement appearing on the ballot argument is in error.

President Pro Tem. Supervisor Fazackerley: I am not informed as to the precise facts with respect to the American Medical Association, although overwhelming evidence of the medical authorities in the United States have supported fluoridation of water. If inadvertently, an error has been made, I am sure endorsements from organizations other than the American Medical Association would be compelling. Therefore, I do not believe that the Board should adopt this motion at this time.

Supervisor Gallagher expressed the opinion that the Board could not act on the subject matter in view of the fact that three members of the Board had approved the declaration of policy.

Supervisor Lewis: I believe the Board should correct any mistake made in any ballot argument regardless of who made it.

Point of Order.

Supervisor Mead rose to a point of order, stating that discussion of the subject was out of order because there was no assurance of funds being available to pay for the advertising.

The Chair ruled the point of order not well taken.

Reading of Communication.

Supervisor Lewis read a communication dated October 17, 1951, addressed to Mrs. Hugo Franzen of the Citizens' Committee Against Fluoridation, from the American Medical Association, stating that the Association's report on fluoridation would appear in a subsequent issue of its magazine.

Supervisor Lewis: Mr. Ross, can you advise this Board of Supervisors whether funds may be made available to pay for advertisements in the San Francisco newspapers to correct the error in the ballot argument?

Mr. Ross, Controller: We have no funds set up for this purpose; however, if the Board has surplus funds it may be transferred for the purpose.

Withdrawal of Motion.

There being no objection, Supervisor Lewis withdrew his motion and again moved that the Board of Supervisors go on record correcting the error in the ballot argument wherein the statement made by the American Medical Association, endorsing the placing of fluoride in water of the City and County of San Francisco, is not correct.

Motion lost for want of a second.

There being no further action on this subject, the communication was ordered filed.

Supervisor Mead inquired if the property owners in question were notified by the Department of Public Works to repair the sidewalk. The Supervisor, however, could not receive a satisfactory response, and accordingly stated that he would vote against the measure.

The Chief Administrative Officer informed the Board, however, that he had attempted to have several street inspector positions created but was unsuccessful.

Supervisor Mancuso asserted that an existing statute provided that the municipality was responsible for injuries sustained whether or not the property owners were notified.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

UNFINISHED BUSINESS.**Consideration Continued.**

The following recommendations of Finance Committee, heretofore considered, were taken up:

Present: Supervisors MacPhee, Fazackerley.

Authorizing Forfeiture of \$1,000 Deposited by W. O. Tyson With Bid for Lease of Certain Water Department Land Known as "Byrnes Store Rock Quarry," Located in San Mateo County.

File No. 3059, Resolution No. . . . (Series of 1939).

(Amount forfeited as liquidated damages because of refusal and failure of Mr. Tyson to execute lease in accordance with terms of the offer.)

November 5, 1951—Consideration continued to November 13, 1951.

Discussion.

Supervisor Mancuso called upon Director of Property Eugene Riordan for an explanation of the subject measure.

Mr. James H. Turner, Manager of Utilities, explained in substance the events which surrounded the proposed lease with Mr. Tyson and that the present Quarry had been leased to Skyline Materials, Inc., on a solicitation basis, and although the lease called for a lesser amount than was bid for by Tyson, the revenue accrual to the city was far greater than could be expected by the execution of the Tyson lease, due to the fact that the Skyline Materials, Inc., lease contained certain clauses placed therein at the instance of the Public Utilities Commission. Mr. Turner stressed the fact that the Public Utilities Commission was constantly striving to perfect a procedure whereby greater revenue could be derived from the lease of its properties and he was happy to report that such a procedure had been adopted.

Requests for City Attorney's Opinion.

Supervisor MacPhee requested that the Clerk obtain a written opinion from the City Attorney covering the following queries:

(a) Does basis for further liability exist to the City and County beyond the \$1,000 forfeiture?

(b) If the City accepts the forfeiture, does such action preclude the City from engaging in any further suit against W. O. Tyson?

No objection and the *Clerk was directed to comply.*

Supervisor Mancuso likewise asked that the City Attorney render a written opinion on the following query:

Is the Board of Supervisors in accepting the \$1,000 forfeiture, tacitly affirming the lease entered into between the Public Utilities Commission and Sky Line Materials, Inc., relating to the "Byrnes Store Rock Quarry?"

No objection and the *Clerk was directed to comply.*

Consideration Continued.

Supervisor MacPhee thereupon moved, seconded by Supervisor Gallagher, that consideration of the foregoing measure be continued for a period of one week, and that in the event the opinions are not forthcoming by that time, that the Clerk be directed to lay the foregoing matter over for another week.

No objection and motion *carried*.

Consideration continued one week.

Consideration Continued.

Authorizing Purchase of Leasehold Interest in One-Story Building Situated on the Northerly Line of Thirteenth Street by the Payment of \$4,715 to John Mulhern Company, Required for the Widening of Thirteenth Street.

File No. 8268, Resolution No. . . . (Series of 1939).

(In conformity with Master Plan. Designated as Lot 38, Block 3530.)

November 5, 1951—Consideration continued to November 13, 1951.

Discussion.

Director of Property Eugene Riordan stated that the amount of \$4,715 was not actually a purchase of the leasehold interest, but was intended to cover cost of relocating the property of the lessee.

It developed that the lease was on a month to month basis, and it was Supervisor Mancuso's contention that the city was certainly not obligated to pay the subject amount to the John Mulhern Company because, in his opinion, a leasehold interest did not exist.

Request for City Attorney's Opinion.

Supervisor Mancuso requested that the City Attorney furnish a written opinion relating to the following query:

Is the City legally obligated to pay the John Mulhern Company the proposed sum of \$4,715 in the absence of a leasehold interest?

No objection and the *Clerk was directed to procure such an opinion.*

Consideration Continued.

Supervisor Mancuso thereupon moved, seconded by Supervisor MacPhee, that consideration of the foregoing measure be continued for one week.

No objection and motion *carried*.

Consideration continued one week.

Final Passage.

(Included as Sections 328, 328.1, 328.2, 328.3 and 328.4,

Article 4, Part I of the Municipal Code.)

Consideration continued. (See motion below.)

Motion.

It is moved that the Clerk of the Board be and he is hereby authorized to institute proceedings for the preparation and submission of an ordinance for a supplemental appropriation, from such funds as may legally be available, of \$28,850 for the purpose of continuing and completing the survey under the direction of the Municipal Government Survey Advisory Committee of the Board of Supervisors of all departments, offices and agencies of the City (with the exception of the Unified School District), in order to design a controlled record keeping system for same and to supervise the installation of a record center and train the necessary personnel incident to the organization and management of such central depository of records.

Discussion.

File No. 8364

In reply to a query by Supervisor Gallagher, Thomas A. Brooks, Chief Administrative Officer, stated that the ordinance presently before the Board does not set up a permanent organization but is merely an enabling measure. This would permit the Chief Administrative Officer or any other department head to come before the Board of Supervisors and ask permission to store his records in a central location. It would also permit the destruction of old records or their sale as old paper. The Standard Oil Company and the telephone companies have found it economical to store their records away from their main offices where space is required for expansion.

Supervisor Lewis asked questions with respect to the savings purported to have been made as a result of the findings of the Municipal Government Survey Advisory Committee. The privilege of the floor was accordingly extended to N. Loyall McLaren, Chairman of the

Survey Committee, who stated that savings of some \$190,000 had been effected in the departments which had been investigated, and when all the city departments have been checked and recommendations made, a sum in excess of \$1,000,000 is expected to be saved in paper work. Mr. McLaren stated that the survey was being conducted with the assistance of the National Records Management Council.

Motion to Amend.

Supervisor Arnold moved, seconded by Supervisor Lewis, that the sum of \$28,850 contained in the foregoing motion, designed for continuing and completing the survey now being conducted by the Municipal Government Survey Advisory Committee be reduced to \$3,500 and this amount be used to establish a central filing bureau.

Supervisor Arnold stated that it was his desire to see how far this amount would go in effecting economies in government, and if results prove to be satisfactory, then additional funds can be appropriated.

Queries Answered.

To a query by Supervisor Arnold, Mr. McLaren stated that as a result of a previous appropriation of some \$18,000, the city has profited by a saving of some \$190,000.

To a query by Supervisor Gallagher, Mr. McLaren stated that the \$18,000 heretofore appropriated by the Board had been paid to the National Records Management Council for services rendered.

To a query by Supervisor MacPhee, Mr. McLaren stated that there would be no decrease in personnel as a result of the adoption of the Records Management Program.

Motion to Defer Consideration.

Supervisor Lewis moved that consideration of the subject ordinance as well as the accompanying motion be continued for a period of two weeks so that he would be afforded the opportunity of studying the report rendered by the Municipal Government Survey Advisory Committee relating to the suggested Records Management Program. Motion seconded by Supervisor Arnold.

Supervisor MacPhee inquired of Mr. McLaren if the suggested program had been approved by the members of the Survey Advisory Committee, to which Mr. McLaren replied that all the members were enthusiastic about the program.

At this point, Supervisor MacPhee, in an effort to expedite action on the subject measures, suggested that the report of the Survey Committee be read. Supervisor Lewis offered no objection but Supervisor Mancuso opposed the suggestion.

The roll was thereupon called on Supervisor Lewis' motion to defer consideration of the subject ordinance for a period of two weeks and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor Fazackerley—1.

The roll was then called on deferring consideration of the accompanying motion for a period of two weeks and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor Fazackerley—1.

Authorizing Compromise and Settlement of Claim of Betty Auerbach Against the City and County by the Payment of \$3,000.

File No. 8262, Ordinance No. . . . (Series of 1939).

(Injuries suffered as result of defective condition of sidewalk on California Street between Cherry and Maple Streets.)

Discussion.

Supervisor Mead objected to the payment of the proposed \$3,000, contending that the payment of such a sum did not constitute, in his opinion, a compromise.

Supervisor MacPhee explained that a study of the file revealed that it was considered economically sound to pay the claim of \$3,000, because to refuse to do so would probably result in the issuance of a court judgment many times that amount in favor of the plaintiff.

At this point, Supervisor MacPhee called upon the several attorneys on the Board to air their reactions to the proposed compromise. Supervisor Lewis informed the Board that if he were handling the case, he would not settle for less than \$17,500.

Supervisor Mancuso supported the stand taken by Supervisor Lewis and asserted that the compromise of \$3,000 was certainly a sound one.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

SPECIAL ORDER—3:00 P. M.

Refused Adoption.

Hearing Concerning Proposal to Delay Present Plans for Widening of Waldo Grade Pending Completion of Further Studies of Alternate Plans.

File No. 8361

Pursuant to motion by Supervisor Lewis in meeting of Board on Monday, November 19, 1951, the following measures have been made a Special Order of Business for Monday, December 3:

(a) Communication from the San Francisco-Marin Freeway Association, urging that the Board go on record recommending to the Golden Gate Bridge and Highway District that no action be taken to widen the Waldo Grade until such time as studies have been made of alternate plans which would provide the most practical solution to the traffic problem.

(b) Resolution introduced jointly by Supervisor Mead and Supervisor Lewis in meeting of Board on Monday, November 19, 1951, recommending action proposed in Subdivision (a) above.

Privilege of the Floor.

The privilege of the floor was extended to the proponents of the proposed measure recommending to the Golden Gate Bridge and Highway District that it defer action in connection with the widening of Waldo Grade until alternate routes had been studied:

Warren V. Glass, President, San Francisco-Marin Freeway Association. Mr. Glass informed the Board that the personnel of his organization was composed of citizens and taxpayers from the Bay Area, particularly from Oakland, Berkeley, the Peninsula and Marin County. It has a membership of between 30 and 40 and no attempt has been made to embark upon a membership drive. The Association's objections to the widening of the Waldo Grade were based on its belief that an alternate route would not only obviate the sharp curves, dense fog and other hazards that are part and parcel of the Waldo Grade but its construction cost would be less than is proposed to be expended for the widening of the grade.

Supervisor Lewis: Have any clubs in Marin County gone along with your stand for an alternate approach?

Mr. Glass: I do not know of any service club.

Supervisor Arnold: As a result of long years of study, is it not the stand of the Bridge District that the proposed widening is the best solution?

Mr. Glass: We were told they were doing this reluctantly because of insufficiency of funds. What we have proposed would probably cost less than the widening of the Waldo Grade.

Mr. Glass concluded his remarks by stating that the majority of the members of his organization reside in the Sausalito area.

Opponents.

The privilege of the floor was extended to the following opponents of the proposed measure:

Sylvester J. McAtee, City Councilman, City of Sausalito. Mr. McAtee asserted that while his community did not expect the Board to give it top priority consideration, it did expect the Board to provide safe and adequate approaches to the bridge. To acquiesce in the request of Mr. Glass, which calls for the construction of a low level approach through the City of Sausalito would not only destroy its scenic beauty but would undoubtedly cost in the neigh-

borhood of twenty millions of dollars. It was estimated in 1946 that the construction of a low-level approach would cost about nine and one-half millions of dollars and that to construct such a freeway at the present time would about double the former estimate. Further, any funds above the five million dollars now available to the Bridge District would have to be obtained from state allocation to the northern counties.

Mr. McAtee filed a written report with the Clerk, dated November 30, 1951, outlining the views of his City Council.

Mr. Joseph J. Diviny, Director of the Golden Gate Bridge and Highway District, and representing said District, spoke in support of his organization's intention to widen the Waldo Grade.

Mr. James Adam, Publicity Director for the Golden Gate Bridge and Highway District, answered questions asked by Supervisor Arnold, with respect to plans which had, during the past several years, been considered by the Bridge District, dealing with alternate approaches.

To a question raised by Supervisor Arnold dealing with the study of so-called hazard conditions existing on the Waldo Grade, such as strong winds, sharp curves and fog, Mr. Adams stated that these conditions were investigated and studied by competent engineers who, in turn, made their recommendations to the Bridge District. The District voted 11 to 3 in favor of the proposal to widen the Waldo Grade.

Mr. Carl W. Spring of Sausalito spoke briefly.

Mr. Loren L. Jay, President, Sausalito Citizens' Council, filed a letter in support of his Council's stand for the widening of the Waldo Grade.

Proponent.

Mr. John Harla of the Sausalito News spoke in favor of the construction of a low-level road through Sausalito.

Mr. Glass was given the privilege of the floor for the purpose of rebuttal.

The President then ruled that the pending matter was in the hands of the Board.

Motion to Adopt.

Supervisor Lewis urged that the Board go slowly with respect to their policy affecting the widening of the Waldo Grade, contending that the Senate Interim Committee was to be subjected to many questions which were to be propounded to it by the San Francisco-Marine Freeway Association at a meeting to be held in Mill Valley on Tuesday, December 4, and that in the interest of all concerned, the Board should ask the Golden Gate Bridge and Highway District not to proceed with the proposed widening of the Waldo Grade until further studies of alternate routes had been completed.

Thereupon Supervisor Lewis moved the adoption of the pending measure. Supervisor Mead stated he was giving Supervisor Lewis' motion a courtesy second so as to permit its consideration by the Board.

Substitute Motion.

Supervisor Lewis moved, as a substitute, that consideration of the pending measure be continued for a period of two weeks. Supervisor Mead extended a courtesy second.

Explanation of Vote.

Supervisor Fazackerley expressed his opinion that after due study there appeared to be no solution to the traffic problem other than the widening of the Waldo Approach.

The roll was thereupon called on Supervisor Lewis' substitute motion and it *lost* by the following vote:

Ayes: Supervisors Lewis, Mead—2.

Noes: Supervisors Arnold, Christopher, Fazackerley, McMurray, John J. Sullivan—5.

Absent: Supervisors Gallagher, MacPhee, Mancuso, J. Joseph Sullivan—4.

Motion to Adopt—Lost.

Mana, who explained that it was the intention of the appellants to have a coffee shop on the ground floor with two apartments over the shop; further, the adjacent area is zoned light industrial and that his client is willing to stipulate not to build on the 22 feet from the property line abutting Geneva Avenue so that the city may, in time, purchase the same for the purpose of widening the avenue.

Mr. Mana was accorded the privilege of rebuttal.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 3975 Disapproving Application to Rezone Property Located on the Northwest Corner of Innes Avenue and Mendell Street from First Residential District to Second Residential District.

Privilege of the Floor.

The privilege of the floor was accorded the following:

Proponents:

Joseph A. Brown, attorney-at-law, representing the appellant, stated that his client was desirous of having her residence rezoned to second residential district for the purpose of providing additional housing facilities on the second floor.

The Rev. R. Johnson, the appellant, Giulia Franchi, and her daughter also spoke in favor of the appeal.

It was brought out that some of the residences in the area possess basement apartment accommodations. Supervisor Mancuso inquired into this and Mr. Oppermann, Director of Planning, stated that there was a possibility that violations of this type existed.

Opponents:

Attorney J. Edward Johnson, representing the Bay View Civic Club, presented a petition of home owners protesting the rezoning.

Mrs. Naomi Zanetti, Charles Scheffin and Joseph Zanetti also appeared in protest.

Supervisor Mancuso asked Mr. Oppermann if services being utilized on the premises were installed illegally, to which Mr. Oppermann stated that Mrs. Franchi signed a covenant with the City Planning Commission to the effect that the residence would continue to maintain a single-family status.

Mr. Brown was accorded the privilege of rebuttal.

Explanation of Vote.

Supervisor Mead stated that he saw no harm in permitting the rezoning requested as there happens to be a dearth of housing accommodations in the city and county.

Supervisor Lewis moved, seconded by Supervisor Mead, that the foregoing measure be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisors Gallagher, MacPhee—2.

Appointment of Supervisor Fazackerley as President Pro Tem.

Supervisor Christopher, President of the Board, upon leaving the Chambers at 4 p. m., appointed Supervisor Fazackerley as President Pro Tem.

Statement by Supervisor Mancuso Relating to Stand of National Association of County Officials Concerning In Lieu Tax Program.

Supervisor Mancuso spoke briefly of the meeting held by the National Association of County Officials in Chicago during the period December 6-8, and of the bill now in Congress providing for payments by the Federal Government in lieu of taxes accruing on property under state and local jurisdiction, and stated he was hopeful that Congress would favorably consider such legislation. The Supervisor also stressed the fact that the State of California as well as the County Supervisors' Association had spent considerable money in an effort to have such in lieu tax program favorably received by Congress and that San Francisco's Public Relations Counsel in Washington, Francis V. Keesling, had likewise performed yeoman service.

Discussion Concerning Stand of City and County of San Francisco Relating to Refinancing of San Francisco-Oakland Bay Bridge.

Supervisor Mancuso expressed the opinion that both the Chief Administrative Officer and the Mayor should be permitted to state their position with respect to the refinancing of the Bay Bridge at the meeting of the Board of Directors of the County Supervisors' Association at Sacramento on December 14, and that the Board, at a later date, should likewise make its position known.

Motion to Fix Special Order of Business.

Supervisor Lewis moved that the Board meet on Wednesday, December 12, 1951, at the hour of 2:00 p. m., for the purpose of considering and determining upon a policy with respect to the refinancing of the Bay Bridge. Courtesy second extended by Supervisor Mead.

Supervisor Lewis proceeded to explain the reason for his request. Discussion was then entered into and questions were asked of the Chief Administrative Officer concerning the present status of the matter as well as actions which had been taken by the California Toll Bridge Authority to date.

Supervisor Arnold concluded the discussion by asserting that a Board meeting this week would accomplish absolutely nothing. There were too many ramifications which must first be ironed out, and suggested that those members of the Board who intended to be at the meeting of the Board of Directors of the County Supervisors' Association on Friday, December 14, at Sacramento, support the stand of the Chief Administrative Officer with respect to the bridge refinancing program.

The roll was thereupon called and the motion to fix the Special Order of Business lost by the following vote:

Ayes: Supervisors Lewis, Mead—2.

Noes: Supervisors Arnold, Fazackerley, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—6.

Absent: Supervisors Christopher, Gallagher, MacPhee—3.

Requests of Supervisor Mead Concerning One-Way Street Legislation on Portion of Pacific Street, and Removal of Car Tracks on Eastern Side of the Broadway Tunnel.

Supervisor Mead requested that the Clerk procure information for him as follows:

1. Ascertain if Pacific Street between Van Ness Avenue and Columbus Avenue has been made a one-way street, and if so, why hasn't such legislation been put into effect?

2. Ascertain from the Public Utilities Commission or from the proper department if it proposes to remove the car tracks located on the eastern end of the Broadway Tunnel prior to the completion of said tunnel.

The Clerk was directed to comply.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:05 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors January 7, 1952.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Present: Supervisors MacPhee, Fazackerley, Mead.

An Ordinance Establishing a Records Management Program; Defining Its Objectives, Scope and Administration; Authorizing Donation of Books and Documents to the Public Library and the California Historical Society; Repealing Ordinance No. 9141 (New Series); and Providing for Inclusion in the San Francisco Municipal Code.

File No. 8334, Ordinance No. 7070 (Series of 1939).

(Included as Sections 328, 328.1, 328.2, 328.3, and 328.4, Article 4, Part I of the Municipal Code.)

There being no objection, consideration of the foregoing measure was temporarily postponed so that prior consideration could be given the following motion.

(See subsequent action and final passage of the measure.)

Motion Adopted.

Authorizing Preparation of Measure Appropriating Funds to Complete Survey by Municipal Government Survey Advisory Committee.

It is moved that the Clerk of the Board be and he is hereby authorized to institute proceedings for the preparation and submission of an ordinance for a supplemental appropriation, from such funds as may legally be available, of \$28,850 for the purpose of continuing and completing the survey under the direction of the Municipal Government Survey Advisory Committee of the Board of Supervisors of all departments, offices and agencies of the City (with the exception of the Unified School District), in order to design a controlled record keeping system for same and to supervise the installation of a record center and train the necessary personnel incident to the organization and management of such central depository of records.

File No. 8364

(The following pending motion was made by Supervisor Arnold in meeting of Board on November 19: "That the foregoing motion be amended by reducing the amount of \$28,850 to \$3,500, for the purpose of establishing a Central Filing Bureau.")

Motion seconded by Supervisor Lewis.)

December 3, 1951—Consideration continued to December 17, 1951.

Discussion.

The privilege of the floor was extended to N. Loyall McLaren, Chairman of the Municipal Government Survey Advisory Committee, who urged rejection of the pending amendment, which proposes reducing the requested appropriation from \$28,850 to \$3,500, contending that such a reduced amount would not solve the existing problem.

Supervisor Mancuso asked Mr. McLaren just what economies would be effected and the savings in dollars and cents. Mr. McLaren called the Supervisor's attention to a report by his committee dated November 21st which was self-explanatory.

Supervisor Lewis asked Controller Ross if his office was in favor of the records management program, to which Mr. Ross replied that he was in favor of making a revision in the method of keeping the City's records, but that he had not gone into the question of evaluating the cost.

Supervisor Lewis asked the Controller if he was satisfied with the work performed by the Survey Committee to date, to which Mr. Ross replied that he was satisfied with the survey made of his department.

The Chief Administrative Officer stated that he was satisfied with the work done so far and that improvements have been noted in his departments. The telephone company and the Standard Oil Company have installed a records management program which to date has proved highly effective and desirable.

Supervisor Arnold reiterated his belief that the Board should first approve an appropriation of \$3,500 for the creation of a Central Filing Bureau, and then await the results of studies, for which funds had heretofore been appropriated.

Mr. McLaren stated that the proposed expenditure of \$3,500 would simply be a waste of money and would not begin to accomplish the purposes desired.

Pending Amendment Withdrawn.

There being no objection, Supervisor Arnold withdrew his pending amendment which proposed to reduce the requested appropriation from \$28,850 to \$3,500 for the purpose of establishing a Central Filing Bureau.

Supervisor Lewis stated that he had read in full the report rendered by the Municipal Government Survey Advisory Committee and that he was now ready to vote on the entire matter.

Supervisor Fazackerley lauded the program and the efforts of Mr. McLaren and his committee.

Mr. McLaren stated that he did not intend to request money in the 1952-53 budget to survey either the Department of Public Works or the Purchasing Department.

The roll was thereupon called upon the pending motion and it was adopted by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

No: Supervisor Arnold—1.

Final Passage.

Records Management Program Measure Considered.

The Board now took up File No. 8334 calling for the establishment of a Records Management Program, consideration of which had heretofore been temporarily postponed.

Discussion.

The privilege of the floor was extended to N. Loyall McLaren, Chairman of the Municipal Government Survey Advisory Committee, so that he could answer questions.

In reply to a query by Supervisor Mancuso, Mr. McLaren informed the Board that the records management program would require the services of three full-time employees and that such services could be obtained from city departments, under the jurisdiction of the Chief Administrative Officer.

The Chief Administrative Officer stated that it was proposed to transfer such positions from other departments and that there was no intention of creating any new positions.

Supervisor Mead asserted he was in a quandary because he did not know what the cost of the records management program would amount to.

Mr. Harry Ross, Controller, expressed the opinion that the program would, in the long run, result in material savings but he could not, at this time, attempt to arrive at a specific figure.

Motion to Defer Consideration—Lost.

Supervisor Gallagher moved, seconded by Supervisor Arnold, that consideration of the foregoing matter be continued until the second week in January so that the new members of the Board would have an opportunity of voting on it.

Supervisor Gallagher: I will not vote for this request until I know what the entire cost of the setup will be.

Supervisor MacPhee: Do you believe this type of request should be approved?

Mr. Brooks, Chief Administrative Officer: I am convinced that eventually the City will need a central location for the storage of its records. Presently the City Hall is so congested that there is no room to bring in another carton. A great deal of the space in the City Hall is used to house obsolete files which can be located elsewhere. If the City has a central filing location, the material could be systematically transferred to the central records location. The telephone company's system is to mail the record to the asking party who returns the same by mail. The plan would not require additional employments. I believe the clerks can be taken out of the present force and trained to handle the new installation. Of course there would be some expense in arranging for the central filing location.

Supervisor Mancuso: Since this request is only enabling legislation and it would take approximately 40 days for it to become effective, I consider it advisable to adopt the legislation and when the question is before the Board of financing the records management program, the Board could consider the matter then.

Motion for Previous Question.

Supervisor Lewis moved the previous question. The President ruled that the motion *lost* due to lack of the required two seconds.

Supervisor Gallagher expressed the opinion that since the records management program is a continuing one, the two new members of the Board slated to take office on January 8, 1952, should be afforded the opportunity of voting on the measure.

Explanation of Vote.

Supervisor Mead stated that although for years he had favorably considered requests made by either Mr. Brooks, the Chief Administrative Officer, or Mr. Ross, the Controller, yet in this particular case he was voting against the motion and against the proposed measure because he did not have all the facts as to cost.

The roll was thereupon called on the motion to postpone for a period of three weeks and it *lost* by the following vote:

Ayes: Supervisors Arnold, Gallagher, John J. Sullivan—3.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan—8.

Supervisor Lewis informed the Board that to vote for the pending measure did not mean that a new department would be created. This question would have to come before the Board during budget deliberations.

The roll was thereupon called on the pending measure and it was *finally passed* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Lewis, MacPhee, Mancuso, J. Joseph Sullivan—6.

Noes: Supervisors Arnold, Gallagher, McMurray, Mead, John J. Sullivan—5.

Lessor may terminate lease at any time. Communication Read.

The Clerk read a communication from the Great Highway Club urging postponement of consideration of the subject measure so that it may have an opportunity of looking into the matter.

Motion to Defer Consideration.

Supervisor Gallagher moved that consideration of the foregoing measure be continued for a period of two weeks. Motion seconded by Supervisor John J. Sullivan.

Substitute Motion.

Supervisor MacPhee moved, as a substitute, that consideration of the foregoing measure be continued for a period of three weeks. Motion seconded by Supervisor Gallagher.

Request of Supervisor Gallagher.

Supervisor Gallagher requested that the City Attorney be asked to furnish him with the following information:

1. What is the right of the lessee to sublease?
2. Is it legally possible to enter into a 20-year lease with private interests in connection with Park Department property?
3. If the answer to Question No. 2 is in the affirmative, can such a lease be entered into in connection with other concessions under the jurisdiction of the Recreation and Park Department?

The Clerk was directed to comply.

There being no objection, the substitute motion *carried*.

December 10, 1951—Consideration continued to December 17, 1951.

Discussion.

Supervisor MacPhee explained his stand in support of the measure.

Privilege of the Floor.

The privilege of the floor was accorded to Harold Jones, Purchaser of Supplies, who answered questions asked by the Supervisors.

Question of Parliamentary Procedure.

Supervisor Mead stated he had a dozen questions which he desired to have answered in order to be in a position to vote intelligently, and proceeded to ask them of Mr. Jones. In the middle of one of the early questions, Supervisor Lewis rose to a question of parliamentary procedure, asserting that each Supervisor should make his statement and then proceed to a vote.

The Chair did not agree with Supervisor Lewis and ruled his position not well taken.

At the conclusion of the questioning by Supervisor Mead, Supervisor Mancuso asked Mr. Jones if he did not consider it advisable to eliminate the Board of Supervisors from the pending measure, to which Mr. Jones replied that such an act was strictly up to the Supervisors themselves.

Supervisor MacPhee stated that aside from the fact that the measure was an economy move, its enactment would eliminate criticism which had been leveled at the Board in the past.

Supervisor Lewis criticized the proposed measure, and explained that the enactment of such a measure would cause reactions which would not be complimentary to the city and county and cited as an example where a Supervisor may be called upon to meet a visiting dignitary and the only car available in the pool would be a Chevrolet or one of other less expensive makes, with no chauffeur to drive it, in which case such a situation would hardly elicit praise insofar as that particular visitor was concerned.

Supervisor Lewis continued by saying that he was in favor of having city cars in the pool only insofar as it involved actual city employees working for the various city departments.

Supervisor Mead stated he was fearful of the results of the enactment of the subject measure in that it may not only cause confusion but would result in additional expense to the city.

The roll was thereupon called and the foregoing measure was *refused adoption* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Noes: Supervisors Arnold, Gallagher, Lewis, McMurray, Mead, John J. Sullivan—6.

Presentation of Award for Wisdom in Government to Supervisor Don Fazackerley.

Privilege of the Floor.

There being no objection, the privilege of the floor was accorded Virgil Elliott, City Hall representative of the San Francisco Call-Bulletin.

Mr. Elliott: This is the fourth annual "Oscar" award to city officials. This year's selection was made by the second floor pressmen. The

"Oscar" is a bronze statue of an owl, sculptured by Beniamino Bufano. The awarding began in 1948, with Chief Administrative Officer Thomas A. Brooks getting the award in 1948, Assessor Russell L. Wolden in 1949 and Phil F. Landis, President of the Public Utilities Commission, in 1950. This year the award goes to a city official who has saved the city some one hundred and twenty-five thousand dollars in city funds which the state has agreed to expend in connection with purchase of property for development of the ocean beach area; this official likewise supported the fluoride program, and proposed the consolidation of the Recreation and Park Departments. Two years ago he was awarded the annual Junior Chamber of Commerce Distinguished Service Award. He is Supervisor Don Fazackerley. It is noteworthy that this is the first time that a member of the Board of Supervisors has received this award.

Supervisor Fazackerley thanked the members of the press for their selection and stated that he was accepting the "oscar" with a sense of humble gratitude.

The President asked Supervisor MacPhee to make a statement on behalf of the Board. He stated that Supervisor Fazackerley had contributed much to the progress of the city and has performed his duties splendidly. The members of the Board expressed pleasure with the selection of Supervisor Fazackerley as the recipient of the "Oscar," emblematic of meritorious service and wisdom in government.

Consideration of Legislation Out of Order.

The President inquired of the various city officials present if there were measures appearing on the Board calendar which they desired to have considered by the Board out of order. Several of the officials expressed such a desire. Accordingly, upon motions duly made, seconded and *carried*, the following measures were taken up out of order.

Present: Supervisors MacPhee, Fazackerley.

Appropriating \$28,850, Board of Supervisors—Municipal Government Survey Advisory Committee, for Contractual Services.

File No. 8364, Ordinance No. . . . (Series of 1939).

(For purpose of continuing and completing survey under direction of Survey Advisory Committee of all departments, offices and agencies of the city—with the exception of the Unified School District—in order to design a controlled record-keeping system, and to supervise installation of record center and train necessary personnel incident to organization and management of such central depository of records.)

Motion "Do Pass."

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that the foregoing measure be passed for second reading.

Discussion.

Supervisor Arnold, addressing himself to the Controller: Have funds previously appropriated by this Board been paid to this Committee, and if not, why not?

The Controller replied that final payments on the previous contract have not been made because services called for by such contract have not been completed.

Supervisor Arnold: Until the work contemplated by the previous appropriation has been performed, the money will not be paid?

Mr. Ross: The final payment of money will not be made until full service has been rendered.

Supervisor Arnold: It is my belief that the Board should wait before appropriating additional money and that we should wait until final payment is made for all services rendered on the previous contract.

Supervisor Mead concurred in the opinion expressed by Supervisor Arnold.

Motion to Re-refer to Committee.

Supervisor Gallagher moved, seconded by Supervisor John J. Sullivan, that the foregoing measure be re-referred to the Finance Committee until such time as full services have been rendered.

Supervisor MacPhee stated that the Finance Committee, after listening to the progress report made by the Survey Advisory Committee, decided to recommend the subject measure to the Board.

Supervisor Mead suggested that the Board lay its cards on the table and find out why the balance of the \$18,000 heretofore appropriated by the Board has not been paid.

Supervisor MacPhee suggested that the Clerk of the Board be sent for. The Clerk informed the Board that the appropriation of \$18,000, services for which were currently being discussed, and the subject appropriation being requested in the sum of \$28,850, constituted two separate problems, and that the existing contract provided for the rendering of a final report.

Supervisor Arnold: In your judgment and that of the Controller's, all services have not been performed.

Mr. McGrath: No, sir.

Supervisor Arnold: I would suggest that the matter be re-referred to committee and that Mr. McLaren, the Controller and the Clerk of the Board meet for the purpose of clarification and assembling of facts so that the Board may vote intelligently on it at a later date.

Thereupon the roll was called and the motion to re-refer to committee lost by the following vote:

Ayes: Supervisors Arnold, Gallagher, McMurray, Mead, John J. Sullivan—5.

Noes: Supervisors Christopher, Fazackerley, Lewis, MacPhee, J. Joseph Sullivan—5.

Absent: Supervisor Mancuso—1.

Supervisor Gallagher stated that he would vote against the requested appropriation of \$28,850 until such time as he received a final report from the Clerk of the Board.
